

Dear ,

Please come to our second **Parent Association Coffee on Wednesday, Sept 20.** This is a really good way to quickly hear a round up of things to know about the months ahead. We are good about our 30 minute limit, so we hope you can come.

Fingerprinting for all of our volunteers will take place on Sept 20th in front of the school on Sept 20th from 8:00-9:30am. The process is very quick and easy (5 minutes) and free for you. We appreciate this extra step on everyone's part, as we continue to highlight student safety. Parents on their way to work or chaperoning that morning can jump the line.

Picture Day is Tuesday, Sept 26th - iClick Smiles will take pictures of the kids and you can purchase online afterwards (no forms are needed beforehand and you pick and pay for the ones you want). Note: **THIS IS A DRESS UNIFORM DAY**

We start ASPIRE programs tomorrow. There is still room, so please sign up right away. The most current offerings and times are below on the Aspire panel. [Click and sign up Now.](#)

Our our youngest scholars have been reflecting on this month's **Faith Value: PEACE**

Read to the bottom and listen to what Peace means to a 5 year old. Spoiler alert: the grown ups apparently have to focus much more on snuggling and ice-cream.

Conferences are scheduled for October 4-6. We will send the online conference sign ups at the end of the week. **Note: Oct 4 is an early release day (no aftercare available).**

Grab a girlfriend and join the **Mom's Night Out: Oysters and Bubbles on Oct 12th.** Click on the panel below to join us. Great way to welcome new and old friends back to school.

See you Monday,

9/20 Parent Association Coffee (Volunteer Finger Printing) - 8:30am
9/21 Showcase - 8:30am
9/23 Vintage Festival Night Parade
10/4-6 Conferences

After School Programs, Innovation, Recreation, and Enrichment

ASPIRE is an after school enrichment program to enhance students' after school hours. The Fall Program will run 7-weeks beginning the week of Sept 18th and going through the week of Nov 6th. Each class is from 3:30-4:30.

No classes the week of Oct 2nd due to conferences.

Register for classes at: <https://app.simplyafterschool.com/aspire>

LEARN MORE/SIGN UP

CAN THE SUN COOK A S'MORE?

After the Solar Eclipse, our students (and their science teacher) had a critical question: **Can the sun cook a s'more?**

In order to answer this important question, our kids first had to dig into different types of light and heat energy, the electromagnetic spectrum, and how light can be converted to heat. Students built their own solar ovens (out of recycled pizza boxes).

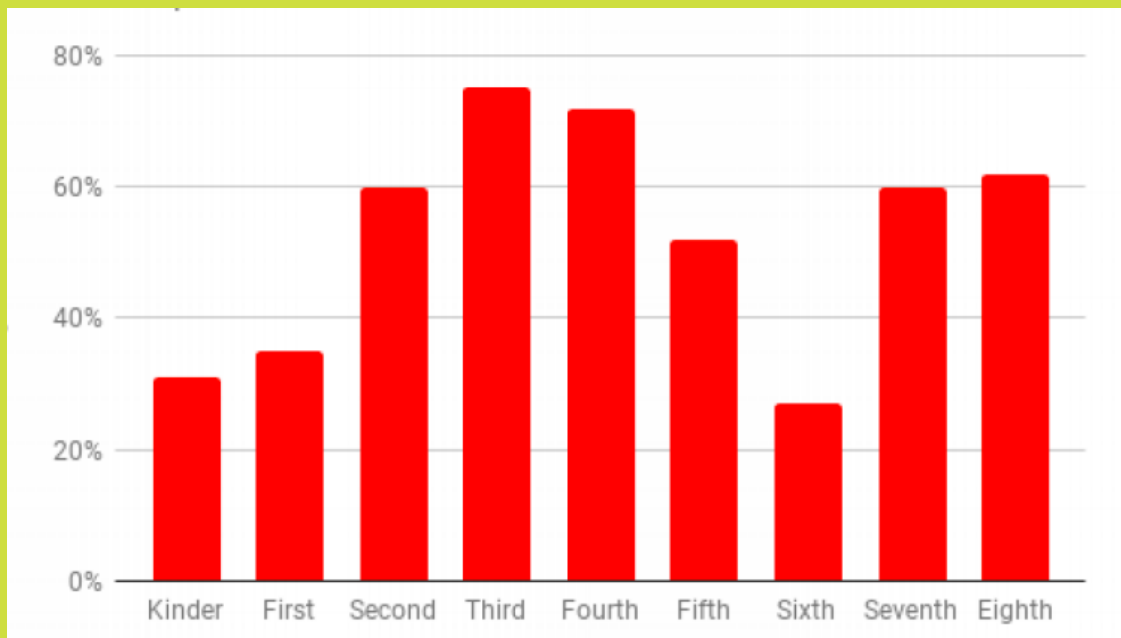

7th graders Elias, Will and Esteban generated 140 degrees of marshmallow melting solar energy. Answer: Yes it can! Now, on to the next problem!

Hands-On, Real World,
Curiosity- Focussed Learning.
