Reason for leaving Geographic SELPA:

The Antioch Charter Academy I and II is pursuing a partnership with the EDCOE Charter SELPA for multiple reasons. We felt that we could be more innovative and effective if we only had more control over the program. Last year, the District asked us to pursue becoming our own LEA for Special Education. They stated they were struggling to provide staff and services to our schools. We feel our school program can only benefit from the freedom to glean new ideas from special education educators with similar philosophies to our staff, with the freedom to construct programs for students and families with special needs.

Reason for leaving Geographic SELPA:

CRA is pursuing a partnership with EDCOE because we believe ALL of our students deserve high quality, standards aligned instruction that is consistent with our educational program. CRA has expended considerable effort to working with its current SELPA however the SELPA remains committed to a service delivery model that has no evidence of success at CRA. Most recently CRA proposed several amendments to our MOU with the SELPA which included input on personnel and the right to purchase more time from service providers. Seven months after proposing the MOU changes we were informed that the SELPA would not consider any modifications to the MOU.
