

Saints Peter and Paul School – Teacher Survey Results  
October 7, 2020

The School Mitigation Plan meets or exceeds all SFDP, city, county and state guidance.  
23 responses

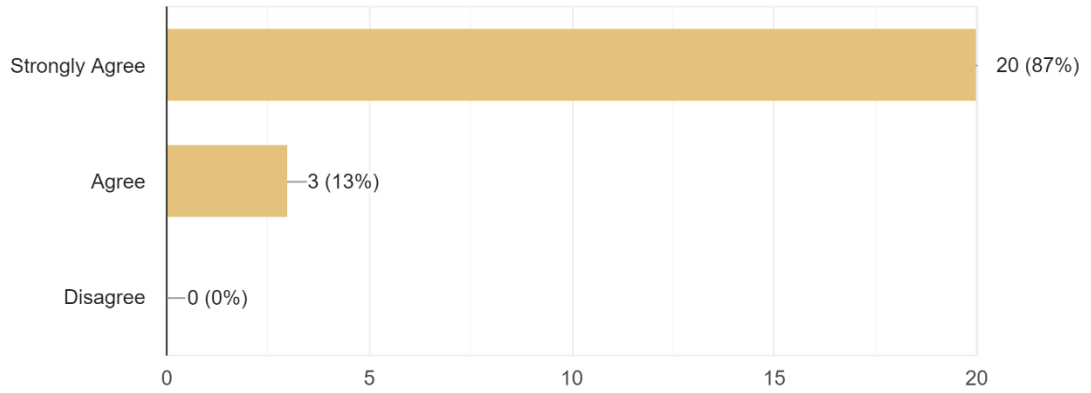

The Administration and Leadership of the School has given ample time for me to read and become familiar with the Mitigation Plan.  
23 responses

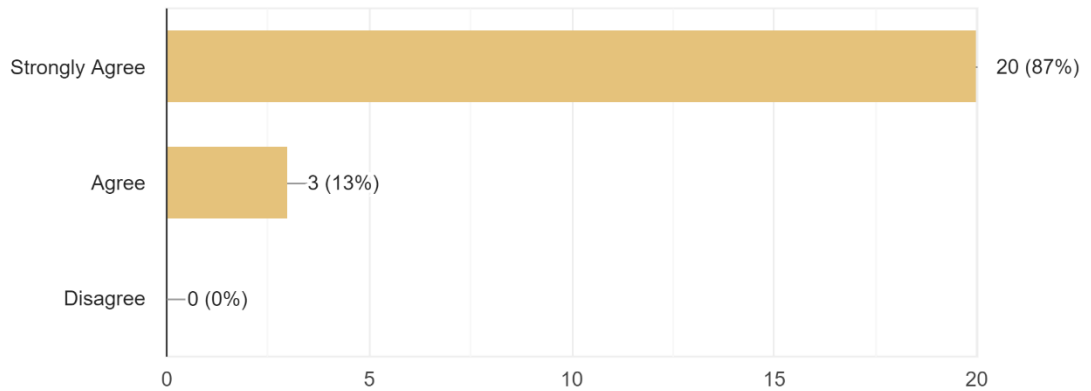

The Administration has provided consultation time for conversation, comments and concerns.

