After significant research, including meetings with Delta Managed Solutions, Inc. and Young, Minney & Corr, LPP, it was determined that EPIC Charter School will be proposing to act as an independent LEA for purposes of special education. Reason for leaving Geographic SELPA: **Our decision making process began when teachers noticed that our special education program was not in line with our school program as a whole. We attempted to improve the situation by working closely with our contracted provider, but found that without a commitment to Montessori the improvements were superficial. The School Director and School Based Intervention Team Coordinator worked with the school's Business Manager to see if becoming independent for special education services was financially feasible, and it was determined that it was. The idea was presented to the Board of Directors and was enthusiastically supported. Our letter stating our desire for independence was submitted to the Butte County of Education SELPA in June, 2015.**
