IDENTIFICATION AND EVALUATION OF INDIVIDUALS FOR SPECIAL EDUCATION

It shall be the policy of each member LEA that all children with disabilities residing in the State, including children with disabilities who are homeless or are wards of the State and children with disabilities attending private schools, regardless of the severity of their disabilities, who are in need of special education and related services, are identified, located, and evaluated. A practical method has been developed and implemented to determine which children with disabilities are currently receiving needed special education and related services.

Each LEA Superintendent or designee shall follow SELPA procedures to determine when an individual is eligible for special education services and shall implement the SELPA procedures for special education program identification, screening, referral, assessment, planning, implementation, review, and triennial assessment. (Education Code § 56301) The district’s process shall prevent the inappropriate disproportionate representation by race and ethnicity of students with disabilities.

Any procedures for the identification, evaluation, assessment, and instructional planning for children younger than age three will meet the requirements of Education Code, sections 56425 through 56432 and the California Early Intervention Services Act (Gov. Code §§ 95000-95029). The California Department of Education and local education agencies are responsible for providing early intervention services to infants and toddlers who have visual, hearing, or severe orthopedic impairment. The Department of Developmental Services and its regional centers must provide services to all other eligible children in this age group. The law also requires regional centers and local education agencies to coordinate family service plans for infants and toddlers and their families. Education Code, section 56441.11 sets forth eligibility criteria for preschool children ages three to five.

IDENTIFICATION AND EVALUATION OF INDIVIDUALS FOR SPECIAL EDUCATION

A student shall be referred for special educational instruction and services only after the resources of the regular education program have been considered and used where appropriate. (Ed. Code § 56303.) The LEA Superintendent or designee shall follow SELPA procedures providing that parents/guardians, teachers, appropriate professionals, and others may refer an individual for assessment for special education services. The LEA Superintendent or designee shall notify parents/guardians in writing of their rights related to identification, referral, assessment, instructional planning, implementation, and review, including the SELPA’s procedures for initiating a referral for an initial assessment to identify individuals who need special education services. (Ed. Code § 56301)

A district shall not determine that a student is eligible for special education if the dominant factor for finding eligibility is lack of appropriate instruction in reading, lack of instruction in mathematics, or limited English proficiency. (20 U.S.C. § 1414(b)(5); Ed. Code, § 56329, subd. (a)(2).)

All referrals for special education and related services from school staff shall include a brief reason for the referral and description of the regular program resources that were considered and/or modified for use with the student, and their effect. (5 CCR § 3021.)

Within 15 days of a referral for initial assessment, the district shall provide student's parent/guardian with a notice of procedural safeguards and a written proposed assessment plan. The 15-day period may be extended if the parent/guardian agrees in writing to an extension. If a district chooses to agree to an extension it should be known that they may be found in Data Identified Non-Compliance (DINC) with the California Department of Education. assessment without parent/guardian consent

Upon receiving the proposed assessment plan, the parent/guardian shall have 15 days to decide whether or not to consent to the initial assessment. The assessment may begin as soon as informed parental consent is received by the respective district. The member districts shall not interpret parent/guardian consent for initial assessment as consent for initial placement or initial provision of special education services. (Education Code 56321; 34 CFR 300.505)

If a parent/guardian refuses to consent to the initial evaluation or fails to respond to the request to provide consent, the member district may pursue an evaluation by utilizing the mediation and due process procedures found at 20 USC § 1415 and in accordance with Education Code, sections 56501, subd. (a) (3), and 56506, subd. (e). (See BP/AR 6159.1 - Procedural Safeguards and Complaints for Special Education.) In the event that authorized parent does not consent to an initial evaluation, the member districts shall not provide special education services and shall not be considered in violation of the requirement to provide FAPE. In addition, the district is not required to convene an IEP team meeting or to develop an IEP for that child. (20 USC § 1414(a)(1).)

Informed parental consent means that the parent/guardian:

1. Has been fully informed of all information relevant to the activity for which consent is sought, in his/her native language or other mode of communication;
2. Understands and agrees, in writing, to the assessment;
3. Understands that the granting of consent is voluntary on his/her part and may be revoked at any time.

(34 CFR § 300.500)

If the student is a ward of the state and is not residing with his/her parents/guardians, the district shall make reasonable efforts to obtain informed consent from the parent/guardian as defined in 20 USC, section 1401 for an initial evaluation to determine whether the student is a student with a disability. (20 USC § 1414(a)(1).)

The district shall not be required to obtain informed consent from the parent/guardian of a student for an initial evaluation to determine whether the student is a student with a disability if any of the following situations exists:

1. Despite reasonable efforts to do so, the district cannot discover the whereabouts of the parent/guardian of the student.
2. The rights of the parent/guardian of the student have been terminated in accordance with California law.

The rights of the parent/guardian to make educational decisions have been subrogated by a judge in accordance with California law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the student.
1. As part of the assessment plan, the parent/guardian shall receive written notice that: (Upon completion of the administration of tests and other assessment materials, an IEP team meeting that includes the parent/guardian or his/her representative shall be scheduled pursuant to Education Code, section 56341. At this meeting, the team shall determine whether or not the student is a student with disabilities as defined in Education Code, section, 56026 and shall discuss the assessment, the educational recommendations, and the reasons for these recommendations. A copy of the assessment report and the documentation of determination of eligibility shall be given to the parent/guardian.

2. If the parent/guardian disagrees with an assessment obtained by the district the parent/guardian has the right to obtain, at public expense, one independent educational evaluation of the student from qualified specialists, in accordance with 34 CFR § 300.502.

If the district observed the student in conducting its assessment, or if its assessment procedures make it permissible to have in-class observation of a student, an equivalent opportunity shall apply to the independent educational evaluation. This equivalent opportunity shall apply to the student's current placement and setting as well as observation of the district’s proposed placement and setting, regardless of whether the independent educational evaluation is initiated before or after the filing of a due process hearing proceeding.

3. The district may initiate a due process hearing pursuant to Education Code 56500-56508 to show that its assessment is appropriate. If the final decision resulting from the due process hearing is that the assessment is appropriate, the parent/guardian maintains the right for an independent educational assessment but not at public expense.

If the parent/guardian obtains an independent educational assessment at private expense, the results of the assessment shall be considered by the district with respect to the provision of a free appropriate public education to the student, and may be presented as evidence at a due process hearing regarding the student.

4. If a parent/guardian proposes a publicly financed placement of the student in a nonpublic school, the district shall have an opportunity to observe the proposed placement and, if the student has already been unilaterally placed in the nonpublic school by the parent/guardian, the district shall have the opportunity to observe the student in the proposed placement. Any such observation shall only be of the student who is the subject of the observation and may not include the observation or assessment of any other student in the proposed placement unless that student's parent/guardian consents to the observation or assessment. The results of any observation or assessment of another student in violation of Education Code, section 56329(d) shall be inadmissible in any due process or judicial proceeding.
regarding the free appropriate public education of that other student.

(Ed. Code § 56329; 34 CFR § 300.502)

An IEP required as a result of an assessment shall be developed within a total time not to exceed 60 days from the date of the receipt of the parent/guardian's consent for assessment, unless the parent/guardian agrees to an extension in writing. Should a district and parent make an agreement to extend a time line, it should be known that not meeting the 60 day time line will put the district at risk of Data Informed Noncompliance (DINC) with the California Department of Education. Should a district be found in DINC, there could be correlated corrective actions as deemed by the California Department of Education. The 60-day period does not include any days between the student's regular school sessions/terms, or days of school vacation in excess of five school days, (Ed. Code § 56043)

However, when a referral is made within 30 days of the end of the regular school year, an IEP required as a result of an assessment shall be developed within 30 days after the commencement of the subsequent regular school year as determined by each district’s school calendar. In the case of school vacations, the 60-day time shall recommence on the date that school reconvenes. (Ed. Code § 56344 (a).)

A meeting to develop an initial IEP for the pupil shall be conducted within 30 days of a determination that the pupil needs special education and related services. (Ed. Code §§ 56043(f)(2); 56344 (a).)

Before entering kindergarten or first grade, children with disabilities who are in a preschool program shall be reassessed to determine if they still need special education and services. The IEP teams shall identify a means of monitoring the continued success of children who are determined to be eligible for less intensive special education programs to ensure that gains made are not lost by a rapid removal of individualized programs and supports for these individuals. (Ed. Code § 56445)
Identification and Evaluation of Individuals for Special Education

A student shall be referred for special educational instruction and services only after the resources of the regular education program have been considered and used where appropriate. (Ed. Code § 56303.) The LEA Superintendent or designee shall follow SELPA procedures providing that parents/guardians, teachers, appropriate professionals, and others may refer an individual for assessment for special education services. Identification procedures shall be coordinated with school site procedures for referral of students with needs that cannot be met with modifications to the regular instructional program. (Ed. Code § 56302).

The LEA Superintendent or designee shall notify parents/guardians in writing of their rights related to identification, referral, assessment, instructional planning, implementation, and review, including the SELPA’s procedures for initiating a referral for an initial assessment to identify individuals who need special education services. (Ed. Code § 56301)

Note: Education Code, section 56329, as amended by AB 1662 (Ch. 653, Statutes of 2005), provides that, when making a determination of eligibility for special education and related services, each district shall not determine that a student is eligible for special education if the dominant factor for finding eligibility is lack of appropriate instruction in reading, lack of instruction in mathematics, or limited English proficiency. (20 U.S.C. § 1414(b)(5); Ed. Code, § 56329, subd. (a)(2).) disabled if the primary factor for such determination is a lack of appropriate instruction in reading, including the essential components of reading instruction pursuant to 20 USC 6368 of the No Child Left Behind Act, lack of instruction in math, or limited English proficiency.

All referrals for special education and related services from school staff shall include a brief reason for the referral and description of the regular program resources that were considered and/or modified for use with the student, and their effect. (5 CCR § 3021.)

Within 15 days of a referral for initial assessment, unless the parent/guardian agrees in writing to an extension, the assessment, the district shall provide the student's parent/guardian shall receive with a notice of procedural safeguards, parent rights, and a written proposed assessment plan. The 15-day period may be extended if the parent/guardian agrees in writing to an extension. If a district chooses to agree to an extension it should be known that they may be found in Data Identified Non-Compliance (DINC) with the California Department of Education. The 15-day period does not include days between the student's regular school session or term, or days of school vacation in excess of five school days from the date of receipt of the referral.

However, an individualized education program required as a result of an assessment of a pupil shall be developed within 30 days after the commencement of the subsequent regular school year as determined by each district’s school calendar for each pupil for whom a referral has been made 30 days or less prior to the end of the regular school year. In the case of pupil school vacations, the 60-day time shall recommence on the date that pupil school days reconvene. A meeting to develop an initial individualized education program for the pupil shall be conducted
within 30 days of a determination that the pupil needs special education and related services pursuant to paragraph (2) of subsection (b) of Section 300.343 of Title 34 of the Code of Federal Regulations. (Education Code 56344)

The proposed assessment plan shall meet all of the following requirements: - (Education Code 56321). **When assessing students, staff shall use appropriate tests to identify specific information about the individual student’s abilities. (Ed. Code § 56320.)**

1. Be in a language easily understood by the general public
2. Be provided in the native language of the parent/guardian or other mode of communication used by the parent/guardian unless it is clearly not feasible
3. Explain the types of assessment to be conducted
4. State that no individualized education program (IEP) will result from the assessment without parent/guardian consent

Upon receiving the proposed assessment plan, the parent/guardian shall have at least 15 days to decide whether or not to consent to the initial assessment. The assessment may begin as soon as informed parental consent is received by the respective district. The member districts shall not interpret parent/guardian consent for initial assessment as consent for initial placement or initial provision of special education services. (Education Code 56321; 34 CFR 300.505)

However, an individualized education program required as a result of an assessment of a pupil shall be developed within 30 days after the commencement of the subsequent regular school year as determined by each district’s school calendar for each pupil for whom a referral has been made 30 days or less prior to the end of the regular school year. In the case of pupil school vacations, the 60-day time shall recommence on the date that pupil school days reconvene. A meeting to develop an initial individualized education program for the pupil shall be conducted within 30 days of a determination that the pupil needs special education and related services pursuant to paragraph (2) of subsection (b) of Section 300.343 of Title 34 of the Code of Federal Regulations. (Education Code 56344)

Note: Education Code 56321, as amended by AB 1662 (Ch. 653, Statutes of 2005), and 20 USC 1414(a)(1) provide that, if if a parent/guardian refuses to consent to the initial evaluation or failed to respond to the request to provide consent, the member district -may pursue an evaluation by utilizing the mediation and due process procedures pursuant to found at 20 USC § 1415 and in accordance with Education Code, sections 56501, subd. (a) (3), and 56506, subd. (c). (See BP/AR 6159.1 - Procedural Safeguards and Complaints for Special Education.) In the event that an evaluation is not authorized, authorized parent does not consent to an initial evaluation, 20 USC 1414(a)(1) specifies that the member districts shall not provide special education services and shall not be considered in violation of the requirement to provide a free appropriate public education (IEP) for failure to provide such services. In addition, the district is not required to convene an IEP team meeting or to develop an IEP for that child. (20 USC §
Informed parental consent means that the parent/guardian: (34 CFR 300.500)

1. Has been fully informed of all information relevant to the activity for which consent is sought, in his/her native language or other mode of communication;
2. Understands and agrees, in writing, to the assessment;
3. Understands that the granting of consent is voluntary on his/her part and may be revoked at any time.

(34 CFR § 300.500)

If the student is a ward of the state and is not residing with his/her parents/guardians, the district shall make reasonable efforts to obtain informed consent from the parent/guardian as defined in 20 USC, section 1401 for an initial evaluation to determine whether the student is a student with a disability. (20 USC § 1414(a)(1).)

3. The rights of the parent/guardian to make educational decisions have been subrogated by a judge in accordance with California law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the student.

(Education Code 56301; 20 USC 1414(a)(1))

As part of the assessment plan, the parent/guardian shall receive written notice that: (Education Code 56329; 34 CFR 300.502)

1. Upon completion of the administration of tests and other assessment materials, an IEP team meeting that includes the parent/guardian or his/her representative shall be scheduled pursuant to Education Code, section 56341. At this meeting, the team shall determine whether or not the student is a student with disabilities as defined in Education Code, section 56026 and shall discuss the assessment, the educational recommendations, and the reasons for these recommendations. A copy of the assessment report and the documentation of determination of eligibility shall be given to the parent/guardian.

2. If the parent/guardian disagrees with an assessment obtained by the district the parent/guardian has the right to obtain, at public expense, one independent
educational evaluation of the student from qualified specialists, in accordance with 34 CFR § 300.502.

If the district observed the student in conducting its assessment, or if its assessment procedures make it permissible to have in-class observation of a student, an equivalent opportunity shall apply to the independent educational evaluation. This equivalent opportunity shall apply to the student's current placement and setting as well as observation of the district’s proposed placement and setting, regardless of whether the independent educational evaluation is initiated before or after the filing of a due process hearing proceeding.

3. The district may initiate a due process hearing pursuant to Education Code 56500-56508 to show that its assessment is appropriate. If the final decision resulting from the due process hearing is that the assessment is appropriate, the parent/guardian maintains the right for an independent educational assessment but not at public expense.

If the parent/guardian obtains an independent educational assessment at private expense, the results of the assessment shall be considered by the district with respect to the provision of a free appropriate public education to the student, and may be presented as evidence at a due process hearing regarding the student. If the district observed the student in conducting its assessment, or if its assessment procedures make it permissible to have in-class observation of a student, an equivalent opportunity shall apply to an independent educational assessment of the student in the student's current educational placement and setting, if any, proposed by the district, regardless of whether the independent educational assessment is initiated before or after the filing of a due process hearing.

4. If a parent/guardian proposes a publicly financed placement of the student in a nonpublic school, the district shall have an opportunity to observe the proposed placement and, if the student has already been unilaterally placed in the nonpublic school by the parent/guardian, the district shall have the opportunity to observe the student in the proposed placement. Any such observation shall only be of the student who is the subject of the observation and may not include the observation or assessment of any other student in the proposed placement unless that student's parent/guardian consents to the observation or assessment. The results of any observation or assessment of another student in violation of Education Code, section 56329(d) shall be inadmissible in any due process or judicial proceeding regarding the free appropriate public education of that other student.

(Ed. Code § 56329; 34 CFR § 300.502)

An IEP required as a result of an assessment shall be developed within a total time not to exceed 60 days, not counting days between the student's regular school sessions, terms, or days of
school vacation in excess of five school days, from the date of the receipt of the parent/guardian's consent for assessment, unless the parent/guardian agrees, in writing, to an extension. Should a district and parent make an agreement to extend a time line, it should be known that not meeting the 60 day time line will put the district at risk of Data Informed Noncompliance (DINC) with the California Department of Education. Should a district be found in DINC, there could be correlated corrective actions as deemed by the California Department of Education. The 60-day period does not include any days between the student's regular school sessions/terms, or days of school vacation in excess of five school days. (Education Code § 56043)

However, when a referral is made within 30 days of the end of the regular school year, an IEP required as a result of an assessment shall be developed within 30 days after the commencement of the subsequent regular school year as determined by each district’s school calendar. In the case of school vacations, the 60-day time shall recommence on the date that school reconvenes. (Ed. Code § 56344 (a).)

A meeting to develop an initial IEP for the pupil shall be conducted within 30 days of a determination that the pupil needs special education and related services. (Ed. Code §§ 56043(f)(2); 56344 (a).)

Before entering kindergarten or first grade, children with disabilities who are in a preschool program shall be reassessed to determine if they still need special education and services. The IEP teams shall identify a means of monitoring the continued success of children who are determined to be eligible for less intensive special education programs to ensure that gains made are not lost by a rapid removal of individualized programs and supports for these individuals. (Ed. Code § 56445)
INDIVIDUALIZED EDUCATION PROGRAM

It shall be the policy of member districts the El Dorado County SEPLA, that an IEP, or an IFSP that meets the requirements of 20 USC § 1436 (d), is developed, implemented, reviewed, and revised for each child with a disability who requires special education and related services in accordance with 20 USC § 1414 (d). A "foster parent" is a licensed person, relative caretaker, or non-relative extended family member. Special Factors

The individualized education program team shall consider the following special factors:

1. In the case of a student whose behavior impedes his/her learning or that of others, consider the use of positive behavioral interventions and supports and other strategies to address that behavior;

2. In the case of a student with limited English proficiency, consider the language needs of the student as such needs relate to the student's IEP;

3. In the case of a student who is blind or visually impaired, provide for instruction in Braille and instruction in the use of Braille, unless the individualized education program team determines, after an assessment of the pupil’s reading and writing skills, needs and appropriate reading and writing media, including an assessment of the pupil’s future needs.
for instruction in Braille or the use of Braille, that instruction in Braille or the use of Braille is not appropriate for the pupil;

4. Consider the communication needs of the student, and in the case of a student who is deaf or hard of hearing, the student's language and communication needs, opportunities for direct communications with peers and professional personnel in the student's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the student's language and communication mode.