23 responses

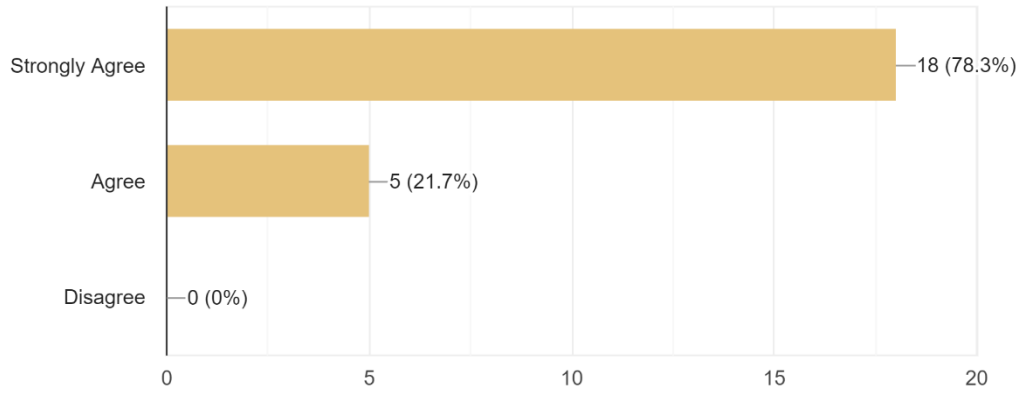

The School has enhanced cleaning and disinfecting by hiring additional janitorial services and purchasing EPA approved disinfecting products.

23 responses

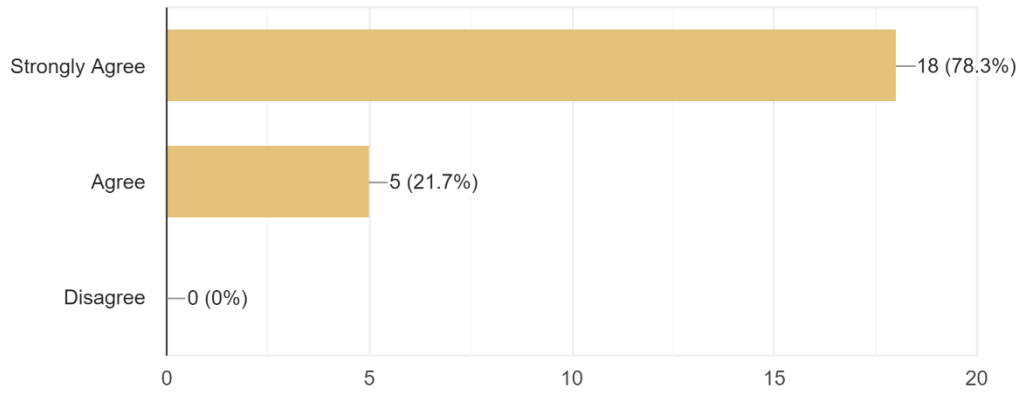

The School will provide the faculty/staff with needed PPE.

23 responses

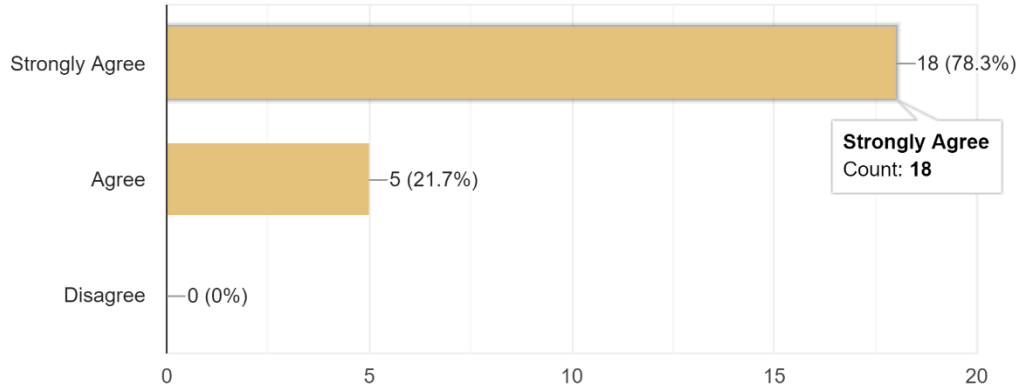

I feel that the Pastor and Principal addressed teacher and staff concerns and did not move to apply for an early waiver thus allowing for teachers t...til the city statistics had dropped to a safer level.

