Welcome

Welcome to Charter Alternative Programs, a recognized leader in California for providing a variety of outstanding educational school programs for families. Our programs provide tailored options for individual student and family goals. The Charter Alternative Programs are part of the El Dorado County Office of Education, a pioneer in providing dynamic educational options for students, including establishing our program as the first county charter school in California’s history. We continually research and develop ways in which to present and assess engaging, rigorous academic curricula that meets California’s distinguished standards.

Our staff and families realize that there are many ways to provide an excellent education, including the traditional classroom model, independent study or hybrid models, distance learning, home instruction, or programs in combination. We offer these alternatives for families in structured plans that provide the finest instruction through the use of credentialed, highly qualified teachers; outstanding curriculum; and the innovative use of technology. All are provided in supportive, safe educational settings in which communication and partnership with families are always a priority. We also extend real and relevant learning through our close association with many educational and community partners, including Folsom Lake College and Regional Occupational Programs.

Our programs have received prestigious awards, including being selected as a California “Educational Options Best Practices” program in the area of Curriculum, Instruction, and Educational Technology. (http://www.sdcoc.net/edoptions/) as well as being awarded a state-wide Dissemination Grant so that aspects of our quality programs can be shared with other schools. After a thorough review of its programs and practices by the Western Association of Schools and Colleges (WASC), Charter Community School was awarded another six-year term of accreditation, the longest available. The accreditation serves as formal recognition that our programs have met rigorous, research-based standards in all of the essential elements of a quality and effective school.

On behalf of our entire staff, welcome. We look forward to partnering with you in your child’s education.

David Publicover
Executive Director
General Information

Our Mission
Charter Alternative Programs provide a variety of high quality, innovative 21st Century programs. We prepare students to be college and career ready through engaging, rigorous curriculum. Our programs develop critical thinkers who are problem solvers and effective communicators. We emphasize the development of the whole individual in safe, supportive learning environments, and we value communication and partnerships with families and community members.

Individualized Learning Plans (ILPs)/Academic Planning Guide
An essential component of our program culture centers on establishing an individualized learning plan/academic plan for each student. Although plans vary according to each student’s needs and the program enrolled in - specific academic, social, emotional, and behavioral goals are discussed with the student and parent, and an educational program is tailored around those goals. Each site has program-specific ways for developing and meeting each student’s needs and goals, based on what is learned after a thorough review of the student’s records. Remediation in math and language arts is incorporated into each student’s plan as needed. All programs take care to discuss essential steps to meet graduation requirements, including reviewing transcripts, determining if the student is on track to graduate, and creating a plan to ensure graduation. If a student is behind in credits, lacks necessary courses required for graduation, has other academic needs, the plan incorporates options and strategies for the student to make these up, while also considering future academic and career goals.

601 C.A.R.E. Program
We are concerned with the academic, emotional, and social growth of each of our students and offer an intervention program (CARE) that may benefit your child. Our CARE program provides enhanced education services and may include tutoring, transportation services, and/or additional resources. A student under 18 years of age may be eligible for our C.A.R.E. program if they persistently and habitually refuse to obey the reasonable and proper orders of his/her parents, guardian, or custodian, and/or school official (WIC 601a), or are habitually truant from school (WIC 601b). Based on prior school history, students participating in Independent Study Programs who are likely to miss assignments, classes, or meetings without additional resources may also benefit from the C.A.R.E. intervention program. If you would like more information about our CARE program, please contact your program administrator

Annual Notifications to Parent/Guardians

California Education Code requires that parents, guardians, and students are notified of certain specific laws regarding rights and privileges.

The annual notification booklet, found in the Student Handbook provided to parent/guardians, fulfills this notification responsibility. It is important that you read the material and acknowledge on the Parent’s Checklist and Sign-Off Sheet or online.

The Charter Alternative Programs is the primary responsible agency for compliance with federal and state laws and regulations, including advising a complainant of any civil law remedies that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable, and of the appeal pursuant to EC § 262.3. A copy of the local educational agency complaint procedures (UCPs) shall be available free of charge upon request.

Students enrolled in our programs shall not be required to pay a pupil fee for participation in an educational activity.

School Accountability Report Card

Education Code 35256 requires the Board of Trustees to annually issue a School Accountability Report Card (SARC) for each school site, reporting all conditions listed in Education Codes 33126 and 41409.3. Pursuant to Education Code 33126, the goal of the SARC is to provide data by which parents/guardians can make meaningful comparisons between schools.

Each summer, the previous year's SARCs are accessible to parents via the District or County Office of Education internet web site: www.edcoe.org. Copies of the SARC may also be mailed home or made available at the school site or District Office upon request.

Equal Opportunity

The County Board of Education and Superintendent are committed to equal opportunity for all individuals in education. County Office of Education programs and activities shall be free from discrimination based on gender, gender identity or expression, or genetic information, race, color, age, religion, ancestry, national origin, ethnic group identification, marital or parental status, physical or mental disability, sex, sexual orientation; or the perception of one or more of such characteristics; or association with a person or group with one or more of these actual or perceived characteristics.