5. Consider whether the pupil requires assistive technology devices and services (20 USC § 1401 (1)).

(Ed. Code § 56341.1)

If, in considering the special factors in items 1 through 5 above, the IEP team determines that a student needs a particular device or service, including an intervention, accommodation, or other program modification, in order to receive FAPE, the IEP team must include a statement to that effect in the student's IEP. (Ed. Code § 56341.1)

The team shall also consider the related services and program options that provide the student with an equal opportunity for communication access, including the following:

1. The student's primary language mode and language, which may include the use of spoken language, with or without visual cues, and/or the use of sign language;

2. The availability of a sufficient number of age, cognitive, and language peers of similar abilities which may be met by consolidating services into a local plan area-wide program or providing placement pursuant to Education Code, section 56361;

3. Appropriate, direct, and ongoing language access to special education teachers and other specialists who are proficient in the student's primary language mode and language consistent with existing law regarding teacher training requirements;

4. Services necessary to ensure communication-accessible academic instructions, school services, and extracurricular activities consistent with the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794 et seq.) and the federal Americans with Disabilities Act (42 U.S.C. Sec. 12101 et seq.).

5. Each public agency shall ensure that hearing aids worn in school by children with hearing impairments, including deafness, are functioning properly. (34 CFR § 300.113.)

(Ed. Code § 56345)

The LEA Superintendent or designee shall ensure that the IEP team:

1. Reviews the IEP periodically, but at least annually, to determine whether the annual goals for
the student are being achieved and the appropriateness of placement;

2. Revises the IEP, as appropriate, to address:
   a. Any lack of expected progress toward the annual goals and in the general curriculum, where appropriate;
   b. The results of any reassessment conducted pursuant to Education Code 56381;
   c. Information about the student provided to or by the parents/guardians regarding review of evaluation data. (34 CFR 305(a)(2) and Education Code 56381(b).)
   d. The student's anticipated needs;
   e. Any other relevant matter.

3. When reviewing the IEP, the IEP team will consider the special factors listed above. The IEP team shall also convene:
   a. Whenever the student has received an initial formal assessment and, when desired, when the student receives any subsequent formal assessment.
   b. Upon request by the student's parent/guardian or teacher to develop, review, or revise the IEP.

(20 USC 1414(d)(4); 34 CFR 300.324; Ed. Code §§ 56043, 56341.1, 56380)

If a participating agency other than the member district fails to provide the transition services described in the student's IEP, the team shall reconvene to identify alternative strategies to meet the transition service objectives set out for the student in the IEP. (20 USC 1414(d); 34 CFR 300.324; Education Code 56345.1)

As a member of the IEP team, the regular education teacher shall, to the extent appropriate, participate in the development, review, and revision of the student's IEP, including assisting in the determination of:

1. Appropriate positive behavioral interventions and supports and other strategies for the student;

2. Supplementary aids and services, program modifications, and supports for school personnel that will be provided for the student, consistent with the federal regulations.
Whenever possible, the district shall attempt to consolidate any reassessment meetings and other IEP team meetings. (20 USC 1414(d)(3)(A); 34 CFR 300.324)

The student shall be allowed to provide confidential input to any representative of his/her IEP team. (Education Code 56341.5)

Amended IEPs

1. When a change is necessary to a student’s IEP after the annual IEP team meeting for the school year has been held, the parent/guardian and the district may agree not to convene an IEP team meeting for the purpose of making the change and instead may develop a written document to amend or modify the student’s current IEP.

2. The IEP team shall be informed of any such changes. Upon request, the district shall provide the parent/guardian with a revised copy of the IEP with the incorporated amendments. (20 USC 1414(d)(3)(D); 34 CFR 300.324)

When the district has placed a foster student in a nonpublic, nonsectarian school, the district must conduct an annual evaluation, as specified below. In addition, the nonpublic, nonsectarian school to report to the district regarding the educational progress made by the student. (Ed. Code § 56157.)

If a student with disabilities residing in a licensed children’s institution or foster family home has been placed by the district in a nonpublic, nonsectarian school, the district shall conduct an annual evaluation as part of the IEP process of whether the placement is the least restrictive environment that is appropriate to meet the student’s needs. (Education Code 56157)

Six Month Review of Residential Placements
When an IEP team places a student in a residential placement, the IEP must be reviewed at least every six months.

When an IEP calls for a residential placement as a result of a review by an expanded IEP team, the IEP shall include a provision for a review, at least every six months, by the full IEP team of all of the following:

1. The case progress

2. The continuing need for out-of-home placement

3. The extent of compliance with the IEP
4. Progress toward alleviating the need for out-of-home care

(Cal. Gov. Code § 7572.5(c)(2).)

Timelines for the IEP and for the Provision of Services

At the beginning of each school year, each district shall have an IEP in effect for each student with a disability within each district’s jurisdiction. (34 CFR 300.323; Education Code 56344)

The district shall ensure that, as soon as possible following development of the IEP, special education services and related services are made available to the student in accordance with his/her IEP. (34 CFR 300.323; Education Code 56344)

When a parent/guardian requests an IEP team meeting to review the IEP, the team shall meet within 30 calendar days of receiving the parent/guardian's written request, not counting days between the student’s regular school sessions, terms, or days of school vacation in excess of five school days. If a parent/guardian makes an oral request, the district shall notify the parent/guardian of the need for a written request and the procedure for filing such a request. (Education Code 56043, 56343.5)

Each member district’s policy must set forth procedures and timelines for the review of a classroom assignment of an individual with exceptional needs when so requested by that student’s regular or special education teacher. (Ed. Code § 56195.8.) A mandatory IEP team meeting shall be held if, as a result of the review, there is a proposed change in the pupil’s placement, instruction, related services, or any combination thereof. The Education Code does not specify any timeline for this review. The district shall develop procedures and timelines for such reviews, including procedures which will designate which personnel are responsible for the reviews.

The district shall ensure that the student's IEP is accessible to each regular education teacher, special education teacher, related service provider, and any other service provider who is responsible for its implementation. The district shall also ensure that such teachers and providers are informed of their specific responsibilities related to implementing the IEP and the specific accommodations, modifications, and supports that must be provided to the student in accordance with the IEP. (34 CFR 300.323)

Informed Parent Consent

Before providing special education and related services, the district shall seek to obtain informed parent consent pursuant to 20 USC 1414(a)(1). If the parent/guardian refuses to consent to the initiation of services, the district shall not provide the services or utilize the due process hearing procedures pursuant to 20 USC 1415(f). If the parent/guardian does not consent to all of the components of the IEP, then those components to which the parent/guardian has consented shall be implemented so as not to delay providing instruction and services to the student. (Education Code 56346)

If the parent/guardian refuses all services in the IEP after having consented to those services in the past, the district shall file a request for a due process hearing. If the district determines that a part of the proposed IEP to which the parent/guardian does not consent is necessary in order to provide the
student FAPE, a due process hearing shall be initiated in accordance with 20 USC 1415(f). While the due process hearing is pending, the student shall remain in his/her current placement unless the parent/guardian and the district agree otherwise. (Education Code 56346)

Transfer Students

To facilitate a student’s transfer to another district, each district shall take reasonable steps to promptly obtain the records of a student with disabilities transferring into that district, including his/her IEP and the supporting documents related to the provision of special education services. (34 CFR 300.323; Education Code 56325)

If a student with disabilities transfers to the district during the school year from a district within the SELPA, the receiving district shall continue, without delay, to provide services comparable to those described in the existing IEP, unless the student's parent/guardian and district agree to develop, adopt, and implement a new IEP consistent with state and federal law. (34 CFR 300.323; Education Code 56325)

If a student with disabilities transfers to the district during the school year from a California LEA outside of the district’s SELPA, the district/LEA shall provide the student with FAPE, including services comparable to those described in the previous LEA’s IEP. Within 30 days, the district shall, in consultation with the parents/guardians, adopt the other LEA’s IEP or shall develop, adopt, and implement a new IEP consistent with state and federal law. (34 CFR 300.323; Education Code 56325)

If a student with disabilities transfers to the district during the school year from an out-of-state LEA, the district shall provide the student with FAPE, including services comparable to the out-of-state LEA's IEP, in consultation with the parent/guardian, until such time as the district conducts an assessment, if the district determines that such an assessment is necessary, and develops, adopts, and implements a new IEP, if appropriate. (34 CFR 300.323; Education Code 56325)
INDIVIDUALIZED EDUCATION PROGRAM

Members of the Individualized Education Program (IEP) Team

Each member district LEA shall ensure that the individualized education program team for any student with a disability includes the following members: (20 USC 1414(d)(1); 34 CFR 300.321; Education Code 56341, 56341.2, 56341.5)

1. One or both of the student's parents/guardians, and/or a representative selected by the parent/guardian;

2. If the student is or may be participating in the regular education program, at least one regular education teacher. (If more than one regular education teacher is providing instructional services to the student, the district may designate one such teacher to represent the others);

3. At least one special education teacher or, where appropriate, at least one special education provider working with the student;

4. At least one special education teacher or, where appropriate, at least one special education provider for the student.

Note: The Analysis of Comments to the federal regulations, 71 Fed. Reg. 156, pg. 46670, recommend that the person selected as the district representative, pursuant to item #4 below, have the authority to commit district resources and be able to ensure that whatever services are set out in the IEP will be provided.

4. A administrator or administrator designee representative of the district who is:

   a. Qualified to provide or supervise the provision of specially designed instruction to meet the unique needs of students with disabilities;

   b. Knowledgeable about the general education curriculum;

   c. Knowledgeable about the availability of district and/or special education local plan area (SELPA) resources;

   d. Has the authority to commit district resources and ensure that whatever services are set out in the IEP will be provided.

5. An individual who can interpret the instructional implications of assessment results.

5. An individual who can correctly credentialed or licensed to interpret the instructional
implications of assessment results. This individual may already be a member of the team as described in items #2-4 above or in item #6 below.

Note: The Analysis of Comments to the federal regulations, 71 Fed. Reg. 156, pg. 46670, explain that a person who does not have knowledge and special expertise regarding the student, and who is not requested to be present at the IEP team meeting by the parent/guardian or by the district, would not be permitted to be a member of the team or attend the meeting as observer. This comment is consistent with an Attorney General opinion (85 Ops.Cal.Atty.Gen. 157 (2002)), which stated that members of the media may not attend an IEP team meeting as observers even though the parents/guardians have consented to such attendance. The Attorney General based this decision on the fact that the media would be "observers," not a "person with knowledge or expertise," as detailed below.

6. At the discretion of the parent/guardian or district, other individuals who have knowledge or special expertise regarding the student, including related services personnel, as appropriate (The determination of whether the individual has knowledge or special expertise regarding the student shall be made by the party who invites the individual to be a member of the IEP team. (Education Code § 56341))

7. Whenever appropriate, the student with a disability

8. For transition service participants:

a. The student, of any age, with a disability if the purpose of the meeting is the consideration of the student's postsecondary goals and the transition services needed to assist the student in reaching those goals, pursuant to 34 CFR 300.320(b). If the student does not attend the IEP team meeting, the district shall take other steps to ensure that the student's preferences and interests are considered.

b. To the extent appropriate, and with the consent of the parent/guardian, a representative of any other agency that is likely to be responsible for providing or paying for transition services.

c. If a representative of such other local agency has been invited but does not attend the meeting, the district shall take other steps to obtain participation of the agency in the planning of any transition services. (Education Code § 56341)

9. For students suspected of having a specific learning disability in accordance with 34 CFR 300.308 (formerly 300.540) and 34 CFR 300.310 (formerly 300.542), at least one individual who is qualified to conduct individual diagnostic examinations of the student, such as a school psychologist, speech language pathologist, or remedial reading teacher. In addition, at least one team member other than the student's regular education teacher shall observe the student's academic performance in the regular classroom setting. If the student is younger than five years or not enrolled in school, a team member shall observe the child in an environment appropriate for a child of that age. (Education 34 CFR §§ 300.308, 300.542; Education Code § 56341).
In accordance with 34 CFR 300.310 (formerly 300.542), at least one team member other than the student's regular education teacher shall observe the student's academic performance in the regular classroom setting. If the child is younger than five years or not enrolled in school, a team member shall observe the child in an environment appropriate for a child of that age. (Education Code 56341)

10. For students who have been placed in a group home by the juvenile court, a representative of the group home;

11. If a student with a disability is identified as potentially requiring mental health services, the district shall request the participation of the county mental health program in the IEP team meeting. (Education Code § 56331)

(20 USC § 1414(d)(1); 34 CFR § 300.321; Ed. Code §§ 56341, 56341.2, 56341.5)

**Excusal of Team Member**

A member of the IEP team shall not be required to attend an IEP team meeting, in whole or in part, if the parent/guardian consents and the district agrees, in writing, that the attendance of the member is not necessary because the member's area of the curriculum or related services is not being modified or discussed at the meeting prior to the meeting. If the meeting involves a discussion of the member's area of the curriculum or related service, the IEP team member may be excused from the meeting if the parent/guardian consents in writing to the excusal and the member submits to the parent/guardian and team written input into the development of the IEP prior to the meeting. (20 USC § 1414(d)(1)(C); 34 CFR § 300.321; Education Code Ed. Code § 56341)

**Parent/Guardian Participation and Other Rights**

The LEA Superintendent or designee shall take steps to ensure that one or both of the parents/guardians of the student with a disability are present at each IEP team meeting or are afforded the opportunity to participate. These steps shall include, at minimum, notifying the parents/guardians of the meeting early enough to ensure that they will have the opportunity to attend, and scheduling the meeting at a mutually agreed upon time and place. (34 CFR § 300.322; Education Code Ed. Code § 56341.5)

The LEA Superintendent or designee shall send parents/guardians a notices of the IEP team meetings that:

1. Indicate the purpose, time, and location of the meeting;

2. Indicate who will be in attendance at the meeting;

Note: As amended by AB 1662 (Ch. 653, Statutes of 2005), Education Code 56341.5 conforms state law with federal law by requiring that the IEP team meeting notice contain a statement of
transition services beginning at age 16 rather than age 14.

3. For students beginning at age 16 (or younger than 16 if deemed appropriate by the IEP team):
   a. Indicate that the purpose of the meeting will be the consideration of postsecondary goals and transition services for the student pursuant to as required by 20 USC, section 1414(d)(1)(A)(i)(VIII), 34 CFR, section 300.320(b), and Education Code, section 56345.1
   b. Indicate that the district will invite the student to the IEP team meeting;
   c. Identify any other agency that will be invited to send a representative.

(34 CFR § 300.322; Ed. Code § 56341.5)

At each IEP team meeting convened by the district, the district administrator or specialist on the team shall provide the parent/guardian and student of the federal and state procedural safeguards, included in the notice of parental rights provided pursuant to (Education Code §§ 56321, 56340.1)

Before any IEP meeting, the parent/guardian shall have the right and opportunity to request to examine all of his/her child's school records upon request and before any IEP meeting. Upon receipt of an oral or written request, the district shall provide complete copies of the records within five business days. (Ed. Code § 56043)

If neither parent/guardian can attend the meeting, the LEA Superintendent or designee shall use other methods to ensure parent/guardian participation, including video conferences or individual or conference telephone calls. (20 USC 1414(f); 34 CFR 300.322; Education Code 56341.5)

An IEP team meeting may be conducted without a parent/guardian in attendance if the district is unable to convince the parent/guardian that he/she should attend. In such a case, the district shall maintain a record of its attempts to arrange a mutually agreed upon time and place for the meeting, including, but not limited to: (34 CFR § 300.322; Education Code Ed. Code § 56341.5)

1. Detailed records of telephone calls made or attempted and the results of those calls;
2. Copies of correspondence sent to the parent/guardian and any responses received;
3. Detailed records of visits made to the parent/guardian's home or place of employment and the results of those visits.

Note: Education Code 56341.1 grants the parent/guardian, district, SELPA, or county office the right to electronically record the proceedings of IEP team meetings. Audiotape recordings made by a district, SELPA, or county office are subject to the federal Family Educational Rights and Privacy Act (20 USC 1232g).
Parents/guardians and the district shall have the right to audio record the proceedings of IEP team meetings, provided members of the IEP team are notified of this intent at least 24 hours before the meeting. If the district gives notice of intent to record a meeting and the parent/guardian objects or refuses to attend because the meeting would be recorded, the meeting shall not be recorded. Audiotape recordings made by a district, SELPA, or county office are subject to the federal Family Educational Rights and Privacy Act (20 USC § 1232g).

Parents/guardians also have the right to: (Education Code 56341.1)

1. Inspect and review the audio recordings;

2. Request that the audio recordings be amended if the parents/guardians believe they contain information that is inaccurate, misleading, or in violation of the student's privacy rights or other rights;

3. Challenge, in a hearing, information that the parents/guardians believe is inaccurate, misleading, or in violation of the student's privacy rights or other rights.

(Education Code 56341.1)

The district shall take any action necessary to ensure that the parents/guardians understand the proceedings of the meeting, including arranging for an interpreter for parents/guardians with deafness or whose native language is not English. (34 CFR 300.322; Education Code 56345.1)

The district shall give the parents/guardians of a student with disabilities a copy of his/her child's IEP at no cost. (34 CFR 300.322)

Contents of the IEP

The IEP shall be a written statement determined in a meeting of the IEP team. It shall include, but not be limited to, all of the following: (20 USC 1414(d)(1)(A); 34 CFR 300.320; Education Code 56043, 56345, 56345.1)

   a. The manner in which the student's disability affects his/her involvement and progress in the general education curriculum (i.e., the same curriculum as for nondisabled students)
   b. For a preschool child, as appropriate, the manner in which the disability affects his/her participation in appropriate activities
c. For students with disabilities who take alternate assessments aligned to alternate achievement standards, a description of benchmarks or short-term objectives.

