**EL DORADO COUNTY BOARD OF EDUCATION
RESOLUTION NO. 2016-08**

SUFFICIENCY OF INSTRUCTIONAL MATERIALS, 2016-2017

WHEREAS, the El Dorado County Board of Education, in order to comply with the requirements of Education Code Section 60117 - 60119 held a public hearing on September 6, 2016 at approximately 3:15 p.m., which did not take place during or immediately following school hours. Pursuant to Education Code Section 60119(1) (a), the El Dorado County Board of Education made a diligent effort to hold the hearing on or before September 26, 2016, which was on or before the eighth week of school; and,

WHEREAS, the El Dorado County Board of Education provided at least 10 days notice of the public hearing posted in at least three public places within the district that stated the time, place, and purpose of the hearing; and,

WHEREAS, the El Dorado County Board of Education encouraged participation by parents, teachers, members of the community, and bargaining unit leaders in the public hearing; and,

WHEREAS, information provided at the public hearing and to the El Dorado County Board of Education at the public meeting detailed the extent to which textbooks and instructional materials were provided to all students, including English learners, in the El Dorado County Office of Education; and,

WHEREAS, the definition of "sufficient textbooks or instructional materials" means that each pupil has a textbook or instructional materials, or both, to use in class and to take home to complete required homework assignments; and,

WHEREAS, sufficient textbooks and instructional materials were provided to each student including English learners, in mathematics, science, history-social science, and English/language arts, including the English language development component of an adopted program, consistent with the content and cycles of the curriculum framework adopted by the state board; and,

WHEREAS, sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes; and,

WHEREAS, sufficient laboratory science equipment was provided for science laboratory classes offered in grades 9-12, inclusive;

NOW, THEREFORE, BE IT RESOLVED, that for the 2016/17 school year, the El Dorado County Board of Education has provided each pupil with sufficient textbooks and instructional materials consistent with the cycles and content of the curriculum frameworks.

I hereby certify the foregoing to be a full, true, and correct copy of a resolution duly adopted by the El Dorado County Board of Education at a regular meeting of said Board held at Placerville, California, on September 6, 2016.

Rich Fischer, President
El Dorado County Board of Education

ATTEST:

Ed Manansala, Ed.D., Executive Officer of the Board
County Superintendent of Schools

Updated List of District Adopted Texts
(Accessed by COE Programs)

The Special Services Department of the El Dorado County Office of Education (EDCOE) provides instructional programs for students with low incidence disabilities on the Western Slope of El Dorado County. While all placement decisions are individual, most students who fall into these disability categories are served exclusively by EDCOE and students with less severe disabilities are served by the districts of residence. Low Incidence Disabilities served through EDCOE include:

Severe Intellectual Disabilities
Severe Physical and other Health Impairments
Communication Disabilities
Visual Impairments
Deaf/Hard of Hearing
Serious Emotional Disturbances
Autism
Severe Multiple Impairments
Traumatic Brain Injuries

The EDCOE recently adopted a comprehensive curricula to be used in our programs for students with moderate to severe disabilities that is aligned to Common Core Standards. The following common core aligned curricula are used in our moderate to severe classrooms:

- Unique Learning System
- AbleNet
- ReThink

The classes for our students are on district campuses throughout the county. When approved textbooks are the appropriate instructional materials, they are either provided by the district which houses our program or we purchase sufficient textbooks. In this way, we are always using the same materials as the general education students on that campus. Textbooks are always provided to students on a 1:1 basis. The following Common Core Texts are students use and access at each of the host districts where EDCOE moderate to severe classes are operated.