Test Information

Achievement Tests

*Smarter Balanced.* California Assessment of Student Performance and Progress, or CAASPP, is California’s current testing program. This system includes annual computer-adaptive assessments in English/Language Arts and Mathematics for grades 3-8 and 11 as well as Science in grades 5, 8, and 10. To learn about the types of questions on the computer-adaptive test, parents are encouraged to visit California Department of Education’s Smarter Balanced Practice Test web page at [http://www.cde.ca.gov/ta/tg/sa/practicetest.asp](http://www.cde.ca.gov/ta/tg/sa/practicetest.asp). Score reports will be sent to parents each year in August/September so that student progress can be reviewed. These reports will present a student’s overall score in each content area as well as information about past years’ performance. CAASPP testing will occur each year in the Spring (April/May). Exact dates of testing will be communicated with families via mail and electronically. If parents have questions regarding their child’s participation in testing, they should call the school office at 530-295-2259.

High School Diploma Equivalency Tests

*General Education Development (GED).* This test is given to adults 18 years of age or older who wish to obtain a high school equivalency certificate. Concurrently enrolled 18-year-old high school students can also take the test. Contact Adult Education for testing information (530) 295-2291.

*California High School Proficiency Exam (CHSPE).* Students can earn a certificate from the State of California, which is the legal equivalent of a high school diploma by proving proficiency in basic skills. Student Attendance

Attendance Policy
Regular school attendance plays a key role in student achievement. If a student must be absent from school, the absence must be reported to the school.

Attendance for Independent Study Programs (Charter Home Study Academy K-8, Charter Connections Academy, and Charter University Prep): All assignments count towards course completion. In an independent study program there are no excused or unexcused absences. Assignments not completed in a reasonable amount of time after a student returns from an absence will affect the student’s grades and/or credits earned.

Attendance for Charter College & Career Prep:
The following are the only legal excuses accepted by the school for absences and/or tardies, per Education Code 48205:
1. Personal illness
2. Quarantine under the direction of the county health officer
3. Medical, dental, optometric, or chiropractic appointments for student and/or student’s child
4. Attendance at funeral services of immediate family (1 day in state; 3 days out of state)
5. Participation in religious instruction or exercises in accordance with school policy. The student must attend at least the minimum school day and shall not be excused for more than 4 days per month.

Parents/Guardians may seek approval from the principal or administrator of the school for an excused absence for their student when requested in advance with a signed, written note for the following reasons:
1. Attendance at a funeral service
2. Appearance in court
3. Observation of a holiday or ceremony of his/her religion
4. Attendance at religious retreats for no more than four hours during a trimester

Report Absence
Parents, please call the Front Office between 7:30 and 10:00 am to report an absence.
• Charter College & Career Prep (530) 295-2259
• Charter Home Study Academy TK-8 Academy (530) 622-6984
• Charter University Prep (530) 622-8594
• Charter Connections Academy (530) 622-7130 ext 2534
• CARE II (Call home school office)

Attendance Accounting
A computerized attendance accounting system is used at each school. In order for the system to work properly, it is important that parents call the Office to report all student absences or submit a written note upon the student’s return to school. The note should contain the following information:
• full name of student
• date(s) of absence
• reason for absence
• name and/or identity of person providing information
• date of note
Appointments
Please make every effort to schedule all appointments (including medical and dental) before 7:30 a.m. or after 3:00 p.m. If it is necessary to take a student out of school, due to a situation that has arisen, a parent/guardian must sign their child out in the office. The office staff will contact the student and have him/her come to the office to meet you.

Notification of Tardiness or Unexcused Absences
When a student is absent for a full day and the absence has not been verified as excused, office staff will attempt to contact the parent within 48 hours. Absences and tardies are reflected on report cards.

Emergency Cards
Emergency cards are the school’s most efficient method of contacting a student’s parent/guardian in the event of an emergency. Students will not be allowed to leave the school premises with anyone other than a parent/guardian or a designee listed on the student’s emergency card.

In case of a medical emergency, when parents or emergency contacts cannot be contacted, 911 will be called and the necessary treatment will be administered.

Parent Contact
Parents may request to have all school correspondence mailed to their work address. Parents may also request that all phone calls regarding attendance be made during the day or evening. These options may be requested by writing to the school. Include the appropriate addresses and phone numbers.

Attendance Errors
Students aware of an error in reporting his/her absence should obtain written verification from the teacher and return it to the school.

Early Dismissal
If a student must leave school early for any reason, the student must be signed out, and picked up, in the office prior to departure. Parent approval is required for early dismissal.

Tardies
A student is tardy when they have arrived after school has started. Students who are arrive tardy upon (whether excused or not) must sign in at the office and will be issued a pass to class. Students are given sufficient time to travel between classes and are expected to be seated before the tardy bell rings. Being on time is an important habit for students to develop. Students who arrive late to class are responsible for being sure that the teacher has corrected the attendance record. Students who are habitually tardy to class are subject to disciplinary action taken by instructional staff, by an administrator, or by the administrative designee. Students arriving more than 10 minutes late to class are marked absent but must remain in class to participate in the learning process and to comply with State law. Students should clear absences with the office and their teacher. Staff may also compel students to lose an appropriate amount of non-instructional time to make-up missed work, to receive additional instruction, or as a matter of discipline.