Note: AB 1662 (Ch. 653, Statutes of 2005) amended Education Code 56345 to require a statement of a student’s academic and functional goals, as specified below. Education Code 56345 expresses the legislative recognition that, although some students may not meet or exceed the growth projected in the annual goals and objectives, the district must make a good faith effort to assist the students in achieving the goals in their IEP.

2. A statement of measurable annual goals, including academic and functional goals, designed to do the following:

   a. Meet the student's needs that result from his/her disability in order to enable the student to be involved in and progress in the general education curriculum;

   b. Meet each of the student's other educational needs that result from his/her disability;

   Note: 34 CFR 300.320, as amended by 71 Fed. Reg. 156, and Education Code 56345 require the following statement in the IEP.

   c. For students with disabilities who take alternate assessments aligned to alternate achievement standards, a description of benchmarks or short-term objectives

3. A description of the manner in which the progress of the student toward meeting the annual goals described in item #2, above, will be measured, and when the district will provide periodic reports on the progress the student is making toward meeting the annual goals, such as through the use of quarterly or other periodic reports, concurrent with the issuance of report cards.

4. A statement of the specific special educational instruction and related services and supplementary aids and services, based on peer-reviewed research, to the extent practicable, to be provided to the student, or on behalf of the student, and a statement of the program modifications or supports for school personnel that will be provided to enable the student to:

   a. Advance appropriately toward attaining the annual goals;

   b. Be involved and make progress in the general education curriculum in accordance with item #1 above and to participate in extracurricular and other nonacademic activities;

   c. Be educated and participate with other students with disabilities and nondisabled students when receiving special education instruction and services, in the activities described in Education Code 56345(a).
5. An explanation of the extent, if any, to which the student will not participate with nondisabled students in the regular class and in extracurricular and other nonacademic activities described in item #4 (c) above.

Note: Pursuant to 20 USC 1412(a), students with disabilities must be included in state and district assessments, with appropriate accommodations, such as the Standardized Testing and Reporting Program (Education Code 60640-60649) and the high school exit examination (Education Code 60850-60859). See AR 6162.51—Standardized Testing and Reporting Program and AR 6162.52—High School Exit Examination for details regarding permitted accommodations.

6. A statement of any appropriate individual accommodations necessary to measure the academic achievement and functional performance of the student on state and district-wide assessments.

7. The projected date for the beginning of the services and modifications described in item #4 above and the anticipated frequency, location, and duration of those services and modifications.

Note: As amended by AB 1662 (Ch. 653, Statutes of 2005), Education Code 56345 now conforms state law with federal law to require that the IEP contain a statement of transition services beginning at age 16 rather than age 14.

8. Beginning not later than the first IEP to be in effect when the student is 16 years of age, or younger if determined appropriate by the IEP team, and updated annually thereafter, the following:

   a. Appropriate measurable postsecondary goals based upon age-appropriate transition assessments related to training, education, employment, and where appropriate, independent living skills.

   b. The transition services, including courses of study, needed to assist the student in reaching those goals.

9. Beginning at least one year before the student reaches age 17, a statement that the student has been informed of his/her rights, if any, pursuant to Education Code 56041.5 that will...
transfer to the student upon reaching age 18.

20 USC 1414(d)(1)(A); 34 CFR 300.320; Education Code 56043, 56345, 56345.1)

Where appropriate, the IEP shall also include: (Education Code 56345)

3. Extended school year services when the IEP team determines, on an individual basis, that the services are necessary for the provision of a free appropriate public education (FAPE).

4. Provision for transition into the regular education program if the student is to be transferred from a special class or center or nonpublic, nonsectarian school into a regular education program in a public school for any part of the school day.

The IEP shall include descriptions of activities intended to:

b. Support the transition of the student from the special education program into the regular education program.

5. Specialized services, materials, and equipment for students with low incidence disabilities, consistent with the guidelines pursuant to Education Code 56136 (state guidelines (Ed. Code 56136.))

(Education Code 56345)

Development, Review, and Revision of the IEP

In developing the IEP, the IEP team shall consider all of the following: (20 USC 1414(d)(3)(A); 34 CFR 300.324; Education Code 56341.1, 56345)

1. In the case of a student whose behavior impedes his/her learning or that of others, consider the use of positive behavioral interventions and supports and other strategies to address that behavior;

2. In the case of a student with limited English proficiency, consider the language needs of the student as such needs relate to the student's IEP;

3. In the case of a student who is blind or visually impaired, provide for instruction in Braille and instruction in the use of Braille, unless the individualized education program team determines, after an assessment of the pupil’s reading and writing skills, needs and appropriate reading and writing media, including an assessment of the pupil’s future needs for instruction in Braille or the use of Braille, that instruction in Braille or the use of Braille is not appropriate for the pupil;

4. Consider the communication needs of the student, and in the case of a student who is deaf or hard of hearing, the student's language and communication needs, opportunities for direct communications with peers and professional personnel in the student's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the student's language and communication mode;

5. Consider whether the pupil requires assistive technology devices and services (20 USC § 1401(1)) as defined in Section 1401(1) and (2) of Title 20 of the United States code.

(Ed. Code § 56341.1)

If, in considering the special factors in items 1 through 5 above, the IEP team determines that a student needs a particular device or service, including an intervention, accommodation, or other program modification, in order to receive FAPE, the IEP team must include a statement to that effect in the student's IEP. (Education Code § 56341.1)

The team shall also consider the related services and program options that provide the student with an equal opportunity for communication access, including the following: (Education Code § 56345)

1. Reviews the IEP periodically, but at least annually, to determine whether the annual goals for the student are being achieved and the appropriateness of placement;

2. Revises the IEP, as appropriate, to address:

   b. The results of any reassessment conducted pursuant to Education Code 56381;
   c. Information about the student provided to or by the parents/guardians regarding review of evaluation data pursuant to (34 CFR 305(a)(2) and Education Code 56381(b));
   d. The student's anticipated needs;
   e. Any other relevant matter.

Note: As amended by 71 Fed. Reg. 156, 34 CFR 300.324 requires that, when conducting a review of the IEP, the IEP team consider the special factors for students with additional behavior or...
communication needs as listed in items above.

3. **When reviewing the IEP, the IEP team will consider** the special factors listed above when reviewing the IEP. The IEP team shall also meet when convene: (Education Code § 56343)

   a. Whenever the student has received an initial formal assessment and, when desired, when the student receives any subsequent formal assessment

   b. Upon request by the student's parent/guardian or teacher to develop, review, or revise the IEP

   (Education Code 56343)

(20 USC 1414(d)(4); 34 CFR 300.324; Ed. Code §§ 56043, 56341.1, 56380)

If a participating agency other than the member district fails to provide the transition services described in the student's IEP, the team shall reconvene to identify alternative strategies to meet the transition service objectives set out for the student in the IEP. (20 USC 1414(d); 34 CFR 300.324; Education Code 56345.1)

As a member of the IEP team, the regular education teacher shall, to the extent appropriate, participate in the development, review, and revision of the student's IEP, including assisting in the determination of: (20 USC 1414(d)(3)(C); 34 CFR 300.324; Education Code 56341)

The student shall be allowed to provide confidential input to any representative of his/her IEP team. (Education Code 56341.5)

**Note:** As amended by 71 Fed. Reg. 156, 34 CFR 300.324 requires that the IEP team be informed when the IEP is amended under the circumstances described below:

*Amended IEPs*
1. When a change is necessary to a student’s IEP after the annual IEP team meeting for the school year has been held, the parent/guardian and the district may agree not to convene an IEP team meeting for the purpose of making the change and instead may develop a written document to amend or modify the student’s current IEP.

2. The IEP team shall be informed of any such changes. Upon request, the district shall provide the parent/guardian with a revised copy of the IEP with the incorporated amendments. (20 USC 1414(d)(3)(D); 34 CFR 300.324)

Note: Education Code 56157 specifies that when the district has placed a foster student in a nonpublic, nonsectarian school, the district must conduct an annual evaluation, as specified below. In addition, Education Code 56157 requires the nonpublic, nonsectarian school to report to the district regarding the educational progress made by the student. (Ed. Code § 56157.)

If a student with disabilities residing in a licensed children’s institution or foster family home has been placed by the district in a nonpublic, nonsectarian school, the district shall conduct an annual evaluation as part of the IEP process of whether the placement is the least restrictive environment that is appropriate to meet the student’s needs. (Education Code 56157)

Six Month Review of Residential Placements

Note: As amended by AB 1662 (Ch. 653, Statutes of 2005), Education Code 56043 specifies that when an IEP team places a student in a residential placement, the IEP must be reviewed at least every six months. When an IEP calls for a residential placement as a result of a review by an expanded IEP team, the IEP shall include a provision for a review, at least every six months, by the full IEP team of all of the following: (Education Code 56043)

1. The case progress
2. The continuing need for out-of-home placement
3. The extent of compliance with the IEP
4. Progress toward alleviating the need for out-of-home care

(Cal. Gov. Code § 7572.5(c)(2).)

Timelines for the IEP and for the Provision of Services

At the beginning of each school year, each district shall have an IEP in effect for each student with a disability within each district’s jurisdiction. (34 CFR 300.323; Education Code 56344)
The district shall ensure that a meeting to develop an initial IEP is conducted within 30 days of a determination that a student needs special education and related services. The district shall also ensure that, as soon as possible following development of the IEP, special education services and related services are made available to the student in accordance with his/her IEP. (34 CFR 300.323; Education Code 56344)

An IEP required as a result of an assessment of the student shall be developed within 60 days (not counting days between the student's regular school sessions, terms or days of school vacation in excess of five school days) from the date of receipt of the parent/guardian's written consent for assessment, unless the parent/guardian agrees, in writing, to an extension. (Education Code 56344)

However, an IEP required as a result of an assessment of a student shall be developed within 30 days after the commencement of the subsequent regular school year for a student for whom a referral has been made 30 days or less prior to the end of the regular school year. In the case of school vacations, the 60-day time limit shall recommence on the date that student’s school days reconvene. (Education Code 56344)

When a parent/guardian requests an IEP team meeting to review the IEP, the team shall meet within 30 calendar days of receiving the parent/guardian's written request, not counting days between the student’s regular school sessions, terms, or days of school vacation in excess of five school days. If a parent/guardian makes an oral request, the district shall notify the parent/guardian of the need for a written request and the procedure for filing such a request. (Education Code 56043, 56343.5)

Note: Education Code 56195.8 mandates that each member district’s policy must sets forth procedures and timelines for the review of a classroom assignment of an individual with exceptional needs when so requested by that student’s regular or special education teacher. (Ed. Code § 56195.8.) A mandatory IEP team meeting shall be held if, as a result of the review, there is a proposed change in the pupil’s placement, instruction, related services, or any combination thereof. Education Code 56195.8 does not state a specific deadline for this review. The district shall develop procedures and timelines for such reviews, including procedures which will designate which personnel are responsible for the reviews.

The district shall ensure that the student's IEP is accessible to each regular education teacher, special education teacher, related service provider, and any other service provider who is responsible for its implementation. The district shall also ensure that such teachers and providers are informed of their specific responsibilities related to implementing the IEP and the specific accommodations, modifications, and supports that must be provided to the student in accordance with the IEP. (34 CFR 300.323)

**Informed Parent Consent**

Before providing special education and related services, the district shall seek to obtain informed parent consent pursuant to 20 USC 1414(a)(1). If the parent/guardian refuses to consent to the initiation of services, the district shall not provide the services by utilizing or the due process hearing procedures pursuant to 20 USC 1415(f). If the parent/guardian does not consent to all of the
components of the IEP, then those components to which the parent/guardian has consented shall be implemented so as not to delay providing instruction and services to the student. (Education Code 56346)

If the parent/guardian refuses all services in the IEP after having consented to those services in the past, the district shall file a request for a due process hearing. If the district determines that a part of the proposed IEP to which the parent/guardian does not consent is necessary in order to provide the student FAPE, a due process hearing shall be initiated in accordance with 20 USC 1415(f). While the due process hearing is pending, the student shall remain in the his/her current placement unless the parent/guardian and the district agree otherwise. (Education Code 56346)

Transfer Students

To facilitate a transfer student's transition, each district shall take reasonable steps to promptly obtain the records of a student with disabilities transferring into that district, including his/her IEP and the supporting documents related to the provision of special education services. (34 CFR 300.323; Education Code 56325)

If a student with disabilities transfers to the district during the school year from a district within the same SELPA, the receiving district shall continue, without delay, to provide services comparable to those described in the existing IEP, unless the student's parent/guardian and district agree to develop, adopt, and implement a new IEP that is consistent with state and federal law. (34 CFR 300.323; Education Code 56325)

If a student with disabilities transfers to the district during the school year from a California LEA outside of the district’s SELPA, the district/LEA shall provide the student with FAPE, including services comparable to those described in the previous LEA’s IEP. Within 30 days, the district shall, in consultation with the parents/guardians, adopt the other LEA’s IEP or shall develop, adopt, and implement a new IEP that is consistent with state and federal law. (34 CFR 300.323; Education Code 56325)

If a student with disabilities transfers to the district during the school year from an out-of-state LEA, the district shall provide the student with FAPE, including services comparable to the out-of-state LEA's IEP, in consultation with the parent/guardian, until such time as the district conducts an assessment, if the district determines that such an assessment is necessary, and develops, adopts, and implements a new IEP, if appropriate. (34 CFR 300.323; Education Code 56325)

PROCEDURAL SAFEGUARDS AND COMPLAINTS FOR SPECIAL EDUCATION

Under California law, due process hearings pursuant to the IDEA (20 USC 1400 et seq.) are held only at the state level. Rights and procedures for due process are set forth in Education Code §§ 56501 et. seq. and 5 CCR §§ 3080 et. seq.. When California law provides greater protection to students and parents, it supersedes federal law.

Due process hearing rights extend to the student only if he/she is an emancipated student or a ward or dependent of the court with no available parent or surrogate parent. (Ed. Code § 56501; see AR 6159.3 - Appointment of Surrogate Parent for Special Education Students.)

Informal Resolution Process/Pre-Hearing Mediation Conference

Before requesting a due process hearing, the LEA Superintendent or designee and a parent/guardian may agree to meet informally to resolve any dispute relating to the identification, assessment or education and placement of a student with disabilities. The LEA Superintendent or designee shall have the authority to resolve the dispute through an informal alternative dispute resolution (“ADR”) process. (Ed. Code § 56502)

In addition, either party may file a request with the Superintendent of Public Instruction for a Pre-hearing Mediation Conference (commonly referred to as “mediation only”) to be conducted by a person designated by the California Department of Education. Based on the Pre-Hearing Mediation Conference, the LEA Superintendent or designee may resolve the issue(s) in any manner that is consistent with state and federal law and is to the satisfaction of both parties. (Education Code 56500.3)

It is recommended that attorneys do not attend the informal resolution session or the Prehearing Mediation Conference. Attorneys may attend, or otherwise participate in, only those mediation conferences that are scheduled pursuant to a request for a due process hearing. (Ed. Code §§ 56500.3, 56501)

If the parties do not resolve their dispute through informal resolution session and/or a Pre-Hearing Mediation Conference, either party may file a request for a due process hearing.

Due Process Complaint Notice and Hearing Procedures

Due process hearing procedures may be initiated by a parent/guardian, the LEA, and/or a student who is emancipated or a ward or dependent of the court. under the following circumstances:

1. There is a proposal to initiate or change the identification, assessment or educational placement of the student or the provision of a free, appropriate public education to the student;

2. There is a refusal to initiate or change the identification, assessment or educational placement of the student or the provision of a free, appropriate public education to the student;
3. The parent/guardian refuses to consent to an assessment of his/her child; and/or

(20 USC § 1415[f][1][B]; 34 CFR § 300.510)

The district has fifteen (15) days from the date it received the parents’ due process hearing request to convene the resolution session. The sessions shall include a representative of the school district who has decision-making authority and not include an attorney of the school district unless the parent is accompanied by an attorney. The parent of the child may discuss the due process hearing issue and the facts that form the basis of the due process hearing request.

The resolution session is not required if the parent and the school district agree in writing to waive the meeting. If the school district has not resolved the due process hearing issue within thirty (30) days, the due process hearing may occur. If a resolution is reached, the parties shall execute a legally binding agreement. (20 USC § 1415[f][1][B]; 34 CFR § 300.51)

A due process complaint must be filed within two years of the date that the parent/guardian or district knew or should have known about the situation that forms the basis of the complaint.

1. The notice is translated orally or by other means to the parent/guardian in his/her native language or other mode of communication
2. The parent/guardian understands the contents of the notice
3. There is written evidence that items #1 and #2 have been satisfied

(20 USC § 1415(b); Education Code 56501)

Note: Pursuant to 20 USC 1415(b), as amended by P.L. 108-446, effective July 1, 2005, and 34 CFR 300.507, the district is mandated to adopt procedures (1) requiring either party (the district or the parent/guardian) or their attorney to provide notice of the request for a due process hearing to the other party and (2) containing the requirement that the party may not have a due process hearing until the notice specified in items #1-5 below has been filed. Resolution Session

When a parent seeks to initiate a request for due process, before their request is filed, they must provide the district with the opportunity to resolve the matter by convening a resolution session.
which is a meeting between the parents and the relevant members of the IEP team who have specific knowledge of the facts identified in the due process hearing request. (20 USC § 1415[f][1][B]; 34 CFR § 300.510)

The district has fifteen (15) days from the date it received the parents’ due process hearing request to convene the resolution session. The sessions shall include a representative of the school district who has decision-making authority and not include an attorney of the school district unless the parent is accompanied by an attorney. The parent of the child may discuss the due process hearing issue and the facts that form the basis of the due process hearing request.

The resolution session is not required if the parent and the school district agree in writing to waive the meeting. If the school district has not resolved the due process hearing issue within thirty (30) days, the due process hearing may occur. If a resolution is reached, the parties shall execute a legally binding agreement. (20 USC § 1415[f][1][B]; 34 CFR § 300.51)

Note: The IDEA 2004 Reauthorization made significant changes to the (1) timelines for filing a due process complaint, (2) procedures for amending the complaints, and (3) rules regarding the sufficiency of the complaint notice; see 20 USC 1415(b) and (f). 20 USC 1415(f)(3)(C), as amended, specifies that a due process complaint must be filed within two years of the date that the parent/guardian or district knew or should have known about the situation that forms the basis of the complaint. However, federal regulations 34 CFR 300.662, set a different timeline and require a one year statute of limitations for filing a complaint. As amended by AB 1662 (Ch. 653, Statutes of 2005), Education Code 56500.2 reflects the federal regulations and states that a complaint must be filed within one year of the alleged violation. It is likely that federal regulations will be amended to clarify the inconsistency. In the meantime, districts should consult with legal counsel as to the appropriate timeline.

