

eGiving Page Instructions & Checklist

Faith Direct recommends that your church create a webpage or link on your parish's website that is dedicated to eGiving through *Faith Direct*. Your eGiving webpage is quick and easy to set up.

- The page should be accessible through a main page navigation menu, i.e. a "DONATE" tab. This raises program visibility, provides a means for enrollment through your church website, and can address questions that donors may have about the *Faith Direct* program at their church.
- The page should include each of the components in the boxes below.
- Provide these to your webmaster to set up your webpage **before** your introductory weekend when parishioners will first try to access it.
- If there are any questions, please call our Client Care team at 1-866-507-8757.

Faith Direct Logo

Included in zip file: FDWebMaterials.zip.

General introduction of the *Faith Direct* program.

Suggested Text: Through *Faith Direct* you can make all of your contributions to St. Basil the Great via automatic payment from your checking account or credit card – just as you may do now with your mortgage, household bills, and other monthly payments. This is a great way to simplify your giving – and it's the most cost-effective, environmentally-friendly way for us to receive your gifts.

Links to Enroll in Program (Simply copy and paste the links in red.)

1. Church Landing Page
<https://membership.faithdirect.net/CA902>
i. Can use text URL or one of the provided buttons in zip file– FDWebMaterials.zip.
