Dear Home Depot:

I would like to take this opportunity to thank you for your generous donation of a folding mobile fence barrier that we are using in the playground of our classroom on the Lakeview Elementary campus. We were in need of a barrier to keep students from running into the parking lot from the playground. Kirk, Shon and Adam were so helpful in helping us determine the best option, which ended up being an old Home Depot barrier that they were able to donate.

We are dedicated to providing excellence in education for our students, and your generosity will help the Special Services department achieve that mission.

Your donation is deeply appreciated. Thank you again for your support of EDCOE and for helping keep our kids safe!

Sincerely,

Amy Andersen