Note: 20 USC 1415(c)(1) requires the district to provide the following notice upon receipt of the due process complaint.

Response to the Due Process Hearing Request

If the district has not sent a prior written notice to the parent/guardian regarding the subject matter contained in the parent/guardian's due process complaint notice, the district shall send a response to the parent/guardian within 10 days of receipt of the complaint specifying: (20 USC 1415(e)(1))

1. An explanation of why the district proposed or refused to take the action raised in the complaint
2. A description of other options that the individualized education program (IEP) team considered and the reasons that those options were rejected
3. A description of each evaluation procedure, assessment, record, or report the district used as the basis for the proposed or refused action

CONFIDENTIALITY OF STUDENT RECORDS

The District and County Boards of Education recognize the importance of keeping accurate, comprehensive student records as required by law. Procedures for maintaining the confidentiality of student records shall be consistent with state and federal law.

It shall be the policy of member LEAs that the confidentiality of personally identifiable data, information, and records maintained by the LEA relating to children with disabilities and their parents and families shall be protected pursuant to the Family Educational Rights and Privacy Act, non-academic programs, and services available to non-disabled children.

The LEA Superintendent or designee shall establish regulations governing the identification, description and security of student records, as well as timely access for authorized persons. These regulations shall ensure parental rights to review, inspect and copy student records. In addition, the regulations will ensure and shall protect the privacy rights of student and the student's family from invasion of privacy.

The LEA Superintendent or designee shall designate a certificated employee to serve as custodian of records, with responsibility for records for student records at the district level. At each school site, the principal or a certificated designee shall act as custodian of records for students enrolled at that school. CONFIDENTIALITY OF STUDENT RECORDS

Districts shall establish, maintain and destroy pupil records according to regulations adopted by the State Board of Education. The following guidelines apply to confidential special education records.

Access:

Special education records are subject to the same privacy and access right as other Mandatory Interim pupil records. In addition, parents have the right to examine all school records relating to the identification, assessment, and educational placement of their child. Even though records may be stamped “confidential” or contain sensitive information, the parent or eligible student has full rights of access. Parents have the right to receive copies within five business days of making the request, either orally or in writing. A public educational agency may charge no more than the actual cost of reproducing the records, but if this cost prevents the parent from exercising their right to receive the copies, the copies shall be reproduced at no cost to the parents. (Ed. Code §§ 49060 et seq.; 5 CCR §§ 430 et seq.)

The LEA will not permit access to any child’s records without written parental permission pursuant to the Family and Educational Rights and Privacy Act (FERPA), except as follows:

a. District and County Office of Education officials and employees who have a legitimate educational interest including a school system where the child intends to enroll;
b. Certain state and federal officials for audit purposes;
c. Certain law enforcement agencies for purposes listed in Education Code and Federal Law;
d. A pupil 16 years of age or older, having completed the 10th grade who requests access;
e. Students who are married even if younger than 18 years of age;
f. District Employees;

(Ed. Code § 49076.)

The LEA may release information from the student’s records for the following:

a. In cases of emergency when the knowledge of such information is necessary to protect the health or safety of the child and/or others;
b. To determine the child’s eligibility for financial aid;
c. To accrediting organizations to the extent necessary to their function;
d. In cooperation with organizations conducting studies and research that does not permit the personal identification of children or their parents by persons not connected with the research and provided that their personally identifiable information is destroyed when no longer needed;
e. To officials and employees of private schools or school systems in which the child is enrolled or intends to enroll.;

(Ed. Code § 49076.)
Test Protocols are considered to be a part of a pupil’s confidential file. Protocols must be maintained in a pupil’s confidential file and copies provided to the parent upon request.

Confidentiality of Records:

All procedural safeguards of the Individuals with Disabilities in Education Act shall be established and maintained. A custodian of records must be appointed by each LEA to ensure the confidentiality of any personally identifiable student information. This is usually the case manager but may be another person who has been trained in confidentiality procedures.

The custodian of records is responsible for ensuring that files are not easily accessible to the public. Records of access are maintained for individual files, which include the name of party, date, and purpose of access.

(Ed. Code §§ 49060 et seq.; 5 CCR §§ 430 et seq.)

Transfer of Records:

When a student moves from one school to another, records should be transferred in accordance with state and federal law. Federal law requires the LEA from which the student moves to notify the parent of the transfer of records along with the parent’s right to review, challenge and/or receive a copy of the transferred record. California law specifies that the LEA which receives the student shall be responsible for the notification. Procedurally, both requirements can be met if the district provides an annual notification to the parents of every student which specifies that records will be transferred and outlines the other rights cited above. This notice should be provided to all parents each fall and to the parents of every new student upon enrollment. (Ed. Code § 49068; 5 CCR §§ 438.)

CALIFORNIA SCHOOLS ARE NOT REQUIRED TO OBTAIN PARENT PERMISSION TO FORWARD RECORDS - IN FACT, THEY ARE REQUIRED TO FORWARD RECORDS TO ANY CALIFORNIA SCHOOL OF NEW OR INTENDED ENROLLMENT “WITHIN FIVE (5) DAYS. * Records cannot be withheld for nonpayment of fees or fines. (Ed. Code § 49060)

Mandatory Permanent Pupil records must be forwarded to all schools; the original, or a copy, must be retained by the sending LEA. Mandatory Interim Pupil records must be forwarded to California public schools and may be forwarded to any other schools. Permitted pupil records may be forwarded at the discretion of the custodian of the records. Private schools in California are required to forward Mandatory Permanent Pupil Records. (Ed. Code § 49068; 5 CCR §§ 438.)

If an agency or person provides a written report to the district, it becomes a part of the pupil’s record and, as such, is available to the parent even though it may be marked “confidential.” (Technically, it becomes a part of the record only when it is filed or maintained. The custodian
of the records should give serious consideration to the educational value of sensitive information before routinely including it as a pupil record. As alternatives, the report may be summarized in a more useful form, it may be returned for revision, or it may be rejected and destroyed before it becomes a record.)

**Correction or Removal of Information (Ed. Code § 49070):**

Parents have the right, on request, to receive a list of the types and locations of education records collected, maintained and used by the educational agency. Parents may challenge the content of the student’s record if they believe the information in education records collected, maintained or used is inaccurate, misleading, or in violation of the privacy or other rights of the child. This right to challenge becomes the sole right of the student when the student turns 18 or attends a post-secondary institution. The request to remove or amend the content of the student record must be made in writing.

Within 30 days of receiving the request, the LEA Superintendent or designee shall meet with the parent/student and with the employee (if still employed) who recorded the information in question. The LEA Superintendent shall then decide whether to sustain the allegations and amend the records as requested or deny the allegations. If the allegations are sustained, the LEA Superintendent shall order the correction or removal and destruction of the information.

When a student grade is involved, the teacher who gave the grade shall be given an opportunity to state orally, in writing, or both, the reasons why the grade was given before the grade is changed either by the LEA Superintendent or at the decision of the district’s Governing Board. Insofar as practical, the teacher shall be included in all discussions relating to the changing of the grade.

If the LEA Superintendent disagrees with the request to amend the records, the parent/student may write within 30 days to appeal this decision to the district’s governing board. Within 30 days of receiving the written appeal, the district’s governing board shall meet in closed session with the parent and the employee (if still employed) who recorded the information in question. The district’s governing board shall then decide whether or not to sustain or deny the allegations. If the district’s Governing Board sustains any or all of the allegations, it shall order the LEA Superintendent to immediately correct or remove and destroy the information in question. The decision of the district’s governing board is final. The records of the district’s governing board proceedings shall be maintained in a confidential manner for one year, after which they will be destroyed, unless the parent initiates legal proceedings within the prescribed period relative to the disputed information.

If the final decision of the district’s governing board is unfavorable to the parent or if the parent accepts an unfavorable decision by the district, the parent shall have the right to submit a written statement commenting on the record or explaining any reasons the parent disagrees with the decision of the LEA Superintendent or the district governing board. This explanation shall be included in the records of the child for as long as the record or contested portion is maintained by
local educational agency. If the records of the child, or contested portion, is given by the agency to any party, the explanation must also be given to the party.

At the beginning of each school year, parents shall be notified of the availability of the above procedures for challenging student records.

In order to avoid potential challenges, it is recommended that each member district’s staff receive training which alerts them to the requirements of privacy and access laws. To the degree that a statement describes a student’s behavior, the statement can withstand challenges. Ambiguous terms should be avoided, and staff members should restrict their comments to areas of training. In addition, only those observations which have educational relevancy should be recorded. Statements describing unrelated family incidents or unsubstantiated claims are inappropriate for a student’s record.

**Record Classification and Destruction:**

All school public records are classified as continuing records until such time as their usefulness ceases. While they are continuing records, their destruction is governed by a rather complicated set of guidelines. Certain items are specifically excluded from destruction restrictions. Copies of originals, pupil passes, tardy slips, admit slips, notes from home, including verification of illness and individual memorandum between employees of the district are not records and may be destroyed at any time. (5 CCR § 16022.)

Pupil records are defined within the three categories: mandatory permanent, mandatory interim, and permitted. (See below for a full explanation of each category.)

- **Mandatory Permanent** pupil records became Class 1 permanent records when their usefulness ceases, and thus are never destroyed. Caveat: These records or a copy, are retained for every pupil who was ever enrolled in the district. A copy of the mandatory permanent records is forwarded for students who transfer.

- **Mandatory Interim** pupil records can be classified as Class 1 permanent or Class III disposable when their usefulness ceases. The district is responsible for the classification subject to district governing board approval. If mandatory interim records are classified as disposable, they are to be destroyed in accordance with CCR Title 5, §16027. This requires that they be retained for three years beyond the date of origination.

The third category of pupil records – **Permitted** - may be destroyed whenever their usefulness ceases without the waiting period. However, if a student transfers, graduates or otherwise terminates attendance, such records shall be held six months and then destroyed.

As **Mandatory Permanent** pupil records, special education records may be classified as Class III, disposable, when they are deemed as no longer useful. This could occur only after transfer or withdrawal from a special education program. Even after classified as
disposable, Mandatory Interim records must be retained for at least three years beyond the date of the record’s creation.

An important exception applies to those records which were used in assessment for a special education candidate who does not become a special education student. In such cases the records are Permitted pupil records and can be classified as Class III, disposable, and destroyed whenever their usefulness ceases.

(5 CCR §§ 432, 437.)

Other pupil-related records are defined within the three categories: mandatory permanent, mandatory interim, and permitted. (See below for a full explanation of each category.)

**Mandatory Permanent** pupil records became Class 1 permanent records when their usefulness ceases, and thus are never destroyed. Caveat: These records or a copy, are retained for every pupil who was ever enrolled in the district. A copy of the mandatory permanent records is forwarded for students who transfer.

The California Early Intervention Services Act is designed “to provide a statewide system of coordinated, comprehensive, family-centered, multidisciplinary, interagency programs, responsible for providing appropriate early intervention services and support to all eligible infants and toddlers and their families.” [California Government Code (Cal. Gov. Code) Sec. 95002.]

All school districts (in El Dorado County IDP) and regional centers in California are responsible for providing early intervention and education services to eligible infants and toddlers younger than 3. The DDS has been designated as lead agency responsible for the administration and coordination of the statewide service delivery system. [Cal. Gov. Code Secs. 95006 & 95007.]

The California Department of Education is responsible for administering services and providing educational programs for infants who meet the following criteria:

1. Have solely “low incidence” disabilities — conditions occurring in less than 1% of the school population which are solely visual, hearing, or severe orthopedic impairments, or any combination of those conditions;
2. Require intensive special education and services.

The local regional center is responsible for providing early intervention services to all other eligible infants, including children who have developmental delays or are at risk of delay. [Cal. Ed. Code Secs. 56026 & 56026.5; Cal. Gov. Code Sec. 95008; Cal. Welfare & Institutions (Welf. & Inst.) Code Sec. 4435; 5 California Code of Regulations (C.C.R.) Sec. 3031.] Having said that, some counties, including El Dorado County are required to operate their programs for infants and toddlers at the same level they did during the 1980 – 81 fiscal year. [Cal. Ed. Code Sec. 56425; Cal. Gov. Code Sec. 95014(c).] This requirement is sometimes referred to as the district’s (IDP’s) “maintenance of effort” or in SEIS this is noted in services as LEA funded.

Funded Capacity means the number of eligible infants, between 12 and 16 students per instructional unit, that the California Department of Education requires LEAs to serve to maintain funding for
their classes/programs/services in a given year pursuant to Education Code section 56728.8 as it read on November 1, 1993.

For infants and toddlers who are eligible to receive services from both a regional center (ACRC) and a local school district (IDP), the regional center is responsible for providing or purchasing appropriate Early Start services that are beyond the responsibilities of the district—but only to the extent these services are required by the federal early intervention law. [Cal. Gov. Code Sec. 95014(c).]

Payor of last resort means the regional center or LEA (IDP) that is required to pay for early intervention services listed on the IFSP when third party payers or other agencies do not have an obligation to pay as required by 34 CFR 303.527.

For services to infants and toddlers who may be eligible for services from both the regional center and school district (IDP). The regional center is the “payer of last resort” and, therefore, ultimately responsible for providing and/or paying [Cal. Gov. Code Sec. 95014(c).]

Preschool Assessment Team (PAT)- The program that completes the part C to part B assessments for children in El Dorado County SELPA on behalf of LEAs who have received Early Intervention services on behalf of the child’s district of residence.
Early Start Program

1. Infant Services For Ages 0 to 2-11

The infant services of El Dorado County SELPA (Early Start Program) are based on a clearly defined philosophy which affects all program decisions including staff hiring and development, curriculum, assessment, team decision making, budgetary decisions and community outreach and are compatible with Part C legislation.

a. Key philosophical premises of infant services for the El Dorado County SELPA include the following:

1) A primary service provider model that utilizes parent coaching. The parent is or is capable of becoming the child's best teacher and advocate. It is the responsibility of the staff to encourage the parent in his/her role.

2) The program shall provide a full range of infant development services including developmental education, speech and language therapy, occupational therapy, physical therapy, team assessment, parent support and advocacy.

3) Interagency collaboration is critical in order to assure comprehensive, coordinated, and non-duplicated services.

4) A variety of program options shall be available to infants with special needs and their families within a natural environment as defined by Part C regulations.

5) When appropriate, play groups within natural environment are conducted which help families to be comfortable, have access to other disciplines, connect with community and promote modeling of quality parenting skills.

b. The Early Start Infant Program (IDP) shall include services specially designed to meet the unique needs of infants, from birth to three years of age, and their families. The primary purpose of an early education program is to enhance the development of the infant.

c. Receipt of a referral by any initial contact agency begins a 45-day timeline, at which time an Individual Family Service Plan meeting must be held.

2. Child Find (Procedures for Public Search)

a. It is the responsibility of the SELPA in conjunction with the SELPA Steering Committee to ensure that:
1) The public agencies, private schools, appropriate professional persons and parents are notified about special education programs and resources, eligibility requirements, and referral process through:

   ii. public forums, websites

   iii. brochures

2) Materials describing the special education services available within the SELPA, the referral process and the contact person are prepared. This includes Early Intervention services and information regarding the referral process.

3) Prepared materials are distributed to:

   i. local child care centers

   ii. local health care facilities (i.e. physicians, prenatal and postnatal care facilities, hospitals, pediatrician offices)

   iii. Interagency meetings

   iv. public health facilities and social services agencies

   v. parent organizations and support groups

4) Districts work with the Regional Center (ACRC) to locate all infants and toddlers who may be eligible for early intervention services. The Regional Center (ACRC) and LEA shall inform primary referral sources of the:

   i. eligibility criteria for early intervention services;

   ii. types of early intervention services available through the Early Start Program;

   iii. contact persons and telephone numbers for The Regional Center (ACRC), LEA’s and IDP: and

   iv. information reflecting the federal requirement that a referral shall be made to the regional center or LEA (IDP) within two (2) working days of identification of an infant or toddler who is in need of early intervention services.

b. It is the responsibility of the SELPA in conjunction with the SELPA Steering Committee to ensure that:
1) presentations are made to local professional groups, philanthropic organizations and other organizations established to inform and/or serve culturally diverse populations;

2) district staff are trained in public search procedures;

3) the record number of inquiries received through public search effort are recorded; and

4) that all inquiries initiated through public search efforts are processed.

3. Evaluation and Assessment

a. Upon receipt of a referral, telephone contact is made with the parent regardless if the child is referred through ACRC or call in directly to IDP. A written Consent to Exchange Information is obtained along with further information regarding the child's and family's needs. Through telephone or team conferences with the appropriate agencies, the funding agency is determined, a timeline determined and an evaluation planned.

b. Evaluation to determine eligibility is completed through a multi-disciplinary procedure. Specific disciplines will be represented as infant family needs dictate. Pertinent medical and developmental information will be obtained if available at assessment or using Exchange of Information (with parent signature) and included in the evaluation and eligibility process.

c. Assessment procedures (including the eligibility assessment) will be ongoing throughout the child's enrollment.

d. Assessments may include all developmental areas (physical including vision and hearing, cognitive, communication, social-emotional, and adaptive behavior) and a family directed assessment of their concerns, priorities, and resources.

4. Individualized Family Service Plans (IFSP)

a. If immediate needs exist, an interim IFSP is developed by the service coordinator and the family. This does not alter the need for an IFSP to be held within 45 days from the date of referral. (5 CCR § 52107.)

b. An initial meeting to develop the IFSP is called within 45 days from the date of referral. All involved agencies will have a representative attend the meeting and/or provide written input for team consideration. (5 CCR § 52102.)

c. The IFSP includes strengths and needs of the child. A voluntary statement of the parent's resources and priorities of the child may be included. It documents all evaluation results and will include specific outcomes for the child and family. The agency responsible for funding the outcomes and specific actions and timelines are written into the IFSP. An additional responsibility of the IFSP team is to designate a permanent service coordinator for the family. (5 CCR § 52106.)
d. A periodic review of the IFSP for an infant or toddler and the infant's or toddler's family shall
be conducted every six months, or more frequently if service needs change, or if the parent
requests such a review.
Documentation of each periodic review of the IFSP by the service coordinator shall include:
(1) The degree to which progress toward achieving the outcomes is being made;
(2) All modifications or revisions of the outcomes or services as necessary.