Unexcused Absences
Unexcused absences are absences that are verified by the parent/guardian, but are not considered excused (according to state law). It is the parent’s responsibility to send his/her son/daughter to school until the student is 18 years old.
Truant Absences
Students are classified as truant if they are absent from school without a valid excuse for 3 full days in one school year; or tardy or absent for more than any 30-minute period during the school day (without a valid excuse) on three occasions in one school year; or any combination thereof. For a student reported as a habitual truant, referral may be made to the School Attendance Review Board (SARB), which has the option of filing an application for petition with the El Dorado County Probation Department, or a complaint may be filed against the parent/guardian in the Justice Court.

Chronic/Prolonged Illness
The office should be notified as soon as possible about extensive absences caused by health problems. Frequent absences due to illness must have verification from a health care provider. Parents should contact the school to obtain homework. If a long-term illness (2 or more weeks) is anticipated, the parent should arrange for home/hospital teaching through the district of residence office.

18-Year-Old Student Absences
The State of California has determined that 18-year-old high school students are legal adults and have the same rights as parents to excuse absences. Thus, 18-year-old students may excuse their own absences. Many 18-year old students are mature enough to exercise this responsibility, but some are not. If any student, including 18-year olds, accumulates excessive absences, or appears to be absent illegally, additional verification from the parent and/or doctor may be required to excuse absences. All regular attendance rules still apply.

Pre-Arranged Absences
*Charter College & Career Prep* - Parents requesting advance absences should contact the Attendance Office at least two weeks prior to the anticipated absence. Parents and students are required to fill out the Independent Study Contract forms for all prearranged absences that exceed 5 days.

Student Attendance During Lunch
*Charter College & Career Prep & Charter Home Study Academy K-8* - The Board of Trustees requires students to remain on campus during lunch periods.

*Charter Connections Academy and Charter University Prep* - Independent Study Programs have students arriving and leaving throughout the day. Students must follow all legal requirements regarding driving with other minors and passengers in vehicles.

SARB (School Attendance Review Board)
When a student has persistent problems in school relating to attendance, behavior, or academic performance, and when the normal avenues of classroom and school counseling do not resolve the situation, the student will be referred to SARB so that appropriate community resources can be brought together to address the problem.

Student Behavior Expectations
In keeping with Education Code 48900, Charter Alternative Programs strives to maintain a positive learning environment for all students.

Parents and students should note that students are accountable for their behavior related to school activity or attendance which occur at any time including, but not limited to, while on school grounds (including school parking lots and areas near campus), while going to or coming from school, during
the lunch period, whether on or off campus, and during or while going to or coming from a school-sponsored activity.

**Cheating/Plagiarism Policy**

Cheating is defined as any use or attempt to use the work efforts of another student, with or without the consent of that student, or any previously published material (including teacher’s editions) to benefit one’s grade status. Both (or all) students involved in a cheating incident will be held accountable for the consequences, i.e., zero on papers. This situation is differentiated from an assigned group project in which all students’ names appear on the final product and each is given equal credit for work completed. Students involved in cheating will receive a zero and the parent or guardian will be contacted.

Plagiarism is using someone else’s writings or ideas as if they are your own. Cutting and pasting from the Internet is not research, it is plagiarism. Incidents of plagiarism will have the same consequence as cheating.

**Electronic Devices**

Cell phones are to be silenced and put away while in the school buildings. Texting is not permitted during class, while in school buildings, or during special events. In addition, at Charter Home Study Academy K-8 cell phones or other electronic devices may not be used during breaks or lunch.

Digital media devices such as iPods/iPhones, MP3/MP4 players, speakers that attach to a digital media device, etc. may be used ONLY during lunch and break. They are not allowed during class. They are for personal use and should not pose a distraction for others. The school will not investigate or participate in attempts to recover such lost or stolen items.

**Skateboards, Scooters, and Bicycles**

These items should not be brought to school unless used for transportation to and from school. They often cause campus disruption and are frequently misplaced or stolen. If they are brought to school, skateboards and scooters must not be used and need to be stored in designated areas at each program. The school will not investigate or participate in attempts to recover such lost or stolen items.

**Personal Items**

Personal items brought to school such as, but not limited to, hats, backpacks, purses, electronic equipment, etc. are the responsibility of the owner. The school will not investigate or participate in attempts to recover such lost or stolen items.

**Student Transfer and/or Discipline**

Students with behavioral, attendance, or academic issues, at the discretion of the site administrator and the Executive Director, may be transferred to a different program within Charter Alternative Programs with the goal of meeting their educational needs.

Participation in graduation ceremonies is a privilege. Excessive discipline or behavior issues during the school year, in particular, misbehavior at graduation practice; is grounds for the student’s loss of that privilege.
Student Dress Code
Our priority is to provide a school environment that promotes a safe, academic environment for our students, families, and staff. As we prepare students for future endeavors, we strive to provide a learning environment that respects individuality while emphasizing safe and appropriate dress for both school and work environments. Students and parents/guardians shall be informed about dress and grooming standards upon enrollment and whenever these standards are revised. A student who violates these standards shall be subject to appropriate disciplinary action. Site administrators or designees will determine the appropriateness of clothing, accessories, and personal items.

