After numerous discussions, the decision to seek an all-charter SELPA was presented to all stakeholders at a public board meeting. The school board in conjunction with school staff decided that having more direct control of our special education program would benefit our students by allowing us to purchase special education materials, hire contractors and manage student services with greater independence, and continuity. Establishing a partnership with El Dorado Charter SELPA will only grow our special education program. Having total control of our SELPA funding allows us the flexibility to provide our students with the best education possible.