The periodic review of the IFSP may be carried out by a meeting or by another means that is
acceptable to the parent and other participants.

The IFSP will be reviewed every six months, or more frequently if needed or requested by the
family, and an IFSP team meeting will be held at least every six months.

(5 CCR § 52102.)

5. Transdisciplinary Team

Decisions regarding services for infants and toddlers will be made by transdisciplinary teams
including representatives from education, IDP providers, regional centers and active parent
participation. (5 CCR § 52104.)

6. Provision of Specialized Services to Infants and Toddlers with Low Incidence Disabilities

Part C of the Individuals with disabilities Act responsibility is to provide appropriate early
intervention services for the children who have a solely low-incidence disability. For infants and
toddlers, program location options include home based, group services including but not limited
to Early Head Start, home and group options provided in the natural environment. The natural
environment means settings that are natural or typical for age peers who have no disability
including the home and community settings in which children without disabilities participate. A
natural environment is a location at which the program would still exist if children with
disabilities did not attend. Natural learning environments are the places where children
experience everyday, typically occurring learning opportunities that promote and enhance
behavioral and developmental competencies. For Deaf/ Hard of Hearing children whose
language is primarily sign language or speaking programs if child has cochlear implant or total
communication, placements can also include a setting where other children with similar age and
language modalities will be present.
(5 CCR § 52110.) This particular code describes basis for requiring LEA’s to provide EI services
and includes LI disabilities. We do not have a DHH, VI or OI class that we can offer children
who are solely low but as you know, this is where the requirement to fund infant/toddlers in
programs like CChat and other oral programs. Just not sure how much detail you want here.

7. Service Coordination

The role of the service coordinator is to assist and enable an eligible child and the child's
family to receive the rights, procedural safeguards, and services authorized. The service coordinator is to facilitate implementation of the IFSP and to coordinate services with other agencies and persons. Services coordination is an Early Intervention service and includes such areas as:

a. providing the initial notice to the parent;

b. obtaining consent;

c. serving as the primary point of contact for coordinating services and assistance for the infant's or toddler's parent, service providers and regional center and/or public agencies;

d. informing the parent of the availability of additional non-required services of these regulations which may provide assistance to the family;

e. facilitating the delivery of services on the initiation date identified in the IFSP;

f. continuously seeking the appropriate services and service providers necessary to enhance the development of each infant or toddler being served for the duration of the infant's or toddler's eligibility;

g. coordinating the performance of initial and subsequent evaluations and assessments;

h. participating in the development and review of the IFSP;

i. monitoring the delivery of services and the degree to which progress toward achieving outcomes is being made through the periodic review of the IFSP;

j. informing the parent of advocacy services and procedural safeguards contained in these regulations;

k. facilitating the exchange of information between service providers including health providers, medical case managers, regional centers and LEAs; and

l. facilitating the development of transition steps in the IFSP.

(34 C.F.R. § 303.34.)

8. Local Interagency Agreements

Regional centers and LEAs (IDP) shall develop and maintain local interagency agreements. Local interagency agreements shall include, but not be limited to the following:

a. the responsibilities of each LEA (IDP) and regional center for meeting the terms of the agreement;
b. procedures for coordination of child find activities with local public agencies and regional centers to identify infants and toddlers who may be eligible for early intervention services;

c. specific procedures for coordination of referrals for evaluation and assessment;

d. procedures for the assignment of a service coordinator;

e. interagency procedures for identifying the responsibilities of the regional center and LEA (IDP) for completing the evaluation and assessment and determining eligibility within the appropriate time requirements and when an infant or toddler may receive services from both the regional center and LEA;

f. procedures for the timely exchange of information between regional centers and LEA (IDP);

g. mechanisms for ensuring the availability of contacts at regional centers and LEA (IDP) at all times during the year;

h. procedures for interagency IFSP development when infants and toddlers may be eligible for early intervention services from the regional center and the LEA or other state or local programs or services;

i. procedures to ensure the provision of services during periods of school vacation when services are required on the IFSP;

j. transition planning procedures which begin at least three months prior to a toddler's third birthday, and as early as six months at the parent's discretion;

k. procedures for the training and assignment of surrogate parents; and

l. procedures for accepting transfers of infants or toddlers with existing IFSPs.

(17 CCR § 52140.)

9. Transition at Age Three

a. At least three (3) months prior to the child reaching age three, and as early as six months, in recognition of potential rapid growth and change, the service coordinator will coordinate with the family the development of an Transition Planning Conference (TPC) which will include the steps to be taken to support the transition of the child, at age three, to appropriate services or placement. The Early Start service coordinator shall:

1) notify the parent of a toddler who may be eligible for special education and related services under Part B of the Individuals with Disabilities Education Act that transition planning will occur within the next three to six months; a TPC meeting date will be determined;
2) notify the Preschool Assessment Team that there will be an IFSP meeting requiring the attendance of an LEA (PAT) representative before the toddler is two years nine months, or at the discretion of all parties, up to six months before the toddler turns three years old to specify the transition steps necessary for movement into services under Part B of the Individuals with Disabilities Education Act; and

3) The service coordinator and LEA (PAT) shall agree on the date for the TPC to specify the transition steps necessary for movement into services under Part B.

b. Three steps will be completed with regards to the transition:

1) Discussions will be held and information will be provided to parents regarding:

   i. the toddler's transition to special education for a toddler with a disability who may be eligible for special education and related services under Part B of the Individuals with Disabilities Education Act; and

   ii. steps to prepare the toddler for changes in service delivery, including steps to help the toddler adjust to, and function in, a new setting.

c. For toddlers who may be eligible for preschool services from the LEA under Part B of the Individuals with Disabilities Education Act, the transition steps necessary for movement into services under Part B or other appropriate program, written at the TPC meeting before the toddler is two years nine months, or at the discretion of all parties, up to six months before the toddler's third birthday, shall include the following:

1) with parental consent, the transmission of information about the toddler to the LEA (PAT) including evaluation and assessment information and copies of the IFSP that have been developed and implemented;

2) identification of needed assessments to determine regional center (ACRC) and special education eligibility and determining the regional center or LEA (PAT) responsible and time lines for completing the needed assessments;

3) statements of the steps necessary to ensure that the referral to (PAT), is received by in a timely manner to ensure that assessments required under the provisions of Part B of the Individuals with Disabilities Education Act are completed and an IEP is implemented by the toddler's third birthday;

4) a referral for evaluation and assessment for services under Part B of the Individuals with Disabilities Education Act no later than the time that the toddler is two years nine months of age or before (PAT) breaks in school services if the toddler will become three years of age during a break in school services. The TPC shall contain steps necessary to satisfy
the referral and IEP development requirements contained in Education Code Sections 56321 and 56344;

5) identification of the people responsible for convening an IEP and final IFSP meeting, and the person responsible for convening an Individual Program Plan (ACRC process for children who are eligible for ACRC services past their third birthday)IPP meeting, if necessary, for a toddler by age three to:

10. Family Involvement Activities

a. The parent is fully involved in the referral-assessment-IFSP process. Parents are involved in assessment and parent input is valued and encouraged; the parent is a full member and an active participant of the IFSP team.

b. Efforts will be made to link parents with other parents for support and encouragement. This includes encouraging parents to participate in local resources provided by our local HUBs, Warmline, Community Advisory Committee etc.…

c. Parents will be encouraged to actively participate in Community Advisory Committee meetings.

d. Staff development activities will focus on the infant and toddler with special needs and their
families as a dynamic system. Staff members will be encouraged participate in staff develop

e. Staff members will work as a transdisciplinary team to provide assessment for eligibility, on-
going assessment, IFSP development and ongoing program implementation. The
transdisciplinary team may include, but need not be limited to, qualified persons from the
following disciplines:

Definitions/Descriptions:

Alta California Regional Center (ACRC) is the local regional center and the agency referred to when regional center is noted within the regulation.

IDP is the El Dorado County Office of Education Infant Development Program. IDP provides early start/Early Intervention services to children birth to three in the El Dorado County SELPA on behalf of the LEAs in El Dorado County. Part C (formerly known as Part H) governs the federal “early intervention” program for infants and toddlers, aged birth through two years.

The California Early Intervention Services Act is designed “to provide a statewide system of coordinated, comprehensive, family-centered, multidisciplinary, interagency programs, responsible for providing appropriate early intervention services and support to all eligible infants and toddlers and their families.” [California Government Code (Cal. Gov. Code) Sec. 95002.]

All school districts (in El Dorado County IDP) and regional centers in California are responsible for providing early intervention and education services to eligible infants and toddlers younger than 3. The DDS has been designated as lead agency responsible for the administration and coordination of the statewide service delivery system. [Cal. Gov. Code Secs. 95006 & 95007.]

The California Department of Education is responsible for administering services and providing educational programs for infants who meet the following criteria:

(1) Have solely “low incidence” disabilities — conditions occurring in less than 1% of the school population which are solely visual, hearing, or severe orthopedic impairments, or any combination of those conditions;
(2) Require intensive special education and services.

The local regional center is responsible for providing early intervention services to all other eligible infants, including children who have developmental delays or are at risk of delay. [Cal. Ed. Code Secs. 56026 & 56026.5; Cal. Gov. Code Sec. 95008; Cal. Welfare & Institutions (Welf. & Inst.) Code Sec. 4435; 5 California Code of Regulations (C.C.R.) Sec. 3031.] Having said that, some counties, including El Dorado County are required to operate their programs for infants and toddlers at the same level they did during the 1980 – 81 fiscal year. [Cal. Ed. Code Sec. 56425; Cal. Gov. Code Sec. 95014(c).] This requirement is sometimes referred to as the district’s (IDP’s) “maintenance of effort” or in SEIS this is noted in services as LEA funded.

Funded Capacity means the number of eligible infants, between 12 and 16 students per instructional unit, that the California Department of Education requires LEAs to serve to maintain funding for
their classes/programs/services in a given year pursuant to Education Code section 56728.8 as it read on November 1, 1993.

For infants and toddlers who are eligible to receive services from both a regional center (ACRC) and a local school district (IDP), the regional center is responsible for providing or purchasing appropriate Early Start services that are beyond the responsibilities of the district—but only to the extent these services are required by the federal early intervention law. [Cal. Gov. Code Sec. 95014(c).]

Payor of last resort means the regional center or LEA (IDP) that is required to pay for early intervention services listed on the IFSP when third party payers or other agencies do not have an obligation to pay as required by 34 CFR 303.527.

For services to infants and toddlers who may be eligible for services from both the regional center and school district (IDP). The regional center is the “payer of last resort” and, therefore, ultimately responsible for providing and/or paying [Cal. Gov. Code Sec. 95014(c).]

Preschool Assessment Team (PAT)- The program that completes the part C to part B assessments for children in El Dorado County SELPA on behalf of LEAs who have received Early Intervention services on behalf of the child’s district of residence.

LEAs shall obtain a written affirmation signed by the representatives of participating private schools, and if
such representatives do not provide such affirmation within a reasonable period of time, the
SELPA/facility LEAs shall forward the documentation of the consultation process to the State
Educational Agency. A private school official has the right to submit a complaint to the California
Department of Education (CDE), if:

(A) The SELPA/facility LEA’s consultation was not meaningful and timely, or

Monitoring Compliance with State and Federal Laws

Education Code Section 56195.7 requires development of written agreements to be entered into by the entities participating in the Local Plan for Special Education which include regionalized services to local program. Among the regionalized services is the provision for ongoing review of programs conducted, and procedures utilized, under the local plan, and a mechanism for correcting any identified problem.

SELPA monitoring activities to meet the Education Code requirement specified above may include but not be limited to the following:

- Observation of special education programs operated by each member district
- Periodic review of Individualized Education Program (IEP) documents developed by member district IEP teams
- Review and analysis of member district CALPADS data
- Participation in the California Department of Education’s (CDE) Quality Assurance Process (QAP) (i.e., Self Reviews, Intensive Reviews and follow-up corrective action activities) for each member district
- Participation in selected member district IEP team meetings
- Review of selected member district assessment reports
- Provision of ongoing training and technical assistance regarding compliant special education procedures

Correction of identified problems may be carried out through the following means:

- Consultation with the administrative personnel responsible for the member district's special education programs
- Provision of training and technical assistance as necessary to clarify compliant practices with appropriate staff of member districts
- Assistance with correction of noncompliant procedures or practices identified through state or local compliance complaint investigations

In cases where the identified problem persists following implementation of such steps as outlined above, the LEA Superintendent shall be notified regarding the issue.

The districts within the El Dorado County SELPA shall establish and implement, with respect to actions regarding the identification, evaluation, or educational placement of persons who, because of disability, need or are believed to need special instruction or related services, a system of procedural safeguards that includes records, an impartial hearing with opportunity for participation by the person's parents or guardian.
and representation by counsel, and a review procedure. Compliance with the procedural safeguards of Section 615 of the Education of the Handicapped Act is one means of meeting this requirement.

**Individuals with Disabilities Education Act (IDEA) and the California Department of Education (CDE)**

Federal and state law requires the California Department of Education (CDE), as the state education agency (SEA), to enforce local compliance with laws guaranteeing children with disabilities a free appropriate public education (20 U.S.C. Section 1412(a)(11); 34 C.F.R. Section 300.600; Ed. Code Section 56000). CDE has established a process to monitor complaints and timelines associated with complaints through individual compliance complaint investigations, intensive review, and the quality assurance process (QAP). A complaint investigation is a formal inquiry required by federal and state law when it is alleged that a public education agency (PEA) has not followed a special education law or regulation. An investigation is required when it is alleged that:

- A due process final decision has not or is not being implemented;
- The health, safety, and welfare of a student or students are of concern;
- Federal law (Part B of IDEA) is not being followed;
- The student's IEP is not being implemented as written;
- A public agency, other than the member district has failed or refused to comply with an applicable law or regulation relating to the provision of free appropriate public education to students with disabilities (Government Code Section 7570, i.e., mental health, etc.).

The districts within the El Dorado County SELPA will follow the timelines and processes established by the CDE as it relates to compliance issues. Upon receipt of a complaint, the member districts will within the 10 calendar-day timeline for local resolution (if appropriate):

- Contact the CDE complaint investigator to clarify the complaint and to negotiate the local findings needed to clear the complaint;
- Contact the parent to clarify the issues;
- Conduct a fact-finding process on the case related specifically to the complaint allegations (determine what will need to be reviewed: IEP, assessment plan, site logging procedure to referral, timelines for assessment/IEP, etc.) within 10 calendar days.

The member district will work with the family to resolve the complaint. The following three outcomes could occur:

#1 – Resolution
The district and parent are able to resolve the issues identified in the complaint document.

- The district will use the CDE-provided complaint resolution form to record:
  - Information gathered in the investigation.
  - Resolution achieved.
  - Obtain appropriate signatures.
  - Fax and send hard copy of the report to the CDE investigator.
  - If necessary, hold an IEP to document agreement

#2 - Resolution in Process

The district will attempt to negotiate a resolution to the issues identified in the complaint document if the complaint is not settled by the ninth day of the ten-day timeline.

- By the ninth day of the ten-day timeline, the member district will contact the CDE (verbal or written communication) and provide an update as to the status of the case.
- The district will attempt to secure a timeline extension with the parent in order to continue a negotiated resolution at the local level.
- The district will provide CDE a copy of the written time extension. The district will request that CDE approve the timeline extension.
- The district will receive written communication from CDE with a copy to the parent of the agreements related to extending the time line in order to continue to resolve the issues at the local level.

#3 – No Resolution

No resolution due to (but not limited to) the following:

- District investigation findings do not substantiate the parent's complaint allegations.
- District and parent are unable to find a "win-win" resolution to the allegations substantiated in the investigation.
- District and special education service provider are not able to negotiate a resolution.

The district contacts CDE to notify that no resolution can be reached.

CDE will conduct their own investigation and provide both parties with their findings.

If the member district disagrees with the CDE finding or concessions, that district may choose not to sign the Report of Complaint Resolution, implying continued CDE investigation. If the district agrees with CDE findings and signs the document, the district will ensure that the finding is cleared within the timelines agreed to by the district.
Member districts acknowledge their responsibility and liability to their fellow SELPA members by following federal and state laws and timelines related to the filed complaint. Districts recognize that any prolonged and substantial noncompliance, determined through CDE monitoring or investigation may result in CDE imposed sanctions that may have a negative effect on the entire El Dorado County SELPA.

The SELPA Director will inform the district Superintendent and the SELPA Superintendents’ Council at a public meeting of a member district's prolonged and substantial noncompliance.

The SELPA Director will provide supportive documentation to the district compliant investigation findings.

- Attempts to resolve the case locally.
- Interactions with CDE in an attempt to resolve the issues.
- Requests for mediation through the Office of Administrative Hearing (OAH) and the mediation outcomes.

The SELPA Superintendent’s Council may:

- Provide a directive to the district through an action.

**Section 504 of the Rehabilitation Act of 1973**

The districts within El Dorado County SELPA recognize the need to identify and locate every qualified disabled person enrolled in their districts who is not receiving a public education and take appropriate steps to notify those persons and their parents or guardians of the district's duties under Section 504 of the Rehabilitation Act of 1973. Specifically, the districts shall make efforts to identify students with physical and/or mental impairments which substantially limit a major life activity in order to provide those students with appropriate educational opportunities. Major life activities include, but are not limited to seeing, hearing, speaking, walking, breathing, learning, working, caring for oneself, and performing manual tasks. The districts’ governing boards further adopt a policy of nondiscrimination in provision of educational services. Eligible disabled students who have not graduated are covered by these procedures.

The districts recognize that special procedures and guidelines may be necessary when disciplining an identified 504 student in order to ensure that the student is not disciplined for conduct which is caused by his or her disability. Parents or guardians who allege that the LEA has violated the provisions of Section 504 may:
1. File a complaint with the Section 504 Coordinator, who will investigate the allegations to the extent warranted by the nature of the complaint in an effort to reach a prompt and equitable resolution; or

2. Contact the SELPA to see if SELPA mediation could assist in reaching resolution

3. File a complaint with the Office of Civil Rights.
COMPLIANCE ASSURANCES

Monitoring Compliance with State and Federal Laws

Education Code Section 56195.7 requires development of written agreements to be entered into by the entities participating in the Local Plan for Special Education which include regionalized services to local program. Among the regionalized services is the provision for ongoing review of programs conducted, and procedures utilized, under the local plan, and a mechanism for correcting any identified problem.