The Board expects that students will present themselves in an orderly manner conducive to the advancement of education. Student appearance should be neat and acceptable to general society. Clothing, accessories, and personal items must allow for the safe participation in courses or school activities. Students are free to express themselves through appropriate dress; however, Charter Alternative Programs prohibits the wearing of gang-related clothing or other clothing representing such an alliance. The wearing of clothing which would promote or incite unlawful or inappropriate conduct is prohibited.(BP 5230)

Health and Safety

Tobacco & Drug Use Prohibited
Pursuant to California ED Code 48900, 48901 and Business and Professions Code 22950.5, the El Dorado County Office of Education prohibits the use of all drug paraphernalia, products containing alcohol, and tobacco products. “Tobacco Products” include:

- A product containing, made or derived from tobacco or nicotine that is intended for human consumption whether smoked, heated, chewed, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by other means, including (but not limited to): cigarettes, cigars, little cigars, chewing tobacco, pipe tobacco or snuff

- An electronic device that delivers nicotine or other vaporized liquids to the person inhaling from the device, including (but not limited to): an electronic cigarette, cigar, pipe, or hookah

- Any component, part, or accessory of a tobacco product whether or not sold separately.

Medication at School
When school employees give medication to a student, they must be acting in accordance with the written directions of a physician and with the written permission of the parent or legal guardian. An authorization form for this purpose is available in the office. This form must be renewed whenever a prescription changes and at the beginning of each school year. The prescription label on the medication is not acceptable as a physician’s statement.

Over-the-counter medications can be given if prescribed by a physician and if the authorization form is completed.

All medication must be in the original container and will be kept in a locked drawer in the office. This includes non-prescription medication.

Students are not permitted to have medication in their possession at school. Only if the student’s well-being is in jeopardy may they carry the medication. In this case, we must have written notification from the physician on the authorization form.
Weapons
At no time are weapons allowed on campus; weapons include but are not limited to, knives, guns, clubs, brass knuckles, martial art equipment, and other items as determined by administrator. Students bringing a weapon on campus or to any school related function, including transit, will be immediately referred to the El Dorado County Sheriff’s Office.

Discrimination, Harassment, Sexual Harassment, Intimidation, and Bullying/Cyber Bullying
The El Dorado County Office of Education and its schools prohibit unlawful discrimination, harassment (sexual or otherwise), intimidation, and bullying. Students and parents should report such incidents to the school administration. School personnel will take immediate steps to intervene when he/she witnesses an act of discrimination, harassment, intimidation, or bullying. School personnel will investigate all allegations of discrimination and implement corrective actions whenever necessary or appropriate, including retaining confidential documentation of complaints and resolution.

Policies prohibiting discrimination, harassment, intimidation, and bullying are available in our school offices or can be provided upon request.

Students and parents should be aware that the inappropriate use of electronic information resources can be a violation of local, state, and federal laws. Violations can lead to prosecution.

Cyber bullying includes the transmission of harassing communications, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communications device. Cyber bullying also includes breaking into another person’s identity in order to damage that person’s reputation.

Unapproved Video and Photo
The Legislature finds that the use by any person, including a pupil, of any electronic listening or recording device in any classroom of the elementary and secondary schools without the prior consent of the teacher and the principal of the school given to promote an educational purpose disrupts and impairs the teaching process and discipline in the elementary and secondary schools, and such use is prohibited. Any person, other than a pupil, who willfully violates this section shall be guilty of a misdemeanor. Any pupil violating this section shall be subject to appropriate disciplinary action. (EC 51512).

This section shall not be construed as affecting the powers, rights, and liabilities arising from the use of electronic listening or recording devices as provided for by any other provision of law. (Enacted by Stats. 1976, Ch. 1010.)

Closed Campus
Charter College & Career Prep and Charter Home Study Academy K-8 - In order to keep students in a safe and supervised environment these campuses are closed. Students who leave school without authorization shall be classified truant and subject to disciplinary action.

Students may not leave the school grounds at any time during school hours without written permission of their parent/guardian and school authorities.
• Students must stay on the school grounds from the time they arrive until they are dismissed, picked up by a parent/guardian upon check out by the office staff or leave on the bus.
• Students will be released only to those authorized, in writing, by a parent/guardian.

3. **Grade Reduction:**
   No pupil may have his or her grade reduced or lose academic credit for any absence or absences excused pursuant to EC 48205 when missed assignments and tests, that can reasonably be provided, are satisfactorily completed within a reasonable period of time [EC 48980(i)]. (Full text of EC 48205 Attachment -1)

6. **Residence When Hospitalized:**
   Notwithstanding compulsory education requirements, a pupil with a temporary disability who is in a hospital or other residential health facility, except for a state hospital, which is located outside of the school district in which the pupil’s parent/guardian resides, shall be deemed to have complied with the residency requirements for school attendance in the school district in which the hospital is located. It shall be the primary responsibility of the parent/guardian of a pupil with temporary disability to notify the school district in which the pupil is deemed to reside of the pupil’s presence in a qualifying hospital [EC 48207; 48208].

7. **Required Pupil Immunization:**
   School districts shall not unconditionally admit any student to a district elementary or secondary school, preschool, or childcare and development program for the first time nor, after July 1, 2016, admit or advance any student to the 7th grade level unless the student has been fully immunized. The student shall present documentation of full immunization, in accordance with the age/grade and dose required by the California Dept. of Public Health and Health and Safety Code Section 120335 [EC 48980(a); H.&S.C. 120335].

