## Messaces of

 $\&^{\text {WELCOME }}$November 4, 2017

Dear Families, Friends, Sponsors, Faculty, Staff, and Supporters,

On behalf of the entire event committee, it's my honor and pleasure to welcome you to our 2017 Gala \& Auction, A Night Along The Nile.

Tonight would not have been possible without the selfless donation of time, treasure, and talent by so many, including our sponsors, donors, room parents, office staff, and faculty. I owe a tremendous debt of gratitude to our event committee volunteers and staff who read more email messages and reviewed more spreadsheets than should be required of anyone. I am more appreciative of your work than I could ever express properly - even if I used up every page in this program trying. A special thanks to our procurement team, class baskets, and silent auction chairs who helmed the most labor-intensive aspects of this evening so that we could have so many lovely items over which to engage in bidding wars.

Sometimes, fundraising can feel like a chore. Not so in our community, where so many live according to the prayer of our patron Saint by recognizing that it is truly in giving that we receive.

By being here tonight, we receive the gift of friendship and fellowship with one another. And after we give to St. Francis tonight, our children receive the gift of inclusive and enriched classrooms, invigorated learning spaces, and dedicated teachers who want to see our kids succeed as much as we do.

As you give tonight, remember that every dollar we raise benefits each and every child at St. Francis of Assisi Elementary School - mine and yours.

Thank you for being here tonight - your generosity will make a lasting, measurable impact in the lives of our children.

Yours in giving,
Christiana Dominguez
Event Chair

## Dear St. Francis Family and Friends,

In October 1226, in the final days of his life, St. Francis left the Franciscans with some lasting thoughts and words. He said to them, "I have done what is mine to do, may Christ teach you what you are to do." For almost 800 years, the Franciscans have been living out this mission and tradition. Since November 5, 1895, St. Francis of Assisi Elementary School has continued to strive in this message through our loving service and formation of the thousands of young people that have walked the halls and lived the experiences of our great school. And tonight is no exception. We gather together, as a community of friends doing "what is ours to do," in support and dedication to St. Francis of Assisi Elementary. We carry on the words of St. Francis himself during A Night Along the Nile here at the Dante Club. As a family, we have accomplished so much, and for 122 years, have made our amazing school what it has become and continue to find new ways to propel our Sacramento landmark forward for the benefit of current and future generations of families and students.

This wonderful event would not be possible without the commitment and hard work of the many sponsors, volunteers and those that have served us. With this, our biggest thanks and appreciation go out to our event chair, Christiana Dominguez and all those committee members that have helped her this evening. Christiana has guided this effort and made this auction and gala memorable, rewarding, and full of joy. We also extend our deepest gratitude to all of our benefactors, donors, and gracious parishioners who continue to believe in and support St. Francis. To our families of yesterday, today and tomorrow, we exist because you have entrusted your children to us all these years. Thank you for your faith and love. And finally, none of this would be possible without the love, grace and presence of our incredible faculty and staff and the love and care of the parish. Our entire community is indebted to their vocation, faith and devotion. Without their unwavering loyalty to our students and school, we would not be able to do "what is ours to do" in the peace and love of Francis.

For all who are gathered here tonight, whether in body or in spirit, on behalf of our Pastor, Fr. Desmond O'Reilly, we thank you. We are deeply touched and so incredibly encouraged for all that lies ahead. In 2013, Pope Francis defined Catholic education in our world. He said the "educating is not a profession, but an attitude, a way of being. In order to educate... we must accompany our young people in the stages of their growth and to set ourselves beside them. Give them hope and optimism for their journey in the world." This is "what is ours to do," together. It is in this spirit that you all have contributed, in your own unique way, to making this evening remarkable. Although we have come together this evening for the financial benefit of our school, the most essential element is in keeping the tradition and legacy of St. Francis of Assisi Elementary School growing... to walk beside our children, our present and future, to give hope and optimism. Truly together, let us embrace these words and continue as St. Francis and St. Clare call us to do what is ours to do... for our children.

In Sincerest Gratitude,

Fr. Desmond O'Reilly
Pastor