SELPA monitoring activities to meet the Education Code requirement specified above may include but not be limited to the following:

- Observation of special education programs operated by each member district
- Periodic review of Individualized Education Program (IEP) documents developed by member district IEP teams
  - Analysis of member district KPI data
- Review and analysis of member district CALPADSCASEMIS data
- Participation in the California Department of Education’s (CDE) state's Quality Assurance Process (QAP) (i.e., CCR-Self Reviews, Intensive Verification Reviews and follow-up corrective action activities) for each member district
- Participation in selected member district IEP team meetings
- Review of selected member district assessment reports
- Provision of ongoing training and technical assistance regarding compliant special education procedures

Correction of identified problems may be carried out through the following means:

- Consultation with the administrative personnel responsible for the member district's special education programs
- Provision of training and technical assistance as necessary to clarify compliant practices with appropriate staff of member districts
- Assistance with correction of noncompliant procedures or practices identified through state or local compliance complaint investigations

In cases where the identified problem persists following implementation of such steps as outlined above, the LEA Superintendent shall be notified regarding the issue.

The districts within the El Dorado County SELPA shall establish and implement, with respect to actions regarding the identification, evaluation, or educational placement of persons who, because of disability, need or are believed to need special instruction or related services, a system of procedural safeguards that includes records, an impartial hearing with opportunity for participation by the person's parents or guardian.
and representation by counsel, and a review procedure. Compliance with the procedural safeguards of Section 615 of the Education of the Handicapped Act is one means of meeting this requirement.

**Individuals with Disabilities Education Act (IDEA) and the California Department of Education (CDE)**

Federal and state law requires the California Department of Education (CDE), as the state education agency (SEA), to enforce local compliance with laws guaranteeing children with disabilities a free appropriate public education (20 U.S.C. Section 1412(a)(11); 34 C.F.R. Section 300.600; Ed. Code Section 56000). CDE has established a process to monitor complaints and timelines associated with complaints through individual compliance complaint investigations, intensive coordinated compliance review (CCR), and the quality assurance process (QAP). A complaint investigation is a formal inquiry required by federal and state law when it is alleged that a public education agency (PEA) has not followed a special education law or regulation. An investigation is required when it is alleged that:

- A due process final decision has not or is not being implemented;
- The health, safety, and welfare of a student or students are of concern;
- Federal law (Part B of IDEA) is not being followed;
- The student's IEP is not being implemented as written;
- A public agency, other than the member district has failed or refused to comply with an applicable law or regulation relating to the provision of free appropriate public education to students with disabilities (Government Code Section 7570, i.e., mental health, etc.).

The districts within the El Dorado County SELPA will follow the timelines and processes established by the CDE as it relates to compliance issues. Upon receipt of a complaint, the member districts will within the 10 calendar-day timeline for local resolution (if appropriate):

- Contact the CDE complaint investigator to clarify the complaint and to negotiate the local findings needed to clear the complaint;
- Contact the parent to clarify the issues;
- Conduct a fact-finding process on the case related specifically to the complaint allegations (determine what will need to be reviewed: IEP, assessment plan, site logging procedure to referral, timelines for assessment/IEP, etc.) within 10 calendar days.

The member district will work with the family to resolve the complaint. The following three outcomes could occur:
#1 – Resolution

The district and parent are able to resolve the issues identified in the complaint document.

- The district will use the CDE-provided complaint resolution form to record:
  - Information gathered in the investigation.
  - Resolution achieved.
  - Obtain appropriate signatures.
  - Fax and send hard copy of the report to the CDE investigator.
  - If necessary, hold an IEP to document agreement

#2 - Resolution in Process

The district will attempt to negotiate a resolution to the issues identified in the complaint document if the complaint is not settled by the ninth day of the ten-day timeline.

- By the ninth day of the ten-day timeline, the member district will contact the CDE (verbal or written communication) and provide an update as to the status of the case.
- The district will attempt to secure a timeline extension with the parent in order to continue a negotiated resolution at the local level.
- The district will provide CDE a copy of the written time extension. The district will request that CDE approve the timeline extension.
- The district will receive written communication from CDE with a copy to the parent of the agreements related to extending the timeline in order to continue to resolve the issues at the local level.

#3 – No Resolution

No resolution due to (but not limited to) the following:

- District investigation findings do not substantiate the parent's complaint allegations.
- District and parent are unable to find a "win-win" resolution to the allegations substantiated in the investigation.
- District and special education service provider are not able to negotiate a resolution.

The district contacts CDE to notify that no resolution can be reached.

CDE will conduct their own investigation and provide both parties with their findings.

If the member district disagrees with the CDE finding or concessions, that district may choose not to sign the Report of Complaint Resolution, implying continued CDE investigation. If the district agrees with CDE findings and signs the document, the
district will ensure that the finding is cleared within the timelines agreed to by the district.

Member districts acknowledge their responsibility and liability to their fellow SELPA members by following federal and state laws and timelines related to the filed complaint. Districts recognize that any prolonged and substantial noncompliance, determined through CDE monitoring or investigation may result in CDE imposed sanctions that may have a negative effect on the entire El Dorado County SELPA.

The SELPA Director will inform the district Superintendent and the SELPA Superintendents’ Council of a member district's prolonged and substantial noncompliance. The SELPA Director will provide supportive documentation to the district compliant investigation findings.

- Attempts to resolve the case locally.
- Interactions with CDE in an attempt to resolve the issues.
- Requests for mediation through the Office of Administrative Hearing (OAH) and the mediation outcomes.

The SELPA Superintendent’s Council may:

- Provide a directive to the district through an action.
- Ask the County Superintendent/designee to mediate with one or all parties.

2. Contact the SELPA to see if SELPA mediation could assist in reaching resolution

3. File a complaint with the Office of Civil Rights.

FEDERAL MAINTENANCE OF EFFORT (MOE)

Compliance
The El Dorado County SELPA (SELPA) shall meet federal MOE regulations that require the use of federal funds to pay the excess costs of providing special education and related services to children with disabilities and to supplement and not supplant state and local funds for special education (34 CFR 300.202-300.205).

The SELPA Administrative Unit (AU), as the grantee of federal funds from the California Department of Education (CDE), shall distribute all or part of the federal funds received to participating eligible local education agencies (LEAs) within the SELPA through a sub-granting process.

LEAs will annually compile, and submit to the SELPA, budget and expenditure information required to conduct the federally-required calculations and compliance testing, determining the status of MOE compliance for the SELPA as a whole and for each LEA.

Eligibility
The state has directed the SELPA, as the conduit for IDEA Part B grant funds, to be responsible for determining eligibility of an LEA to retain funds received and to receive future funds. To fulfill these requirements, IDEA establishes four annual compliance tests on two different data sets.

The two data sets are:
1. Comparison of the grant year budget to preceding year actual expenditures.
2. Comparison of Prior Year actuals to second prior year actuals, pursuant to the subsequent year rule.

Subsequent Year Rule
When an LEA fails to meet any of the four required MOE tests on either of the two data sets in a year, the LEA is required in subsequent fiscal years to maintain effort at the level prior to the failure. Thus, the LEA must calculate its level of effort based on the most recent fiscal year in which the MOE test was passed.

MOE standards and test procedures are provided by the CDE based on federal requirements and are included as an AR to this policy.

FEDERAL MAINTENANCE OF EFFORT (MOE)

Introduction
The El Dorado County SELPA (SELPA) shall meet the federal maintenance of effort (MOE) regulations requiring that federal funds provided under Part B of the IDEA not be used to reduce the level of expenditures for the education of children with disabilities made from local funds below the level of those expenditures for the preceding fiscal year except as provided in federal law and regulations. (ref: Title 34 Code of Federal Regulations C.F.R. Sections 300.203-300.205).

Determination of Maintenance of Effort Compliance
The California Department of Education (CDE) monitors compliance with the MOE requirement at the SELPA level. The administrative unit (AU) of the El Dorado County SELPA monitors compliance of its member LEAs. There are two required data sets upon with testing must be performed to determine MOE compliance:

First Comparison – Grant Year Budget to Preceding Year Actual Expenditures (SEMB)
- LEA will submit to the SELPA the required MOE documentation each year.
- Budgeted local, or state and local expenditures must equal or exceed preceding year expenditures for each LEA and for the SELPA as a whole, subject to the federal Subsequent Years rule.
- SELPA must ensure LEA meets the eligibility comparison test before the allocation of Part B funds are made to the LEA.

Section 1 - Exempt Reduction Under 34 CFR Section 300.204
Each year LEAs should record if any of the allowable exceptions to MOE are present. If an LEA determines that a reduction in expenditures occurred as a result of one or more of the following conditions, the LEA may calculate a reduction to the required MOE standard. Reductions may apply to local only MOE standard, combined state and local MOE standard or both.
1. Voluntary departure, or departure for just cause, of special education or related services personnel, who may be replaced by qualified, lower-salaried staff.
2. Decrease in the enrollment of children with disabilities.
3. The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child:
   a. Has left the jurisdiction of the agency;
   b. Has reached the age at which the obligation of the agency to provide free appropriate public education (FAPE) to the child has terminated; or
   c. No longer needs the program of special education.
4. The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.
Section 2 – “50 Percent Rule”
LEAs who have a “meets requirements” compliance determination under IDEA, Section 613(a) and not found to be Significantly Disproportionate for the current year are eligible to use this option to reduce their MOE requirement by:

LEA may reduce the level of local or state and local expenditures otherwise required by the LEA MOE requirement by calculating 50% of the increase in federal sub-grant allocation received for the current fiscal year compared to the prior fiscal year and reducing the LEA’s state and local MOE requirement by that amount.

The LEA must use an amount of local funds equal to the reduction in expenditures to carry out activities that could be supported with funds under the Elementary and Secondary Education AC (ESEA) of 1965. This amount includes any activities under Title 1, Impact Aid, and other ESEA programs.

The LEA may not use this Section in conjunction with voluntary use of 15% of the federal grant for Coordinated Early Intervening Services (CEIS) or Response to Intervention (RTI) costs.

Section 3 – Four MOE Test Methods to Maintain Effort
Either local or state and local funding sources are used for comparison at the SELPA level as well as for each individual LEA. In addition, the comparison may be per capita (per child with a disability). The four methods to maintain effort are:
1. The combination of state and local funds
2. Local funds only
3. The combination of state and local funds on a per capita basis
4. Local funds only on per capita basis

If the SELPA as a whole passes Comparison 1, the SELPA as a whole is eligible to receive Part B funding. If the SELPA as a whole should not meet MOE under Comparison 1, the SELPA as a whole, and all of its participating LEA members, will be ineligible to receive Part B funding until budgetary revisions are made to enable the SELPA, as a whole, to meet MOE requirements.

If the SELPA as a whole passes Comparison 1, but one or more individual LEA sub-grant recipients fail Comparison 1, the LEA(s) shall have until First Interim certification occurs to comply with MOE requirements.

If an LEA has not rectified the problem by the date that First Interim certification is made, its proportionate share of the federal funds shall be re-distributed, on a proportionate share basis, to those LEA sub-grant recipients that complied with the MOE requirements at Comparison 1, but only to the extent that they do not reduce state and local or “local only” expenditures to the point that they create MOE difficulties for the
receiving LEA. Any remaining funds from this distribution will be retained by the SELPA AU and used for eligible federal expenditures.

When an LEA fails to meet the MOE test in one year, the LEA is required in subsequent fiscal years to maintain effort at the level prior to the failure. Thus, the LEA must calculate its level of effort on the most recent fiscal year in which the MOE test was met.

**Second Comparison – Prior Year Actuals vs. Second-Preceding Year Actuals or the most recent year LEA met using the method**

- Actual local or state and local expenditures must equal or exceed preceding year expenditures, subject to the federal Subsequent Years rule.
- Comparison is made annually after unaudited actuals data is submitted to CDE following the end of the fiscal year.

Section 1 – Each year LEAs should record any of the allowable exceptions that may reduce the amount required to meet MOE, listed below:

1. Voluntary departure or departure for just cause, of special education or related services personnel, who may be replaced by qualified, lower-salaried staff.
2. Decrease in the enrollment of children with disabilities.
3. The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child:
   a. Has left the jurisdiction of the agency;
   b. Has reached the age at which the obligation of the agency to provide free appropriate public education (FAPE) to the child has terminated; or
   c. No longer needs the program of special education.
4. The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.

Section 2 – “50 Percent Rule”

LEAs who have a “meets requirements” compliance determination under IDEA, Section 613(a) and not found to be **Significantly Disproportionate** for the current year are eligible to use this option to reduce their MOE requirement by:

LEA may reduce the level of local or state and local expenditures otherwise required by the LEA MOE requirement by calculating 50% of the increase in federal sub-grant allocation received from the current fiscal year compared to the prior fiscal year and reducing the LEA’s state and local MOE requirement by that amount.

The LEA must use an amount of local funds equal to the reduction in expenditures to carry out activities that could be supported with funds under the Elementary and Secondary Education Act (ESEA) of 1965. This amount includes any activities under Title I, Impact Aid, and other ESEA programs.
The LEA may not use this Section in conjunction with voluntary use of 15% of the federal grant for Coordinated Early Intervening Services (CEIS) or Response to Intervention (RTI) costs.

Section 3 – Four MOE Test Methods
Either local or state and local funding sources are used for comparison at the SELPA level as well as for each individual LEA. In addition, the comparison may be per capita (per child with a disability). The four methods to maintain effort are:

1. The combination of state and local funds
2. Local funds only
3. The combination of state and local funds on a per capita basis
4. Local funds only on per capita basis

If the SELPA as a whole still fails MOE in Comparison 2 after applying the exceptions, the SELPA will be billed by the State for the amount the SELPA, collectively, failed to spend from local or state and local funds to maintain its level of effort.

The SELPA AU will then bill the individual LEA sub-grant recipients that failed MOE Comparison Test 2 for the amount the LEA(s) failed to spend from local or state and local funds to maintain its level of effort.

If the SELPA as a whole passes Comparison 2 but one or more individual LEA sub-grant recipients fail to spend from local or state and local funds to maintain their level of effort, the SELPA AU will bill on behalf of CDE for the amount that the LEA failed to spend from local or state and local funds to maintain their level of effort. Any amount billed to an LEA must be paid to CDE by the LEA from its state and local funding in the budget year.

When an LEA fails to meet the MOE test in one year, the LEA is required in subsequent fiscal years to maintain effort at the level prior to the failure. Thus, the LEA must calculate its level of effort on the most recent fiscal year in which the MOE test was met.

For the purposes of MOE, the SELPA AU is the recipient of the federal funds from CDE and is, in turn, a grantor of all, or part, of those funds as sub-grants to participating LEAs.
FEDERAL MAINTENANCE OF EFFORT (MOE)

Introduction
The El Dorado County SELPA (SELPA) shall meet the federal maintenance of effort (MOE) regulations requiring that federal funds provided under Part B of the IDEA not be used to reduce the level of expenditures for the education of children with disabilities made from local funds below the level of those expenditures for the preceding fiscal year except as provided in federal law and regulations. This test must be met on either an aggregate or a per capita basis. (ref: Title 34 Code of Federal Regulations C.F.R. Sections 300.203-300.205).

Determination of Maintenance of Effort Compliance
The California Department of Education (CDE) monitors compliance with the MOE requirement at the SELPA level. The administrative unit (AU) of the El Dorado County SELPA monitors compliance of its member districts LEAs. There are two required comparison tests data sets upon with testing must be performed to determine MOE compliance:

Grant Year Budget vs. Prior year Actual Expenditures
Budgeted special education expenditures from local funds and/or combined level of local and state funds must equal or exceed prior year expenditures for each member district and for the El Dorado County SELPA as a whole. Passing this test determines eligibility to receive IDEA Part B funds.

1. End of Year Actual Expenditures vs. Prior Year Actual Expenditures
Actual special education expenditures from local funds and/or combined level of local and state funds must equal or exceed prior year expenditures for each member district and for the El Dorado County SELPA as a whole. If the SELPA does not meet this test, it will be billed for the repayment of federal funds equal to the amount by which it reduced state and local spending.

Calculation of the Comparison Tests
The comparison tests are made by first testing whether expenditures from local/state funds equal or exceed prior year expenditures in total or on a per capita basis (Test 1). If this comparison is not met, an adjustment is allowed for a portion of federal funds received in excess of the amount received in the prior year (Test 2). If the comparison is still not met after the adjustment, certain exceptions are allowed to reduce the level of expenditures below that of the prior year (Test 3).

Test 1
1. Combined state and local funding sources are used for comparison.
2. When the capability exists to isolate “local only” funding sources, the comparison may be made using only “local” resources.
3. Comparison may be either total amount or on a per capita (per child with a disability unless some other basis is permitted by the CDE for determining “per capita”) basis (34 CFR Section 300.203(b))

Test 2
Compare using 50 percent of the increase in federal funding received that year over the prior year as “local funds” (34 CFR Section 300.205)

Test 3
Compare taking into consideration one or more of the following exceptions (34 CFR Section 300.204):

1. The voluntary departure or departure for just cause, of special education or related services personnel
2. A decrease in the enrollment of children with disabilities
3. The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program because the child:
   a. Has left the jurisdiction of the agency
   b. Has reached the age at which the obligation of the agency to provide FAPE to the child has terminated; or
   c. No longer needs the program of special education
4. The termination of costly expenditures for long term purchases, such as the acquisition of equipment or the construction of school facilities
5. The assumption of cost by the high cost fund operated by the SEA under 34 CCR §300.704(c).

First Comparison – Grant Year Budget to Preceding Year Actual Expenditures (SEMB)

- LEA will submit to the SELPA the required MOE documentation each year.
- Budgeted local, or state and local expenditures must equal or exceed preceding year expenditures for each LEA and for the SELPA as a whole, subject to the federal Subsequent Years rule.
- SELPA must ensure LEA meets the eligibility comparison test before the allocation of Part B funds are made to the LEA.

Section 1 - Exempt Reduction Under 34 CFR Section 300.204
Each year LEAs should record if any of the allowable exceptions to MOE are present. If an LEA determines that a reduction in expenditures occurred as a result of one or more
of the following conditions, the LEA may calculate a reduction to the required MOE standard. Reductions may apply to local only MOE standard, combined state and local MOE standard or both.

1. Voluntary departure, or departure for just cause, of special education or related services personnel, who may be replaced by qualified, lower-salaried staff.
2. Decrease in the enrollment of children with disabilities.
3. The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child:
   a. Has left the jurisdiction of the agency;
   b. Has reached the age at which the obligation of the agency to provide free appropriate public education (FAPE) to the child has terminated; or
   c. No longer needs the program of special education.
4. The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.