10. **Continuing Medication:**
    A pupil is required to inform the District/COE of any medication being taken, the current dosage, and the name of the supervising physician if the pupil is on a continuing medication regimen for a non-episodic condition [EC 49480].

11. **Physical Examinations:**
    Every child shall, within 90 days after entrance into the first grade, provide a certificate signed by a physician documenting that within the prior 18 months the child has received the appropriate health screening and evaluation services, unless the
parent/guardian has filed a written objection with the District/COE. However, a child may be excluded from attendance if, for good reason, he/she is believed to be suffering from a recognized contagious or infectious disease and shall not be permitted to return until the school authorities are satisfied that any contagious or infectious disease does not exist. Free health screening is available for low income children for up to 18 months prior to entry into first grade. Parents are encouraged to obtain required health screenings simultaneously with required immunizations [H.S.C. 124085; 124105; EC 49451]. Specific information on type 2 diabetes is available at www.cde.ca.gov/ls/he/hn/type2diabetes.asp. It is recommended that students possibly suffering from type 2 diabetes or having warning signs should be screened [EC 49452.7].

12. Health Assessments and Evaluations:

Vision and hearing screening for a pupil by the school nurse or other qualified individual is provided during selected grade levels. A pupil whose first enrollment or entry occurs in grade 4 or 7 shall not be required to be appraised in the year immediately following the pupil’s first enrollment or entry. Scoliosis screening may be provided to girls in grade 7 and boys in grade 8. By May 31 of the school year, pupils when first enrolled in public schools are required to provide proof of an oral health assessment (within 12 months prior to enrollment) by a licensed dentist or other licensed or registered dental health professional [EC 49452; 49452.5; 49454; 49455].

Any pupil, while enrolled in kindergarten or while enrolled in first grade if the pupil was not previously enrolled in kindergarten, unless excused, must present proof no later than May 31 of the school year of having received an oral assessment by a licensed dentist or other licensed or registered dental health professional. Certain directory information concerning pupils is also available to individuals other than parents [EC 49073]. (Attachment – 2)

It is the District/COE’s practice to provide yearbook and graduating class photographs to newspapers and other publications upon request. The District/COE regards such information as a public record and “directory information” within the meaning of the Family Educational and Privacy Rights Act, “FERPA,” 20 USC 1232g, and Education Code section 49073. The District/COE presumes that unless otherwise notified, it may infer from a student’s participation in yearbook and graduating class photographic activities that it has permission to release student’s photograph. Upon written request from the parent, the District/COE will withhold directory information about the student.

17. District/COE Pupil Discipline Rules:

The rules used by the District/COE pertaining to student discipline are available to all parents upon request [EC 35291]. The rules may require that the parent of a pupil who has been suspended may be required to attend a portion of a school day in the child’s classroom [EC 48900.1].

The District/COE does not discriminate on the basis of disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, age, actual or potential parental, family, or marital status, pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery therefrom, or association with a person or a group with one or more of these actual or perceived characteristics, in any of its policies, practices, or procedures, programs or activities, in compliance with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973 and the Age Discrimination Act of 1975, and related laws and regulations [EC 200; 221.51]. This nondiscrimination policy covers admission and access to, and treatment and employment in, District/COE programs and activities, including vocational education. Inquiries regarding the equal opportunity policies, the filing of grievances or complaints, or to request a copy, free of
charge, of the procedures covering discrimination complaints may be directed to the District/County Superintendent of Schools or the Title IX Coordinator, as appropriate. The lack of English language skills will not be a barrier to the admission and participation in District/COE programs [P.L. 92-318].

19. Services to Students Who are Deaf, Hard of Hearing, Blind, Visually Impaired, or Deaf-Blind:
Services are provided by the State Special Schools. Assessment services and technical assistance are also offered. A pupil whose residence is located within the boundaries of that school district and whose parent or legal guardian is relieved of responsibility, control, and authority through emancipation;
A pupil who lives in the home of a caregiving adult that is located within the boundaries of that school district. Execution of an affidavit under penalty of perjury pursuant to Part 1.5 (Section 6550) of Division 11 of the Family Code by the caregiving adult is a sufficient basis for a determination that the pupil lives in the caregiver’s home, unless the school district determines from actual facts that the pupil is not living in the caregiver’s home;
A pupil residing in a state hospital located within the boundaries of that school district;
A pupil whose parent or legal guardian resides outside of the boundaries of that school district but is employed and lives with the pupil at the place of his or her employment within the boundaries of the school district for a minimum of three days during the school week;
Once a pupil is deemed to have complied with the residency requirements for school attendance pursuant to this subdivision and is enrolled in a school in a school district the boundaries of which include the location where at least one parent or the legal guardian of a pupil is physically employed, the pupil does not have to reapply in the next school year to attend a school within that school district and the governing board of the school district shall allow the pupil to attend school through grade 12 in that school district if the parent or legal guardian so chooses and if at least one parent or the legal guardian of the pupil continues to be physically employed by an employer situated within the attendance boundaries of the school district, subject to paragraphs (2) to (7), inclusive.
A school district may deem a pupil to have complied with the residency requirements for school attendance in the school district if at least one parent or the legal guardian of the pupil is physically employed within the boundaries of that school district for a minimum of 10 hours during the school week.