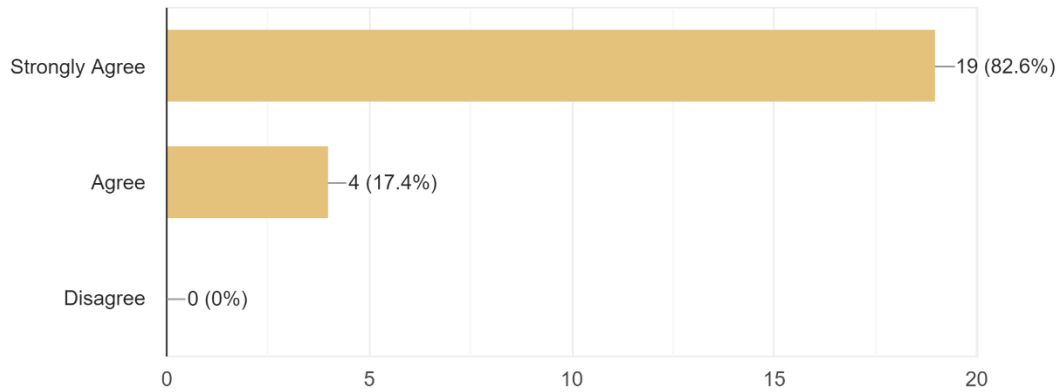

23 responses

In order for San Francisco schools to reopen, the city has mandated an application process. The DCS has initiated the application process for all ...gered, measured approach for the return to campus.  
23 responses

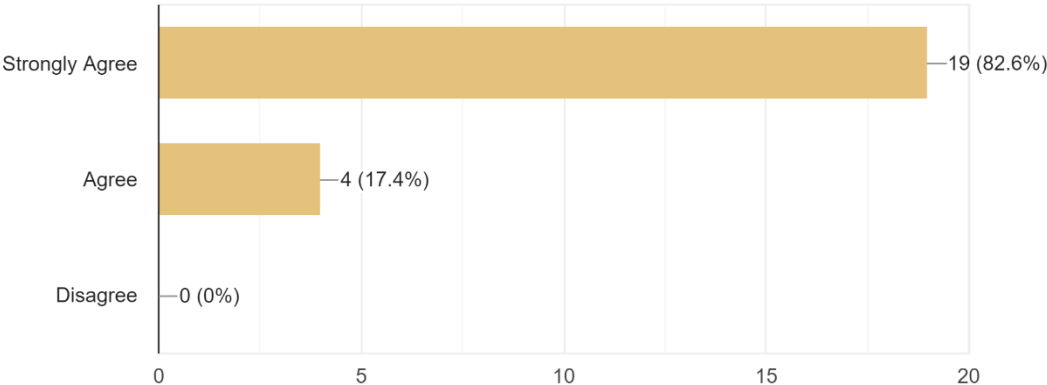

As we return to school, I feel that the faculty and staff will work well to enforce all safety and hygiene measures.  
23 responses

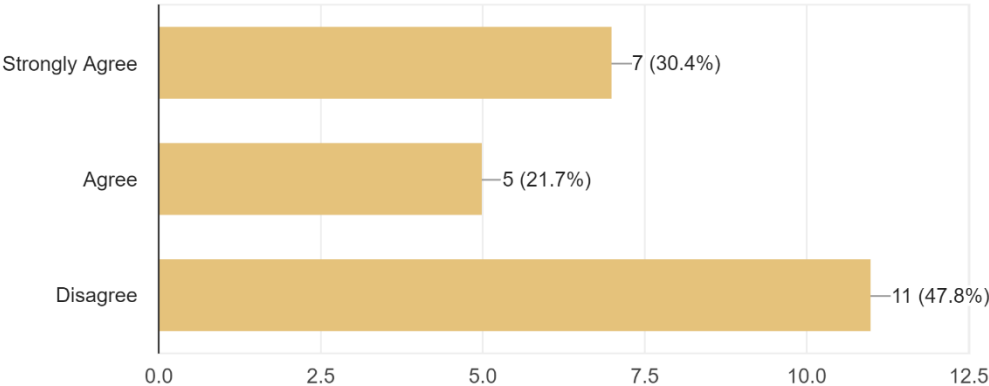

It is clear that a mitigation plan makes every attempt to keep people safe but there is not a 100% protection against COVID-19.

