To Our Future Saint Joseph Catholic School Family,

We hope that you and your family are healthy and safe during this health crisis. As prospective members of St. Joseph Catholic School and the Diocese of Sacramento, we hope you know that we already consider you to be a part of this family. We wanted to keep you in the loop on what’s happening in our community.

Like all local schools, we have temporarily closed our campus for the safety of students and teachers. Despite this, our community continues to thrive both academically and socially!

Our teachers implemented an active Distance Learning program last Monday morning for all grades. From kindergarten to 8th grade, our students have continued with all aspects of their education. Core subjects including reading, language, math, social studies and science continue so that students stay on track with meeting state requirements. Additionally, the enrichment courses that make our program strong continue as well! Students are still receiving all of their instruction in Spanish, art and physical education.

Our Catholic faith remains at the center of our education, both as a subject to be learned and a faith to be practiced. This week we launched our school wide community service effort to continue our mission to serve as the Body of Christ. Our students will be writing and sending letters to those who are currently in isolation.

True to our mission, we also remain an active community during this time of social distancing. The older students and their teachers are connected daily through online learning, video chats, phone calls and texting. Parents are receiving daily communication from administration and teachers via email. And perhaps most importantly, our families remain engaged with one another through our private social media groups and Google Meet. These platforms have allowed parents and guardians to share photos, videos, ideas, and most importantly seek support. This network of support has united us in a time of social isolation.

It is our promise to keep you updated with Kindergarten Round-Up information and important enrollment dates. Please do not worry as we are here to walk with you every step of the way.

If there is any way that our SJCS community can support you during this time, please do not hesitate to contact me at joliver@saintjosephauburn.org. And, don’t forget to follow us on Facebook and Instagram @sjcsauburnca to see posts, pictures, and updates from our school.

“As a body is one though it has many parts, and all the parts of the body, though many, are one body, so also Christ.” (1 Cor 12:12)

Together in Faith,

Jenny Oliver, Principal