22. Notice of Alternative Schools:
California law authorizes all school districts to provide for alternative schools [EC 58501] (Attachment - 3).

23. Excuse from Sexual Health Education, HIV Education and Related Assessments:
Parents or guardians of a pupil have the right to excuse their child from all or part of comprehensive sexual health education, HIV prevention education, and assessments related to that education through a passive consent (“opt out”) process. In order to excuse your child, the request must be made in writing to the school district [EC 51938]. You are hereby notified that:
Educational materials used in comprehensive sexual health education and HIV prevention education are available for inspection. Comprehensive sexual health education or HIV prevention education will be taught by school district personnel and/or by outside consultants.
You have a right to request a copy of EC Part 28, Chapter 5.6 – California Healthy Youth Act.

24. Pregnant and Parenting Students:
The District/COE will not exclude nor deny any pupil from any educational program or activity, including class or extracurricular activity, solely on the basis of the pupil’s pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery therefrom [EC 221.51; 222.5; 46051]. Pregnant and parenting pupils are entitled to the following:

Have their pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery therefrom treated in the same manner and under the same policies as any other temporary disabling condition;

Provided with eight weeks of parental leave, (or more if medically necessary) which the pupil may take before the birth of the pupil’s infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the pupil who gives or expects to give birth and the infant, and to allow the pregnant or parenting pupil to care for and bond with the infant;

Return to the school and the course of study in which he or she was enrolled before taking parental leave and opportunities to make up work missed during his or her leave, including, but not limited to, makeup work plans and reenrollment in courses;

Remain enrolled for a fifth year of instruction in the school in which the pupil was previously enrolled when it is necessary in order for the pupil to be able to complete state and any local graduation requirements, unless the District/COE makes a finding that the pupil is reasonably able to complete the local educational agency's graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school;

Provided with alternative education options should the pupil decide not to return from leave; and

Not incur an academic penalty as a result of his or her use of the accommodations.

A complaint for noncompliance may be filed under the District/COE's Uniform Complain Procedures. [See Paragraph 25].

25. Uniform Complaint Procedures “UCP”:

The District/COE maintains a uniform complaint procedure for investigating complaints of: (1) discrimination on the basis of age, sex, sexual orientation, ethnic group identification, race, ancestry, national origin, religion, color, pupil parenting or pregnancy and/or childbirth, or mental or physical disability; (2) complaints of violations of the laws and regulations governing consolidated categorical aid programs, Adult Education, Career/Technical Education, Child Development, Special Education and Nutrition services; and/or (3) violation of state and/or federal law. The District/COE has designated compliance officers to receive and investigate uniform complaints that fall within these categories and ensure compliance with law.

Any individual, public agency or organization may file a written complaint. Complaints alleging unlawful discrimination shall be initiated not later than six months from the date the alleged discrimination occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination. Copies of the complaint form are available from the school or District/COE office. After filling out the complaint form, it should be directed to the Compliance Officer listed above. The compliance officer will investigate the complaint and provide a written report of the investigation and decision within 60 calendar days.

If dissatisfied with the District's/COE's decision, the complainant may also appeal in writing to the California Department of Education within 15 days of receiving the District's/COE's decision.

A complainant may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a state or federal court include, but are not limited to, injunctions and restraining orders. In a complaint of unlawful discrimination, complainant may seek civil law remedies no sooner than 60 days from the filing of an appeal with CDE, except that such time limitation does not apply to injunctive relief.

Additionally, any individual, public agency, or organization may file complaints about specified situations pertaining to instructional materials, emergency or urgent facilities conditions that pose a threat to the health and safety of pupils or staff, and teacher vacancies or misassignments. Such complaints (“Williams Complaints”) are subject to a different complaint procedure. A complaint may be filed anonymously.

For more information concerning the filing of uniform complaints, copies of the Board Policies and Administrative Regulations pertaining to these complaint procedures are available upon request at the school or District/COE offices, or on the District/COE website at www.edcoe.org. (Attachment – 4)

34. College Admission Requirements and Higher Education Information:
   (Districts offering grades 9-12) [EC 48980(l); 51229] (District Attachment – 7)

35. Statutory Attendance Options:
   California law requires school districts to provide an education to any pupil who resides within the district’s attendance area. Although pupils have the right to a free, public education, the law does not guarantee that a pupil can attend the school of his or her choice, or even the neighborhood school.

   Existing statutory attendance options include interdistrict transfer, Allen transfer, intradistrict transfer, open enrollment, ESSA and District of Choice. Parents/guardians should contact the District/COE regarding any and all enrollment options.

   Interdistrict Transfer
   A pupil may attend a school in a district other than the pupil’s district of residence pursuant to an interdistrict agreement between the district of residence and district of desired attendance. Each school district has adopted policies regarding interdistrict attendance. Parents/guardians wishing to register/admit/enroll their pupil at a school other than the designated school that is in their attendance area outside of their school district may obtain an application for interdistrict attendance transfer from the District/COE. Interdistrict transfer agreements must be approved by both the pupil’s original school district of residence and the school district to which the pupil seeks to transfer. The agreement may include terms or conditions. It is within the authority of either the school district of residence or the receiving school district to revoke an interdistrict transfer/reciprocal agreement at any time for any reason the school district governing board or school district superintendent deems appropriate. If a request for an interdistrict transfer agreement is denied, the pupil’s parents/guardians may file an appeal to the county office of education in the pupil’s school district of residence within 30 days of receipt of the official notice of denial of the transfer.