Section 2 – “50 Percent Rule”
LEAs who have a “meets requirements” compliance determination under IDEA, Section 613(a) and not found to be Significantly Disproportionate for the current year are eligible to use this option to reduce their MOE requirement by:

LEA may reduce the level of local or state and local expenditures otherwise required by the LEA MOE requirement by calculating 50% of the increase in federal sub-grant allocation received for the current fiscal year compared to the prior fiscal year and reducing the LEA’s state and local MOE requirement by that amount.

The LEA must use an amount of local funds equal to the reduction in expenditures to carry out activities that could be supported with funds under the Elementary and Secondary Education Act (ESEA) of 1965. This amount includes any activities under Title 1, Impact Aid, and other ESEA programs.

The LEA may not use this Section in conjunction with voluntary use of 15% of the federal grant for Coordinated Early Intervening Services (CEIS) or Response to Intervention (RTI) costs.

Section 3 – Four MOE Test Methods to Maintain Effort
Either local or state and local funding sources are used for comparison at the SELPA level as well as for each individual LEA. In addition, the comparison may be per capita (per child with a disability). The four methods to maintain effort are:

1. The combination of state and local funds
2. Local funds only
3. The combination of state and local funds on a per capita basis
4. Local funds only on per capita basis

If the SELPA as a whole passes Comparison 1, the SELPA as a whole is eligible to receive Part B funding. If the SELPA as a whole should not meet MOE under Comparison 1, the SELPA as a whole, and all of its participating LEA members, will be ineligible to receive Part B funding until budgetary revisions are made to enable the SELPA, as a whole, to meet MOE requirements.

If the SELPA as a whole passes Comparison 1, but one or more individual LEA sub-grant recipients fail Comparison 1, the LEA(s) shall have until First Interim certification occurs to comply with MOE requirements.

If an LEA has not rectified the problem by the date that First Interim certification is made, its proportionate share of the federal funds shall be re-distributed, on a proportionate share basis, to those LEA sub-grant recipients that complied with the MOE requirements at Comparison 1, but only to the extent that they do not reduce state and local or “local only” expenditures to the point that they create MOE difficulties for the receiving LEA. Any remaining funds from this distribution will be retained by the SELPA AU and used for eligible federal expenditures.

When an LEA fails to meet the MOE test in one year, the LEA is required in subsequent fiscal years to maintain effort at the level prior to the failure. Thus, the LEA must calculate its level of effort on the most recent fiscal year in which the MOE test was met.

Second Comparison – Prior Year Actuals vs. Second-Preceding Year Actuals or the most recent year LEA met using the method

- Actual local or state and local expenditures must equal or exceed preceding year expenditures, subject to the federal Subsequent Years rule.
- Comparison is made annually after unaudited actuals data is submitted to CDE following the end of the fiscal year.

Section 1 – Each year LEAs should record any of the allowable exceptions that may reduce the amount required to meet MOE, listed below:

   c. No longer needs the program of special education.
4. The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.
Section 2 – “50 Percent Rule”
LEAs who have a “meets requirements” compliance determination under IDEA, Section 613(a) and not found to be *Significantly Disproportionate* for the current year are eligible to use this option to reduce their MOE requirement by:

LEA may reduce the level of local or state and local expenditures otherwise required by the LEA MOE requirement by calculating 50% of the increase in federal sub-grant allocation received from the current fiscal year compared to the prior fiscal year and reducing the LEA’s state and local MOE requirement by that amount.

1. The combination of state and local funds
2. Local funds only
3. The combination of state and local funds on a per capita basis
4. Local funds only on per capita basis

If the SELPA as a whole still fails MOE in Comparison 2 after applying the exceptions, the SELPA will be billed by the State for the amount the SELPA, collectively, failed to spend from local or state and local funds to maintain its level of effort.

The SELPA AU will then bill the individual LEA sub-grant recipients that failed MOE Comparison Test 2 for the amount the LEA(s) failed to spend from local or state and local funds to maintain its level of effort.

If the SELPA as a whole passes Comparison 2 but one or more individual LEA sub-grant recipients fail to spend from local or state and local funds to maintain their level of effort, the SELPA AU will bill on behalf of CDE for the amount that the LEA failed to spend from local or state and local funds to maintain their level of effort. Any amount billed to an LEA must be paid to CDE by the LEA from its state and local funding in the budget year.
When an LEA fails to meet the MOE test in one year, the LEA is required in subsequent fiscal years to maintain effort at the level prior to the failure. Thus, the LEA must calculate its level of effort on the most recent fiscal year in which the MOE test was met.

For the purposes of MOE, the SELPA AU is the recipient of the federal funds from CDE and is, in turn, a grantor of all, or part, of those funds as sub-grants to participating LEAs.
SUSPENSION AND EXPULSION/DUE PROCESS

Where California law provides greater protections to students, California law supersedes federal law.

Applicability to Students on 504 Plans

Neither state nor federal law requires IDEA procedures apply to students identified under Section 504 of the federal Rehabilitation Act of 1973 (“Section 504”) (29 USC § 794). However, in some instances, each member district may find it appropriate to apply portions of these procedures (e.g., the limitation that a student with a disability may not be suspended for more than 10 consecutive or cumulative school days) to students with a qualifying disability pursuant to their Section 504 Plan. Districts that wish to apply IDEA procedures to Section 504 students should modify the following regulation accordingly.

IDEA Eligible Students are not Exempt from Suspension and Expulsion

A student identified as an individual with a disability pursuant to the Individuals with Disabilities Education Act (“IDEA”) is subject to the same grounds for suspension and expulsion which apply to students without disabilities.

Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as a student with a disability pursuant to IDEA, and who has engaged in behavior that violated the district's code of student conduct may assert any of the protections under IDEA only if the member district had “knowledge” that the student was disabled before the behavior that precipitated the disciplinary action occurred. (20 USC § 1415(k)(5); 34 CFR § 300.534)

The member district shall be deemed to have “knowledge” that the student has a disability if any of the following conditions exists:

1. The parent/guardian has expressed concern to district supervisory or administrative personnel in writing, or to a teacher of the student, that the student needs special education or related services;

2. The parent/guardian has requested an evaluation of the student for special education pursuant to 34 CFR §§ 300.300 through 300.311; or

3. The teacher of the student or other district personnel has expressed specific concerns directly to the district's director of special education or to other supervisory district personnel about a pattern of behavior demonstrated by the student.

(20 USC 1415(k)(5); 34 CFR 300.534)
The district would not be deemed to have knowledge that a student is disabled if the parent/guardian has not allowed the student to be evaluated for special education services or has refused services. In addition, the district would not be deemed to have knowledge if the district conducted an initial evaluation pursuant to and determined that the student was not an individual with a disability. When a district is deemed to not have knowledge of the disability, the student shall be disciplined in accordance with procedures established for students without disabilities who engage in comparable behavior. (20 USC § 1415(k)(5); 34 CFR § 300.534)

If, during the time period in which the student is subject to disciplinary measures under 34 CFR § 300.530, a request is made to evaluate the student for IDEA eligibility, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities. (20 USC § 1415(k)(5); 34 CFR § 300.534)

Suspension

Member districts of the El Dorado County SELPA who are receiving funds under the IDEA may suspend a student for no more than 10 consecutive or cumulative school days, if the removal does not constitute a change in placement. (20 USC§ 1415(k)(1), 34 CFR §§ 300.530, 300.536; see also Honig v. Doe (1988) 484 US 305 Under California law, a student may not be suspended for more than 20 cumulative school days in a school year. (Ed. Code § 48903.)

- Bus and “in school suspensions”

Note: Whether a bus suspension or "in school suspension" counts as a day of suspension affecting the cumulative total depends on the unique circumstances of each case. (See Analysis of Comments to the Federal Regulations, (2006) 71 Fed. Reg. 156, pg. 46715.) For instance, whether bus transportation is part of the student's individualized education program (IEP). In addition, an "in-school suspension" or "supervised suspension classroom" would not count towards the 20-day cumulative limit described above as long as the student is afforded the opportunity to continue to appropriately participate in the general curriculum, receive the services specified in his/her IEP, and participate with nondisabled students to the extent he/she would have in the current placement. However, the district should be careful that such actions do not constitute a change of placement and should carefully monitor such suspensions.

The LEA Superintendent or designee may suspend a student with a disability for up to 10 consecutive or cumulative school days for a single incident of misconduct, and for up to 20 school days in a school year, as long as the suspension(s) does not constitute a change in placement as defined in 34 CFR 300.536. (Ed. Code § 48903; 34 CFR § 300.530)

The principal or designee shall monitor the number of days, including portions of days, in which a student with an IEP has been suspended during the school year.

The member district shall determine, on a case-by-case basis, whether a pattern of removals of a student from his/her current educational placement for disciplinary reasons constitutes a change
of placement. A change of placement shall be deemed to have occurred under any of the following circumstances:

1. The removal is for more than 10 consecutive or cumulative school days; or

2. The student has been subjected to a series of removals that constitute a pattern because of all of the following:

   a. The series of removals total more than 10 school days in a school year;

   b. The student's behavior is substantially similar to his/her behavior in previous incidents that resulted in the series of removals; and

   c. Additional factors, such as the length of each removal, the total amount of time the student has been removed, and the proximity of the removals to one another, indicate a change of placement.

(34 CFR § 300.536)

If the removal has been determined to be a change of placement as specified in items #1 or #2 above, the student's IEP team shall determine the appropriate educational services to be provided. (34 CFR § 300.530.)

**Services During Suspension**

Member districts are required to provide "FAPE to all students, including any students with disabilities who have been suspended for more than 10 school days in a year. (20 USC § 1412(a)(1)(A), 34 CFR § 300.530.) The district is not required to provide a student who has been suspended for more than 10 school days in a school year for disciplinary reasons exactly the same services in exactly the same setting as the student was receiving prior to the imposition of discipline. (See Analysis of Comments to the Federal Regulations (2006) 71 Fed. Reg. 156, pg. 46716.) However, the services the student does receive must enable him/her to continue to participate in the general curriculum and to progress toward his/her IEP goals.

When a disabled student is removed for 10 school days or less, the member district does not have to provide services as long as the member district does not provide services to nondisabled students removed for the same amount of time.

Any student suspended for more than 10 school days in the same school year shall continue to receive services during the term of the suspension. School personnel, in consultation with at least one of the student's teachers, shall determine the extent to which services are needed as provided in 34 CFR § 300.101(a), so as to enable the student to continue to participate in the general education curriculum in another setting and to progress toward meeting the goals as set out in his/her IEP. (20 USC § 1412(a)(1)(A); 34 CFR § 300.530)

If a student with a disability is excluded from school bus transportation, the student shall be
provided with an alternative form of transportation at no cost to the student or his/her parent/guardian, if transportation is specified in his/her IEP. (Ed. Code § 48915.5.)

**Interim Alternative Educational Placement Due to Dangerous Behavior**

The district may unilaterally place a student with a disability in an appropriate interim alternative educational setting (“IAES”) for up to 45 school days, without regard to whether the behavior is a manifestation of the student’s disability, when the student commits one of the following acts while at school, going to or from school, or at a school-related function:

1. Carries or possesses a weapon. “Weapon" refers to a "dangerous weapon" as defined in 18 USC § 930 and includes any device which is capable of causing death or serious bodily injury. The term does not include a pocket knife with a blade of less than 2 1/2 inches in length.

2. Knowingly possesses or uses illegal drugs;

3. Sells or solicits the sale of a controlled substance as identified in 21 USC 812(c), Schedules I-V; or

4. Inflicts serious bodily injury upon another person. “Serious bodily injury" is defined as bodily injury which involves a substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty (18 USC § 1365).

(20 USC § 1415(k)(1)(G); 34 CFR § 300.530)

The student's IAES shall be determined by his/her IEP team. (20 USC § 1415(k)(1)(G), 34 CFR § 300.531)

On the date the decision to take disciplinary action is made, the parents/guardians of the student shall be notified of the district’s decision and provided the notice of procedural safeguards pursuant to 34 CFR § 300.504. (20 USC § 1415(k)(1)(H); 34 CFR § 300.530)

A student who has been removed from his/her current placement because of dangerous behavior shall receive services to the extent necessary to allow him/her to participate in the general education curriculum and to progress toward meeting the goals set out in his/her IEP. As appropriate, the student shall also receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20 USC§ 1415(k)(1)(D); 34 CFR § 300.530)

**Manifestation Determination**

The following procedural safeguards shall apply: (1) when a student is suspended for more than 10 consecutive or cumulative school days; (2) when a series of removals of a student constitutes
a pattern; and/or (3) when a change of placement of a student is contemplated due to a violation of the district’s code of conduct:

1. **Notice:** On the date the decision to take disciplinary action is made, the parents/guardians of the student shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR § 300.504. (20 USC § 1415(k)(1)(H); 34 CFR § 300.530)

2. **Manifestation Determination:** Immediately if possible, but in no case later than 10 school days after the date the decision to take disciplinary action is made, a determination shall be made on whether the student's conduct in question was a manifestation of his/her disability. (20 USC §1415(k)(1)(E); 34 CFR § 300.530)

   The member district, the student's parent/guardian, and relevant members of the IEP team (as determined by the district and parent/guardian) shall convene a manifestation determination meeting and review all relevant information in the student’s file, including the student’s IEP, any teacher observations, and any relevant information provided by the parents/guardians, and determine whether the conduct in question was either of the following:

   a. Caused by or had a direct and substantial relationship to the student's disability;

   or

   b. A direct result of the district’s failure to implement the student’s IEP, in which case the district shall take immediate steps to remedy those deficiencies

   (20 USC § 1415(k)(1)(E); 34 CFR § 300.530)

   If, at the manifestation determination meeting, the team determines that a condition in either #a or #b above was met, the conduct shall be determined to be a manifestation of the student's disability. (20 USC §1415(k)(1)(E); 34 CFR § 300.530)

3. **Determination that Behavior is a Manifestation of the Student's Disability:** When the conduct has been determined to be a manifestation of the student’s disability, the IEP team shall conduct a functional behavioral assessment, unless a functional behavioral assessment had been conducted before the occurrence of the behavior that resulted in the change of placement, and shall implement a behavioral intervention plan for the student. If a behavior intervention plan has already been developed, the IEP team shall review the behavioral intervention plan and modify it as necessary to address the behavior. (20 USC § 1415(k)(1)(F); 34 CFR § 300.530)

   The student shall be returned to the placement from which he/she was removed, unless the parent/guardian and member district agree to a change of placement as part of the modification of the behavioral intervention plan. (20 USC § 1415(k)(1)(F); 34 CFR § 300.530). As noted above, if a student is excluded from school bus transportation, alternative transportation must be provided at no cost, provided that transportation is
specified in the student’s IEP (see section entitled "Services During Suspension", above). (Ed. Code § 48915.5.)

4. **Determination that Behavior is Not a Manifestation of the Student's Disability:** If, at the manifestation determination meeting, the team determines that the student's behavior was not a manifestation of his/her disability, the student may be disciplined in accordance with the procedures for students without disabilities. (20 USC § 1415(k)(1)(D); 34 CFR § 300.530)

The student shall receive services to the extent necessary to participate in the general education curriculum in another setting and to allow him/her to progress toward meeting the goals set out in his/her IEP. As appropriate, the student shall also receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20 USC § 1415(k)(1)(D); 34 CFR § 300.530)

**Due Process Appeals**

If the parent/guardian disagrees with any district decision regarding placement under 34 CFR § 300.530 (suspension and removal for dangerous circumstances) or 34 CFR § 300.531 (interim alternative placement), or the manifestation determination he/she may appeal the decision by requesting a due process hearing. The member district may request a hearing if the district believes that maintaining the student's current placement is substantially likely to result in injury to the student or others. In order to request a hearing, the requesting party shall file a complaint pursuant to 34 CFR 300.507 and 300.508(a) and (b). (20 USC 1415(k)(3); 34 CFR 300.532) The party filing the due process complaint has the burden of persuasion by a preponderance of the evidence. (*Schaffer v. Weast* (2005) 546 U.S. 49, 56-62.)

Whenever a hearing is requested as specified above, the parent/guardian or the district shall have an opportunity for an expedited due process hearing. (See 34 CFR §§ 300.507, 300.508 (a)-(e), and 300.510 through 300.514.)

If the student's parent/guardian or the district has initiated a due process hearing as detailed above, the student shall remain in the IAES pending the decision of the hearing officer or until the expiration of the 45-day time period, whichever occurs first, unless the parent/guardian and district agree otherwise. (20 USC § 1415(k)(4); 34 CFR § 300.533)

**Readmission**

Readmission procedures for students with disabilities shall be the same as those used for all students. Upon readmission, the member district shall convene an IEP team meeting.
Suspension of Expulsion

Each member district shall apply its own Governing Board’s criteria for suspending the enforcement of an expulsion order to students with disabilities in the same manner as they are applied to all other students. (Ed. Code § 48917.)

Notification to Law Enforcement Authorities

The principal of a school or the principal’s designee are required to notify law enforcement officials regarding a student’s suspension or expulsion as follows:

a) Prior to the suspension or expulsion of any student with a disability, the principal or designee shall notify appropriate city or county law enforcement authorities of any act of assault with a deadly weapon which may violate Penal Code § 245.

b) Within one (1) school day after a suspension or expulsion of a student with a disability, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any act by the student which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol or intoxicants of any kind;

c) The principal or designee shall also notify appropriate city or county law enforcement authorities of acts by any student with a disability which may involve the possession or sale of narcotics or of a controlled substance or possession of weapons or firearms in violation of Penal Code §§ 626.9 or 626.10. (Ed. Code § 48902.)

A principal or designee, or any other person reporting a known or suspected act under either subdivision (a) or (b), above, is not civilly or criminally liable for making a report unless it is shown that:

1) The report was false; and

2) The person making the report either:

   a. Knew that the report was false; or

   b. The report was made with reckless disregard for the truth or falsity of the report.

(Ed. Code § 48902.)

When a principal or designee reports a criminal act committed by a schoolage individual with exceptional needs (eligible for special education) he/she is required to transmit copies of the student’s special education and disciplinary records for consideration by the authorities to whom he/she reported the criminal act. When sending records for this purpose, the member district,
principal. Or designee must still comply with all FERPA requirements, (Ed. Code § 48902.)