23 responses

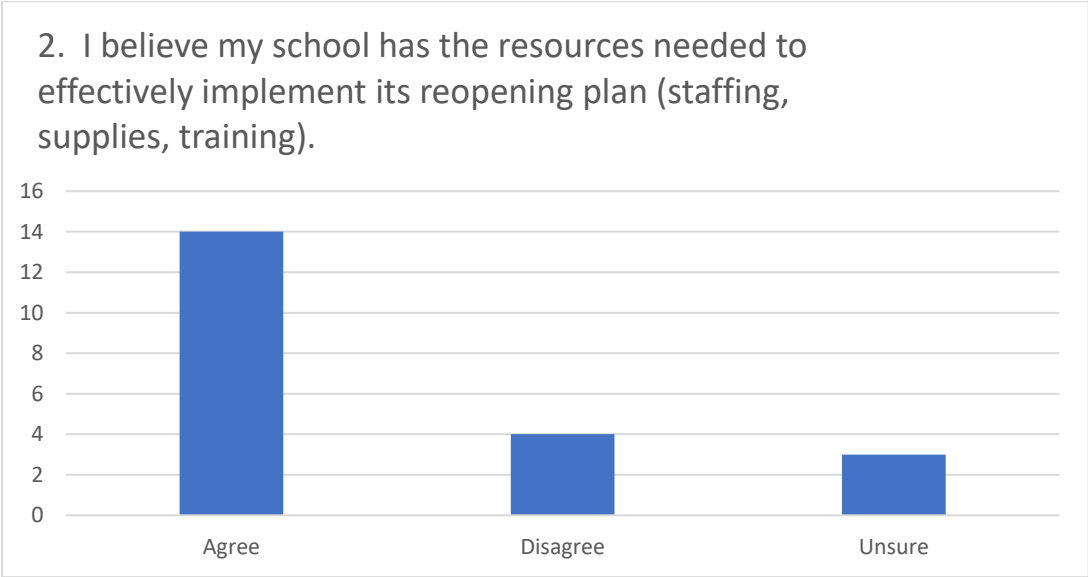

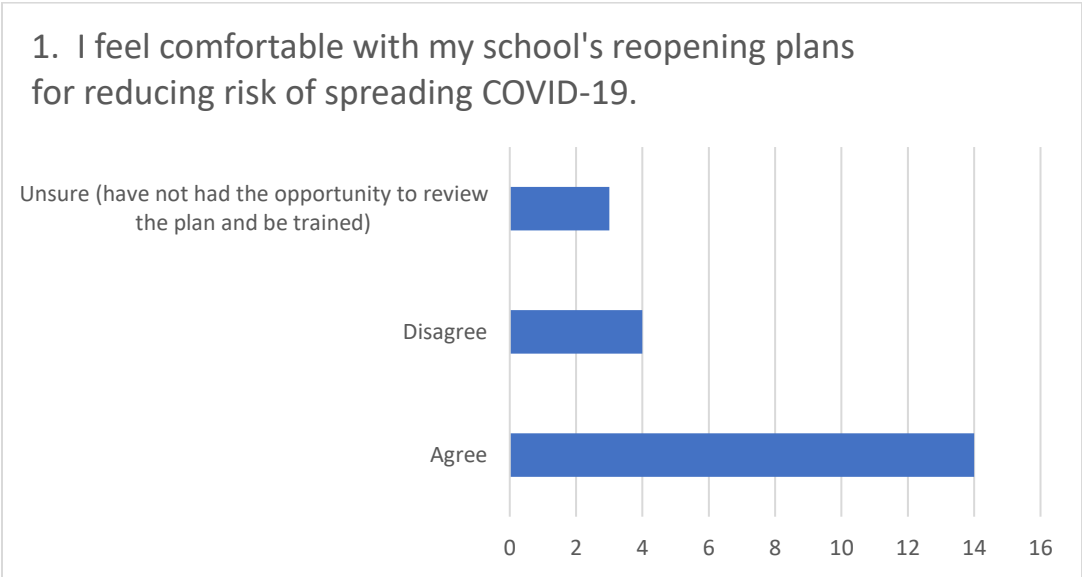

I feel prepared to return to school in person following the staggered reopening plans.