   Allen Transfer
   Education Code section 48204(b) permits a school district to deem a pupil to have complied with the residency requirements for attendance in the school district if at least one parent or the legal guardian of the pupil is physically employed within the boundaries of that school district for a minimum of 10 hours during the school week. School districts within which at least one parent or the legal guardian of a pupil is employed are not required to admit the pupil to its schools. Once admitted to residency, the pupil’s transfer may be revoked only if the parent ceases to be employed within the boundaries of the school district. As a resident, the pupil does not have to re-apply for the transfer to be valid.

   Intradistrict Transfer
   Each school district shall adopt rules and regulations establishing a policy of open enrollment within the district for residents of the district. This requirement does not apply to a school district that has only one school or a school district with schools that do not serve any of the same grade levels. Education Code Section 35160.5(b) permits parents to indicate a preference
for the school which their child will attend, irrespective of the child’s place of residence within the school district, and requires the school district to honor this parental preference if the school has sufficient capacity without displacing other currently enrolled pupils. An intradistrict transfer applies when parents/guardians wish to register/admit/enroll their pupil(s) at a school other than the designated school that is in their attendance area within their school district.

To the extent required and financed by federal law and at the request of the pupil’s parent or guardian, each school district shall provide transportation assistance to the pupil [EC 35160.5 (b)(4)].

Open Enrollment

Education Code sections 48350 through 48361, “The Open Enrollment Act,” provides an option to pupils attending low-achieving schools within their “district of residence” to enroll in schools with higher Academic Performance Indices. The Superintendent of Public Instruction creates an annual list of schools subject to the provisions of the Open Enrollment Act. Parents/guardians of pupils attending any of these schools may apply for admission to a higher achieving school by January 1. The receiving school district (“district of enrollment”) may adopt specific standards for the acceptance and rejection of applications under this provision. These may include consideration of capacity issues as well as the potential adverse financial impact.

Every Student Succeeds Act

Districts may provide alternative supports and public school choice [P.L. 114-95 (2015)].

Parents/guardians who are interested in finding out more about attendance and/or programmatic options should contact the District for more information on the District’s policies, procedures, and timelines for applying for transfers [EC 48980(h) 48204(a)(2), 48660].

37. Electronic Notification:

This notice may be exclusively provided electronically provided a parent or legal guardian has so requested [EC 48981].

38. State Mandated Testing Waivers:

According to Education Code section 60615, if parents/guardians do not want their student to take all or part of the California Assessment of Student Performance and Progress System or other similar standardized test, they are required to submit a written request to the principal of their student’s school. The principal must have this letter prior to the start of each test. Parents/guardians are required to specify the test name in the letter.

40. Foster and Homeless Youth, Pupils of Military Families, Former Juvenile Court School Pupils and Migratory Children:

Foster and homeless youth, former juvenile court school pupils, pupils of military families, currently migratory children, and newcomer program participants in his or her third or fourth year of high school, may be exempted from local graduation coursework requirements that are in addition to state graduation requirements unless the District/COE makes a finding that the pupil is reasonably able to complete the school district’s graduation requirements in time to graduate from high school by the end of the pupil’s fourth year of high school. In addition to other requirements, the District/COE is required to accept coursework satisfactorily completed by a pupil in foster care, a pupil who is a homeless child or youth, a former juvenile court school pupil, a pupil who is a child of a military family, a pupil who is a migratory child, or a pupil participating in a newcomer program while attending another public school, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school or agency even if the pupil did not complete the entire course and shall issue that pupil full or partial credit for the coursework completed. Eligible pupils shall not be required to retake a course if the pupil has satisfactorily completed the entire course in a public school, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school or agency. If the pupil did not complete the entire course, the local educational agency shall not require the pupil to retake the portion of the course the pupil completed unless the local educational agency, in consultation with the holder of educational rights for the pupil, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. If partial credit is awarded the eligible pupil shall be enrolled in the same or equivalent
course, if applicable, so that the pupil may continue and complete the entire course. An eligible pupil shall not be prevented from retaking or taking a course to meet the eligibility requirements for admission to the California State University or the University of California. A complaint for noncompliance may be filed under the District/COE’s Uniform Complain Procedures. [See Paragraph 25] [EC 51225.1 et. seq.]. 46. **Earned Income Tax Credit Information Act:**