Report to County Superintendent of Schools

The LEA Superintendent is required to report to the County Superintendent of Schools when any special education student has been expelled or suspended for more than 10 school days. The report shall include the student's name, last known address, and the reason for the action. The County Superintendent will review the reports and determine whether either the interest of the student or the welfare of the state may need further examination. If so, the County Superintendent shall bring the reports to the attention of the member district’s Governing Board and the County Board of Education. (Ed. Code § 48203.)

SUSPENSION AND EXPULSION/DUE PROCESS

Note: The following administrative regulation reflects the 2004 reauthorization of the federal Individuals with Disabilities Education Act (IDEA) (20 USC 1400-1482), implementing federal regulations, effective October 13, 2006 (34 CFR 300.1-300.818, added by 71 Fed. Reg. 156), and conforming state legislation (AB 1662, Ch. 653, Statutes of 2005). Because federal regulatory provisions related to discipline were amended and renumbered pursuant to 71 Fed. Reg. 156, it is likely that further state legislation will be needed to conform state law to the new federal regulations. Note that in cases where state California law provides greater protections to students, state California law supersedes federal law.

Applicability to Students on 504 Plans

Note: Neither state nor federal law requires that IDEA procedures apply to students identified under Section 504 of the federal Rehabilitation Act of 1973 (“Section 504”) (29 USC § 794). However, in some instances, each member district may find it appropriate to apply portions of these procedures (e.g., the limitation that a student with a disability may not be suspended for more than 10 consecutive or cumulative school days) to Section 504 students with a qualifying disability pursuant to their Section 504 Plan accommodation plan. Districts that wish to apply IDEA procedures to Section 504 students should modify the following regulation accordingly.

IDEA Eligible Students are not Exempt from Suspension and Expulsion

A student identified as an individual with a disability pursuant to the Individuals with Disabilities Education Act (“IDEA”) is subject to the same grounds for suspension and expulsion which apply to students without disabilities.

Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been officially identified as a student with a disability and who has engaged in behavior that violated the district’s code of student conduct may assert any of the protections under IDEA only if the member district had “knowledge” that the student was disabled before the behavior that precipitated the disciplinary action occurred. (20 USC §1415(k)(5); 34 CFR § 300.534)

The member district shall be deemed to have “knowledge” that the student has a disability if any of the following conditions exists: (20 USC 1415(k)(5); 34 CFR 300.534)

1. The parent/guardian has expressed concern to district supervisory or administrative personnel in writing, or to a teacher of the student, that the student is in need of special education or related services;

2. The parent/guardian has requested an evaluation of the student for special education
pursuant to 34 CFR §§ 300.300 through 300.311; or

3. The teacher of the student or other district personnel has expressed specific concerns directly to the district's director of special education or to other supervisory district personnel about a pattern of behavior demonstrated by the student.

(20 USC 1415(k)(5); 34 CFR 300.534)

The district would not be deemed to have knowledge that a student is disabled if the parent/guardian has not allowed the student to be evaluated for special education services, or has refused services. In addition, the district would not be deemed to have knowledge if the district conducted an initial evaluation pursuant to § 300.300 through 300.311 and determined that the student was not an individual with a disability. When a district is deemed to not have knowledge of the disability, the student shall be disciplined in accordance with procedures established for students without disabilities who engage in comparable behavior. (20 USC § 1415(k)(5); 34 CFR § 300.534)

If, during the time period in which the student is subject to disciplinary measures under § 300.530, a request is made for an evaluation to evaluate the student for IDEA eligibility, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities. (20 USC § 1415(k)(5); 34 CFR § 300.534)

Suspension

Note: Pursuant to 20 USC 1415(k)(1), 34 CFR 300.530, and a 1988 U.S. Supreme Court decision (Honig v. Doe), member districts of the El Dorado County SELPA who are receiving funds under the IDEA may suspend a student for no more than 10 consecutive or cumulative school days, as long as if the removal does not constitute a change in placement. (20 USC § 1415(k)(1), 34 CFR §§ 300.530, 300.536; see also Honig v. Doe (1988) 484 US 305 pursuant to 34 CFR 300.536. Education Code 48903 Under California law, specifies that a student may not be suspended for more than 20 cumulative school days in a school year. (Education Code § 48903.)

• Bus and “in school suspensions”

Note: The Analysis of Comments to the federal regulations, 71 Fed. Reg. 156, pg. 46715, explains that whether a bus suspension or "in school suspension" would counts as a day of suspension affecting the cumulative total depends on the unique circumstances of each case. (See Analysis of Comments to the Federal Regulations, (2006) 71 Fed. Reg. 156, pg. 46715.) For instance, whether bus transportation is part of the student's individualized education program (IEP). In addition, an "in-school suspension" or "supervised suspension classroom" as authorized by Education Code 48911.1 would not count towards the 20-day cumulative limit described above as long as the student is afforded the opportunity to continue to appropriately participate in the general curriculum, receive the services specified in his/her IEP,
and participate with nondisabled students to the extent he/she would have in the current placement. However, the district should be careful that such actions do not constitute a change of placement and should carefully monitor such suspensions.

The LEA Superintendent or designee may suspend a student with a disability for up to 10 consecutive or cumulative school days for a single incident of misconduct, and for up to 20 school days in a school year, as long as the suspension(s) does not constitute a change in placement pursuant to as defined in 34 CFR 300.536. (Education Code Ed. Code § 48903; 34 CFR § 300.530)

The principal or designee shall monitor the number of days, including portions of days, in which a student with a valid individualized education program (IEP) has been suspended during the school year.

Note: As added by 71 Fed. Reg. 156, 34 CFR 300.536 lists new factors under which a series of removals would constitute a change of placement, as specified below. If the removal is determined to be a change in placement, 34 CFR 300.530 requires the IEP team to determine the appropriate services.

The member district shall determine, on a case-by-case basis, whether a pattern of removals of a student from his/her current educational placement for disciplinary reasons constitutes a change of placement. A change of placement shall be deemed to have occurred under any of the following circumstances: (34 CFR 300.536)

1. The removal is for more than 10 consecutive or cumulative school days; or.

2. The student has been subjected to a series of removals that constitute a pattern because of all of the following:

   a. The series of removals total more than 10 school days in a school year;

   b. The student's behavior is substantially similar to his/her behavior in previous incidents that resulted in the series of removals; and

   c. Additional factors, such as the length of each removal, the total amount of time the student has been removed, and the proximity of the removals to one another, indicate a change of placement.

(34 CFR § 300.536)

3. If the removal has been determined to be a change of placement as specified in items #1 or #2 above, the student's IEP team shall determine the appropriate educational services to be provided. (34 CFR § 300.530)
Services During Suspension

Note: Pursuant to 20 USC 1412(a)(1)(A) and 34 CFR 300.530, Member districts are required to provide "free appropriate public education" (FAPE) must be available to all children students, including any students with disabilities who have been suspended for more than 10 school days in a year. (20 USC § 1412(a)(1)(A); 34 CFR § 300.530.) The Analysis of Comments to the federal regulations, 71 Fed. Reg. 156, pg. 46716, clarifies that the district is not required to provide a student who has been suspended for more than 10 school days in a school year for disciplinary reasons exactly the same services in exactly the same setting as the student was receiving prior to the imposition of discipline. (See Analysis of Comments to the Federal Regulations (2006) 71 Fed. Reg. 156, pg. 46716.) However, the special education and related services the student does receive must enable him/her to continue to participate in the general curriculum and to progress toward meeting the goals set out in his/her IEP goals. The Analysis of Comments, 71 Fed. Reg. 156, pg. 46717, clarifies that when a disabled student is removed for 10 school days or less, services need not be provided if the member district does not have to provide services when a student is removed for 10 school days or less, as long as the member district does not provide services to nondisabled students removed for the same amount of time.

Any student suspended for more than 10 school days in the same school year shall continue to receive services during the term of the suspension. School personnel, in consultation with at least one of the student's teachers, shall determine the extent to which services are needed as provided in 34 CFR § 300.101(a), so as to enable the student to continue to participate in the general education curriculum in another setting and to progress toward meeting the goals as set out in his/her IEP. (20 USC § 1412(a)(1)(A); 34 CFR § 300.530)

If a student with a disability is excluded from school bus transportation, the student shall be provided with an alternative form of transportation at no cost to the student or his/her parent/guardian, provided that if transportation is specified in his/her IEP. (Education Code Ed. Code § 48915.5)

Interim Alternative Educational Placement Due to Dangerous Behavior

Note: 20 USC 1415(k) and 34 CFR 300.530 permit an alternative placement for 45 school days when a student with a disability, while on school grounds, while going to or coming from school, or at a school function, either (1) carries or possesses a weapon, (2) knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance, or (3) inflicts serious bodily injury upon another person. "Serious bodily injury" is defined in 18 USC 1365 as bodily injury which involves a substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty. This alternative placement decision may be made unilaterally by the district.

Note: The term "weapon," as used below, refers to a "dangerous weapon" as defined in 18 USC 930 and includes any device which is capable of causing death or serious bodily injury. The term...
The district may unilaterally place a student with a disability in an appropriate interim alternative educational setting (“IAES”) for up to 45 school days, without regard to whether the behavior is a manifestation of the student’s disability, when the student commits one of the following acts while at school, going to or from school, or at a school-related function: *(20 USC § 1415(k)(1)(G); 34 CFR § 300.530)*

1. Carries or possesses a weapon. “Weapon” refers to a "dangerous weapon" as defined in 18 USC § 930 and includes any device which is capable of causing death or serious bodily injury. The term does not include a pocket knife with a blade of less than 2 1/2 inches in length.

2. Knowingly possesses or uses illegal drugs;

3. Sells or solicits the sale of a controlled substance as identified in 21 USC 812(c), Schedules I-V; or

4. Inflicts serious bodily injury upon another person. “Serious bodily injury" is defined as bodily injury which involves a substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty (18 USC § 1365), as defined in 18 USC 1365

*(20 USC § 1415(k)(1)(G); 34 CFR § 300.530)*

The student's interim alternative educational setting IAES shall be determined by his/her IEP team. *(20 USC § 1415(k)(1)(G), 34 CFR § 300.531)*

On the date the decision to take disciplinary action is made, the parents/guardians of the student shall be notified of the district’s decision and provided the notice of procedural safeguards pursuant to 34 CFR § 300.504. *(20 USC § 1415(k)(1)(H); 34 CFR § 300.530)*

A student who has been removed from his/her current placement because of dangerous behavior shall receive services to the extent necessary to allow him/her to participate in the general education curriculum and to progress toward meeting the goals set out in his/her IEP. As appropriate, the student shall also receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. *(20 USC § 1415(k)(1)(D); 34 CFR § 300.530)*

*Manifestation Determination*

The following procedural safeguards shall apply: *(1) when* a student is suspended for
more than 10 consecutive or cumulative school days: (2) when a series of removals of a student constitutes a pattern; and/or (3) when a change of placement of a student is contemplated due to a violation of the district’s code of conduct:

1. **Notice:** On the date the decision to take disciplinary action is made, the parents/guardians of the student shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR § 300.504. (20 USC § 1415(k)(1)(H); 34 CFR § 300.530)

2. **Manifestation Determination Review:** Immediately if possible, but in no case later than 10 school days after the date the decision to take disciplinary action is made, a manifestation determination review shall be made of the relationship between the student's conduct in question and the behavior subject to the disciplinary action. (20 USC § 1415(k)(1)(E); 34 CFR § 300.530)

   At the manifestation determination review, the member district, the student's parent/guardian, and relevant members of the IEP team (as determined by the district and parent/guardian) shall convene a manifestation determination meeting and review all relevant information in the student’s file, including the student’s IEP, any teacher observations, and any relevant information provided by the parents/guardians, to determine whether the conduct in question was either of the following: (20 USC § 1415(k)(1)(E); 34 CFR § 300.530)

   a. Caused by or had a direct and substantial relationship to the student's disability;
   
   b. A direct result of the district’s failure to implement the student’s IEP, in which case the district shall take immediate steps to remedy those deficiencies

   (20 USC § 1415(k)(1)(E); 34 CFR § 300.530)

If, at the manifestation determination meeting, the team determines that a condition in either #a or #b above was met, the conduct shall then be determined to be a manifestation of the student's disability. (20 USC § 1415(k)(1)(E); 34 CFR § 300.530)

3. **Determination that Behavior is a Manifestation of the Student's Disability:** When the conduct has been determined to be a manifestation of the student’s disability, the IEP team shall conduct a functional behavioral assessment, unless a functional behavioral assessment had been conducted before the occurrence of the behavior that resulted in the change of placement, and shall implement a behavioral intervention plan for the student. If a behavior intervention plan has already been developed, the IEP team shall review the behavioral intervention plan and modify it as necessary to address the behavior. (20 USC § 1415(k)(1)(F); 34 CFR § 300.530)

   The student shall be returned to the placement from which he/she was removed, unless
the parent/guardian and member district agree to a change of placement as part of the modification of the behavioral intervention plan. (20 USC § 1415(k)(1)(F); 34 CFR § 300.530). As noted above, if a student is excluded from school bus transportation, alternative transportation must be provided at no cost, provided that transportation is specified in the student’s IEP (see section entitled "Services During Suspension", above). (Ed. Code § 48915.5.)

Note: Education Code 48915.5 provides that, if a student is excluded from school bus transportation, alternative transportation must be provided at no cost, provided that transportation is specified in the student’s IEP. See section entitled "Services During Suspension" above.

4. Determination that Behavior is Not a Manifestation of the Student's Disability: If, at the manifestation determination meeting, the team determines that the student's behavior was not a manifestation of his/her disability, the student may be disciplined in accordance with the procedures for students without disabilities. (20 USC § 1415(k)(1)(D); 34 CFR § 300.530)

The student shall receive services to the extent necessary to participate in the general education curriculum in another setting and to allow him/her to progress toward meeting the goals set out in his/her IEP. As appropriate, the student shall also receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20 USC § 1415(k)(1)(D); 34 CFR § 300.530)

Due Process Appeals

Note: The Analysis of Comments to the federal regulations, 71 Fed. Reg. 156, pg. 46723, clarifies that the burden of proof in due process hearings is on the party that is responsible for the issue going forward to the due process hearing officer, consistent with the U.S. Supreme Court's decision in Schaeffer v. Weast. Thus, if the district has requested that a hearing officer remove a student to an interim alternative educational setting, the burden of persuasion at the hearing is on the district.

If the parent/guardian disagrees with any district decision regarding placement under 34 CFR § 300.530 (suspension and removal for dangerous circumstances) or 34 CFR § 300.531 (interim alternative placement), or the manifestation determination under 34 CFR 300.530(e), he/she may appeal the decision by requesting a due process hearing. The member district may request a hearing if the district believes that maintaining the student's current placement is substantially likely to result in injury to the student or others. In order to request a hearing, the requesting party shall file a complaint pursuant to 34 CFR 300.507 and 300.508(a) and (b). (20 USC 1415(k)(3); 34 CFR 300.532) The party filing the due process complaint has the burden of persuasion by a preponderance of the evidence. (Schaffer v. Weast (2005) 546 U.S. 49, 56-62.)

Whenever a hearing is requested as specified above, the parent/guardian or the district shall have
an opportunity for an expedited due process hearing, consistent with requirements specified in (See 34 CFR §§ 300.507, 300.508 (a)-(c), and 300.510 through -300.514.)

If the student's parent/guardian or the district has initiated a due process hearing under 34 CFR 300.532 as detailed above, the student shall remain in the interim alternative educational setting IAES, pending the decision of the hearing officer or until the expiration of the 45-day time period, whichever occurs first, unless the parent/guardian and district agree otherwise. (20 USC § 1415(k)(4); 34 CFR § 300.533)

Readmission

Readmission procedures for students with disabilities shall be the same as those used for all students. Upon readmission, the member district shall convene an IEP team meeting shall be convened.

Suspension of Expulsion

Each member district shall apply its own Governing Board’s criteria for suspending the enforcement of an expulsion order to students with disabilities in the same manner as they are applied to all other students. (Education Code Ed. Code § 48917.)

Notification to Law Enforcement Authorities

The principal of a school or the principal’s designee are required to notify law enforcement officials regarding a student’s suspension or expulsion as follows:

a) Prior to the suspension or expulsion of any student with a disability, the principal or designee shall notify appropriate city or county law enforcement authorities of any act of assault with a deadly weapon which may have violated Penal Code § 245. (Education Code 48902)

b) Within one (1) school day after a suspension or expulsion of a student with a disability, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any act by the student which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol or intoxicants of any kind;

— The principal or designee also shall also notify appropriate city or county law enforcement authorities of acts by any student with a disability which may involve the possession or sale of narcotics or of a controlled substance or possession of weapons or firearms in violation of Penal Code §§ 626.9 and or 626.10. (Education Code 48902)
c)  Within one school day after a suspension or expulsion of a student with disabilities, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any act by the student which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol or intoxicants of any kind. (Education Code 48902) (Ed. Code § 48902.)

A principal or designee, or any other person reporting a known or suspected act under either subdivision (a) or (b), above, is not civilly or criminally liable for making a report unless it is shown that:

1) The report was false; and

2) The person making the report either:

   a. Knew that the report was false; or

   b. The report was made with reckless disregard for the truth or falsity of the report.

(Ed. Code § 48902.)

When a principal or designee reports a criminal act committed by a school-age individual with exceptional needs (eligible for special education) he/she is required to transmit copies of the student’s special education and disciplinary records for consideration by the authorities to whom he/she reported the criminal act. When sending records for this purpose, the member district, principal. Or designee must still comply with all FERPA requirements. (Ed. Code § 48902.)

Report to County Superintendent of Schools

Note: As amended by SB 1327 (Ch. 59, Statutes of 2006), Education Code 48203 requires the LEA Superintendent is required to report to the County Superintendent of Schools when any special education student has been expelled or suspended for more than 10 school days. The report shall include the student’s name, last known address, and the reason for the action. Education Code 48203 specifies that it is the duty of the County Superintendent of Schools to examine the reports and, if any case exists in and determine whether either the interest of the student or the welfare of the state may need further examination. If so, the County Superintendent shall bring the reports to the attention of the member district’s Governing Board and the County Board of Education. (Ed. Code § 48203.)

The LEA Superintendent or designee shall report to the County Superintendent when any special education student has been expelled or suspended for more than 10 school days. The report shall include the student’s name, last known address, and the reason for the action. (Education Code 48203)