   Based on your annual earnings, you may be eligible to receive the Earned Income Tax Credit from the Federal Government (Federal EITC). The Federal EITC is a refundable federal income tax credit for low-income working individuals and families. The Federal EITC has no effect on certain welfare benefits. In most cases, Federal EITC payments will not be used to determine eligibility for Medicaid, Supplemental Security Income, food stamps, low-income housing, or most Temporary Assistance for Needy Families payments. Even if you do not owe federal taxes, you must file a federal tax return to receive the Federal EITC. Be sure to fill out the Federal EITC form in the Federal Income Tax Return Booklet. For information regarding your eligibility to receive the Federal EITC, including information on how to obtain the Internal Revenue Service (IRS) Notice 797 or any other necessary forms and instructions, contact the IRS by calling 1-800-829-3676 or through its website at www.irs.gov. You may also be eligible to receive the California Earned Income Tax Credit (California EITC) starting with the calendar year 2015 tax year. The California EITC is a refundable state income tax credit for low-income working individuals and families. The California EITC is treated in the same manner as the Federal EITC and generally will not be used to determine eligibility for welfare benefits under California law. To claim the California EITC, even if you do not owe California taxes, you must file a California income tax return and complete and attach the California EITC Form (FTB 3514). For information on the availability of the credit eligibility requirements and how to obtain the necessary California forms and get help filing, contact the Franchise Tax Board at 1-800-852-5711 or through its website at www.ftb.ca.gov.

PPRA Model Notice and Consent/Opt-Out for Specific Activities

The Protection of Pupil Rights Amendment (PPRA), 20 U.S.C. § 1232h, requires school districts to notify you and obtain consent or allow you to opt out of participating in certain school activities. These activities include a student survey, analysis, or evaluation that concerns one or more of the following eight areas (“protected information surveys”):

1. Political affiliations or beliefs of the student or student’s parent;
2. Mental or psychological problems of the student or student’s family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or student’s parents; or
8. Income, other than as required by law to determine program eligibility.

This requirement also applies to the collection, disclosure or use of student information for marketing purposes (“marketing surveys”), and certain physical exams and screenings. Policies regarding these rights may be obtained from the school district.

Parents who believe their rights have been violated under this section may file a complaint with the Family Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, DC 20202-5901.

Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) the right to access the student’s education records. Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

Additionally, parents or eligible students maintain the right to request the amendment of the student’s education records that the parent or eligible student alleges the records contain:

a) inaccuracy, or
b) unsubstantiated personal conclusion or inference, or
c) conclusion or inference outside of the observer’s area of competence, or
d) data is not based upon the personal observation of a named person with the time and place of the observation noted, or
e) misleading information/conclusions, or
f) violations of the student’s privacy or other rights.

Parents should write the School principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it is inaccurate. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

Parents or eligible students maintain the right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

Another exception permits disclosure of appropriately designated “directory information” without written consent, unless parents have advised the School to the contrary in accordance with school district procedures. The primary purpose of directory information is to allow the School to include this type of information from a student’s education records in certain school publications (e.g., yearbooks, honor roll lists, sports activity sheets). Directory information, which is information that is not
generally considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent’s prior written consent. In addition, schools are required to provide military recruiters, upon request, with secondary students’ names, addresses and telephone listings unless parents have advised the school that they do not want their student’s information disclosed without their prior consent.

The School has designated the following information as directory information: student’s name, participation in officially recognized activities and sports, address, telephone listing, weight and height of members of athletic teams, e-mail address, photograph, degrees, honors, and awards received, date and place of birth, major field of study, dates of attendance, grade level, and the most recent educational agency or institution attended. If parents do not want the School to disclose directory information from their child’s education records without prior written consent, they must notify the School in writing [10 U.S.C. § 503, 20 U.S.C. § 7908, 34 C.F.R. § 99.37].

Parents or eligible students maintain the right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-4605.

Immigration Status
“Know Your Rights”

Your Child has the Right to a Free Public Education

- All children in the United States have a Constitutional right to equal access to free public education, regardless of immigration status and regardless of the immigration status of the students’ parents or guardians.
  - In California: All children have the right to a free public education.
  - All children ages 6 to 18 years must be enrolled in school.
  - All students and staff have the right to attend safe, secure, and peaceful schools.
  - All students have a right to be in a public school learning environment free from discrimination, harassment, bullying, violence, and intimidation.
  - All students have equal opportunity to participate in any program or activity offered by the school, and cannot be discriminated against based on their race, nationality, gender, religion, or immigration status, among other characteristics.

Information Required for School Enrollment

- When enrolling a child, schools must accept a variety of documents from the student’s parent or guardian to demonstrate proof of child’s age or residency.
- You never have to provide information about citizenship/immigration status to have your child enrolled in school. In addition, you never have to provide a Social Security number to have your child enrolled in school.

Confidentiality of Personal Information

County Office of Education employees shall establish student safety as a high priority and shall not tolerate bullying of any student.

No student or group of students shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel.

Cyberbullying includes the transmission of harassing communications, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person’s electronic account and assuming that person’s identity in order to damage that person’s reputation.

Strategies for bullying prevention and intervention shall be developed with involvement of key stakeholders in accordance with law, Board policy, and administrative regulation governing the development of comprehensive safety plans and shall be incorporated into such plans.

Bullying Prevention

To the extent possible, school strategies shall focus on prevention of bullying by establishing clear rules for student conduct and strategies to establish a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for perpetrators of bullying.

School staff who witness bullying shall immediately intervene to stop the incident when it is safe to do so.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print and electronic or digital messages sent to them that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated.

**Discipline**

Any student who engages in bullying on school premises, or off campus in a manner that causes or is likely to cause a substantial disruption of school activity or school attendance, shall be subject to discipline, which may include suspension or expulsion, in accordance with County Office policies and regulations.
